

The next time you don't feel just right, let us buy a 50-cent bottle of Psychine from your druggist to give you to cure your indisposition and prevent worse ailments.

This being ill is curious business. It usually commences in a subtle fashion, almost unconsciously. Yet if you do not check your illness, it grows and grows. And one fine day you find you're sick.

The greatest scavengers of the body are the white corpuscles, or phagocytes in the blood. These white corpuscles attack and eat up every germ of disease that invades the body. That is when they are strong enough and in sufficient numbers. If they're not strong enough, then they wage an unequal warfare until they are finally overcome by their more powerful enemies. The body becomes steadily sicker and sicker until actual disease sets in.

Now, we have had all sorts of so-called cures. And a great many people have seriously endangered their health experimenting with them. But years ago—before even science was able to tell we had the right treatment for disease—viz., herbs, nature's own remedies. Now that science can tell to an absolute certainty, we know why certain herbs cure disease. Because they strengthen and increase the white corpuscles or phagocytes.

A third of a century ago Psychine made remarkable cures. To-day it is making remarkable cures. In the interim, millions of bottles of Psychine have been sold. Hundreds of thousands of people made well and kept well. Why? Because Psychine is largely made up of those herbs that scientists now know increase and strengthen the white corpuscles, the phagocytes. That's why we have received hundreds of thousands of unsolicited testimonials, that's why we can afford to buy and give away hundreds of thousands of 50-cent bottles of Psychine, that's why Psychine benefits these diseases:

La Grippe
Bronchitis
Weak Lungs
Hemorrhages
Sore Throat
Anemia
Female Weakness
Indigestion
Poor Appetite
Chills and Fevers
Sleeplessness and Nervous Troubles
After-effects of Pleurisy, Pneumonia and La Grippe.

Bronchial Coughs
Weak Voice
Spring Weakness
Early Decline
Catarrhal Affections
Catarrh of Stomach
Night Sweats
Obstinate Coughs
Laryngitis and Dyspepsia

Now we don't ask you to take our word for the tremendously beneficial effects of Psychine. Fill out the coupon below, mail it to us and we'll give you a 50-cent bottle of Psychine (for which we pay him the regular retail price) for a 50-cent bottle of Psychine to be given you free of cost.

We will undoubtedly buy and distribute in this manner, hundreds of thousands of these 50-cent bottles of Psychine.

And we do that to show our entire confidence in this wonderful preparation.

A confidence that has been based on our 30 years' experience with this splendid preparation, with a full knowledge of the hundreds of thousands of cures it has made.

STRANGE STORY FROM HALIBURTON IS IT A MISSING BALLOON?

A resident of Haliburton, who arrived in town this morning, tells a very strange story concerning the alleged appearance of what is supposed to be a balloon in the north country.

He states the strange craft was seen by several settlers, floating at a great distance in the air on Wednesday about dusk and also on Thursday morning. His informants are, he claims, thoroughly reliable and trustworthy residents of the county, and their statements are corroborated by members of their family.

Some seem to think that the strange object is the balloon Helvetia, in charge of Colonel Schack and Paul Armbruster, but such is not the case, as these gentlemen landed in Pontiac county Wednesday at 6 p.m. The balloons Dusseldorf, Azura American, and the Germania are all floating over this country, and it may be possible that one of the number has been seen by the parties in question. Stranger things have happened.

The following despatch received today goes to show that the balloons are hovering over Northern Ontario: Haliburton, Ont., Oct. 21.—There is little doubt that the balloon Germania, which was last seen at Little Current, Manitoulin Island, has gone over into unexplored Northern Quebec, and so sparsely is this part of the country settled that it may be some time before it is heard from.

The last seen of the balloon was as it was sailing above Lake Temiskaming on its way into the Northern wilderness. Its course was plainly northeast from Little Current, Manitoulin Island, over Sudbury, Wahna-

Recent Meeting Of Presbytery

The Presbyterian: The Presbytery, at the September meeting transacted with characteristic despatch, a docket containing much important business. Rev. C. S. Lord, moderator, presided.

Mr. H. Young, Mr. Wesley, the moderator, and several elders reported their attendance at the Assembly, and expressed admiration for the statesmanship of the fathers and brethren of that August court. Synod clerk of the Presbytery, Rev. Mr. Best was expressed for the esteemed and Mrs. Best in the recent loss by death of their beloved child. The discussion of the Church Union Remit is to take place at the meeting, the morning seditur to be devoted to the matter.

The congregation at Kinmount and associated stations are prospering greatly under the ministry of Rev. John Terry. A new church is to be built at Cobocok, and it is expected the dedication will take place early in the new year. The Presbytery expressed its hearty appreciation. Mr. Terry has been called back to his old home in Outlook, Sask., by the serious illness of Mrs. Terry and two of their children, who are suffering from typhoid fever. We are pleased to learn that all three are slowly convalescing.

The Presbytery's augmentation committee are making a determined effort to bring all the congregations with its jurisdiction, up to the increased minimum of \$900. To that end an exchange of pulpits has been arranged for in the near future. We expect to report success in every case. The people are willing and able, and of the need of the increase nobody doubts.

Sister Andrian Laid To Rest

Examiner: The funeral of Sister Andrian, who died on Monday morning in St. Joseph's hospital, as a result of an operation, took place Wednesday morning at 9 o'clock from the chapel of the Sacred Heart, Mt. St. Joseph. The ceremony was very touching and impressive. Presiding in the Sanctuary were the Rev. Father McGuire, Downeyville; Rev. Dr. O'Brien, Sacred Heart; Rev. Father Kelly, Norwood; Rev. W. J. McColl, St. Peter's Cathedral; Rev. Father Toner, Rev. J. McAuley, Sacred Heart, and Rev. Father Casey, St. Peter's Cathedral. Solemn Requiem High Mass was offered up by Revs. Father McGuire, with Fathers McAuley and Kelly as deacon and sub-deacon, and Rev. Dr. O'Brien master of ceremonies. The chief mourners were Sister Aquinas, North Bay, Sister, and Mr. Jas. Noonan, Mount Forest, brother. Dr. McNulty, Inspector O'Brien, Mr. W. O'Brien, Mr. Giroux, Mr. Letellier and Mr. Picard acted as pall-bearers. The boys of St. Peter's school attended en masse. Rev. Dr. O'Brien officiated at the grave. In a long discourse after the absolution, Father McGuire touchingly referred to the deceased as one of the best friends he ever knew and extended his sympathy to the bereaved community.

Judge Harding At Campbellford

Campbellford, Oct. 20.—A large gathering of the Masonic fraternity took place here last night on the occasion of the celebration of the 50th anniversary of Golden Rule Lodge No. 126. Amongst the many distinguished brethren from all parts of the province were Judge John R. Harding, Lindsay; H. H. Post, D.D. G.M., Wellington; W. H. Walkey, P. D.D.G.M., H. R. Kenner, G.J.W.; W. S. R. Murch, Kingston, a number of W.M. and many brethren attended from the neighboring towns. The work in the Fellow Craft Degree was ably exemplified by W.M.A. C. Watson and his officers. Mr. Stewart Cick as the only representative of the lodge fifty years ago, was presented with a gold headed cane, and Mr. C. Monsley with a P.M. jewel. After the ceremony a banquet was given, when speeches and singing helped to pass away a most agreeable evening. Over a hundred guests were present.

DR. MASON M.P. INJURED IN RUNAWAY ACCIDENT ON FRIDAY

(From Monday's Post)
Dr. Mason, M.P.P., of Fenelon Falls was the victim of an unfortunate accident on Friday.

In company with Mr. Erskine, License Inspector, he was driving from Dorset to Minden. A dog ran out on the road and hit at the horse's heels, with the result that the animal bolted. Mr. Erskine, who was driving, jumped to save himself, and received a severe shaking up. The doctor, however, got caught in the wheels and was seriously injured. Three of his ribs were broken, and he sustained other painful injuries.

He was taken to Minden where a physician attended him, and at Kinmount Dr. White was called in. He afterwards left for his home in Fenelon Falls, where he is resting as good as can be expected. His friends will regret to hear of his accident.

Wm. Brown's Painful Accident

Lost A Toe in Launch Accident the Other Day

Mr. Wm. Brown met with a serious accident the other day when running his launch, the Retta, down to Sturgeon Point. During the trip while he was acting engineer, some one asked him to close the window beside him on account of the cold wind and in rising from his seat to do so, his left foot slipped and became entangled in the engine coupling. In an instant the large toe was wrenched off and the foot began to be torn by the bolts which were rapidly revolving. Mr. Jos. Brown who was steering felt the engine slow down, and looking around saw Will lying on the floor. At the same time another member of the party shut off the steam. Stimulants brought the unfortunate young man out of his semi-conscious condition and the wound was temporarily dressed. The launch was headed at full speed for town, the accident having occurred in the bay and medical assistance obtained in town.

It will be quite a time before Mr. Brown will be able to walk again though it will not likely confine him to his room closely for a long time.

Option On Stoney Lake Steamers

Review:—Rumor has it that the Canadian Pacific Railway is negotiating with the Stoney Lake Navigation Company with the object of making a big change at Stoney Lake.

One story has it that the railway has secured an option in the boats of the Navigation Co. and also on Thompson's Hotel at Mt. Julian; and the hotel at Oak Orchard, but so far as the latter business is concerned, the Review is informed by Mr. Perry Alexander, that he proposes to retain possession.

Another story is to the effect that the deal is practically closed with the Navigation Company. However no positive verification is at hand. There is no doubt that if the railway stretched out as stated above, Stoney Lake as a summer resort would receive a great boom.

Big Convention on Temperance

After the service at the Presbyterian church last evening a meeting was held of those interested in the advance of temperance and it was decided to hold a convention of temperance workers from all parts of the county in Lindsay on November 17th for the purpose of forming a county association for the advancement of temperance.

Peterboro Cheese Prices

The regular fortnightly meeting of the Peterboro Cheese Board Wednesday morning was featured by the purchase of the entire board by Ald. Gillespie, of 3,147 cheese. The bidding was opened at 11 cents by Mr. Watkins, and raised to 11-16 cents by Mr. Morton. Mr. Gillespie went 11-8 cents, and in his selection called every factory.

Moving Near Lindsay

Mr. Albert Pogue, of Bury's Green, has recently purchased the Davey farm near Lindsay and has commenced plowing thereon. Mr. Pogue and family will be pretty well missed in our neighborhood, and other many friends wish for their success and prosperity in their new home. They do not move till spring, and that date itself is too soon to lose good neighbors.—Independent.

Reject Proportional Representation.

Berne, Switzerland, Oct. 24.—Switzerland has rejected the constitutional amendment providing for a system of proportional representation in the elections for the national council. The vote as announced is 232,660 to 232,600 against the amendment.

A Big Power Company.

Ottawa, Oct. 24.—The Manitoba Power Co., with a capital of five million dollars, has been incorporated, with headquarters in Winnipeg.

Orillia And a New Station

Packet: It is safe guessing that after the advent of the C.P.R., the Grand Trunk will not long remain satisfied with its present station. The question of improved passenger facilities, is indeed, now under consideration by the officials of this division. One proposal which has been made is to make the new line which the C.P.R. is building to replace the old Northern, the main line, instead of the old Midland line, which is at present in use, and to build a new station at the corner of Front and King streets. This would do away with the need for crossing over the Y in order to get into the station yard—a present source of danger and annoyance to passengers. The new line also has a much better grade than the present one. It would also eliminate the curves between Orillia and Atherley. This plan is probably the real reason why the G.T.R. insisted on the C.P.R. building a new line to replace the portions of the old Northern, of which they wished to make use.
