

ECUMENICAL CONFERENCE IN SESSION EIGHT HUNDRED DELEGATES ATTEND

Toronto, Oct. 4.—With the drop of the gavel this morning at 10 o'clock, in the hands of the president, Rev. A. Carman, D.D., in the Metropolitan Methodist Church in Toronto, the Ecumenical Conference of Methodism for the fourth time, was in full swing, and will go down in history as one of the greatest and most important religious gatherings ever brought together in the world's history, representing 80,000,000 adherents and with delegates present from every part of the inhabited world. The word "ecumenical" derived from the Greek, means "from all the earth," and is well chosen for this representative body.

At the opening of the conference this morning, the official sermon was preached by Rev. Henry Haigh of Newcastle-on-Tyne, England, president of the Wesleyan Methodist Conference. The morning session concluded with the administering of the Sacrament of the Lord's Supper, by Bishop J. M. Walden, D.D., Bishop A. W. Wilson, D.D., Bishop B. F. Lee, D.D., Rev. Henry Haigh, Rev. Edwin Dalton and Rev. George Packer, Bishop A. W. Wilson, D.D., of Baltimore, bishop of M. E. Church South, for thirty years, will preach at the afternoon session, beginning at 2.30. After devotional services by Rev. J. E. Dickey, D.D., will follow the election of officers on nomination of business committee.

Addresses of welcome were delivered by Rev. Wm. Briggs, D.D., Bishop J. W. Hamilton, D.D., Bishop H. B. Parks, D.D., and Bishop E. E. Hass, D.D., and will be responded to by Rev. Henry Haigh, Rev. S. S. Henshaw, Sir Robert W. Perks, Bart., and Mr. R. W. Essex, M.P.

The ecumenical conference meets once in every ten years, and this meeting is the second one to be held on this side of the Atlantic, the first, which was the second ever held, was in Washington, D.C.

Two hundred of the five hundred delegates present represent the eastern section, which includes all who cross the ocean, while the other three hundred represent the western section, comprising the whole of the American continent.

There is installed for the convenience of the delegates a branch of the postoffice in the church, where mail will be delivered and despatched to all parts of the world. Among the many social events which will take place during the conference, which lasts from Oct. 4 to 17, will be a reception at the City Hall tomorrow at 4.30 p.m., and on Saturday afternoon his honor the Lieutenant-Governor will give a garden party on the grounds of the Government House. Covers will be laid for 800 at a banquet to be given the delegates in Massey Hall by the Methodist Social Union on Friday evening.

FIRE HALL DESTROYED

Quebec, Oct. 4.—Buried in the debris, the body of Fireman Labarre of No. 4 station was taken out by his comrades last night at 10.30 from the ruins of No. 3 fire station, which was utterly wrecked by fire which broke out shortly after 11 o'clock yesterday morning. The blaze was attended with a number of sensational incidents, the fire spreading so rapidly that the whole station was a mass of flames within a few minutes, and the occupants in the upper stories were cut off by the blaze. Mrs. Savard, the widow of Fireman Savard, who was buried Monday, had to jump from the third storey to save herself, and sustained injuries which may prove fatal, and Mrs. Lemelin and Messrs. Louis Lanouette and Telesore Savard, who also jumped, were more or less seriously injured.

While the firemen were at work the floor suddenly collapsed and four men were hurled into the cellar. All managed to escape except Labarre, who was pinned under a heavy beam, and covered with the falling debris. The occupants of the upper stories from death. The two women who jumped in an endeavor to catch the ladder, which was a storey below them, were badly injured, but at last Mrs. Savard was rescued. She was doing well. Mrs. Savard was caught in the rungs of the ladder and remained suspended head downward struggling for some time in the midst of the flames which were bursting out of the windows. The fire is supposed to have started in the stables.

Resists Arrest to Death.
Jonesville, Va., Oct. 4.—In a fight between a sheriff's posse and kinsmen of a young woman wanted as a murder trial witness at Gibson's Station, Va., yesterday, a deputy sheriff was killed and two other officers wounded, one fatally.

The posse was beaten off, and another has been organized here to regain the bodies of the victims and arrest the men who did the shooting. The posse, headed by James Collins, went to the house of George Smith, near Gibson's Station, Va., to arrest Mrs. Zaida Denny Barnett, as a material witness against her brother, Charles Denny, accused of murder. Mrs. Barnett was willing to go with the officers, but her kinsmen, the Smiths, fired on them.

Earl Grey in Montreal.
Montreal, Oct. 4.—The Excellencies Earl and Countess Grey and the Ladies Sybil and Evelyn Grey arrived in Montreal last evening. Last night they attended a reception at the Mount Royal Club.

This morning His Excellency officially unveiled the statue in memory of the late John Young, who did so much for the development of the port, and will then take a trip around the harbor in one of the harbor commissioner's tugs.

In the evening a banquet will be tendered His Excellency at the Windsor Hotel.

Tailor Nearly Smothered.
Toronto, Oct. 4.—Fire caused by gas tailor's irons imprisoned Philip Cohen, in the cellar of his tailor shop at 504 West Queen street, yesterday morning. The blaze did \$1,200 damage to the premises.

Cohen lit the irons at 7 o'clock in the morning and then went into the cellar. When he went to go up he found his way blocked with smoke and flames. So much smoke found its way into the cellar that he was unconscious when a window which he had been unable to break had been driven in and he was carried out.

Favored Nations Again.
Washington, Oct. 4.—The question of admitting wood, pulp and paper into the United States from all countries free of duty, as a result of the only operative section of the Canadian reciprocity agreement, was officially raised in the Treasury Department yesterday.

No More Men Needed.
Chicago, Oct. 4.—No more men will be hired at present to fill the places of strikers on the Illinois Central Railroad, according to a statement issued last night from the office of Vice-President Park.

Black and White.
The negroes of South Africa have finer preserved teeth than any other race in the world. It is remarkable that they should be able to hold their own in the dental sense, with their more civilized competitors, since they are so careless in regard to everything else. But the manner in which they look after their teeth is even more remarkable than the results they achieve. Twigs from trees, cut to a fine pencil-point, are the only brushes they know of. Yet when a Kaffir smiles one is afforded one of the best studies in black and white that human nature can provide.

St. Cuthbert's Comb.
It was formerly the custom to bury comb with the dead, which clearly shows that these articles of the toilet had sacred significance in the eyes of the people of the old world. The comb buried with St. Cuthbert and now preserved at Durham, England, is of ivory and measures six and one-half inches in length and four and one-half inches in width. It is ascribed to the eleventh century and has a double row of teeth, divided by a broad, plain band, perforated in the middle with a round hole for the finger.

CONTAINS NO ANIMAL OIL OR FAT NOR ANY MINERAL. PURELY VEGETABLE. RUB IT IN.

Latest War Despatches

London, Oct. 4.—The last official word from Tripoli comes from Vice-Admiral Faravelli, who notified the Italian Government that he had given the Turkish commander until noon Tuesday to surrender.

A special edition of the Rome Tribuna publishes the statement that the Italian cruisers entered the harbor of Tripoli Tuesday afternoon, bombarded the forts and the governor's castle, made a landing and hoisted the Italian flag.

The most important naval capture of the war so far is that of the Turkish transport Sabah, with a Turkish general, a large contingent of troops and much ammunition aboard.

Corfu reports that the Duke of Abruzzi, in command of a torpedo flotilla off Prevesa, threatens a bombardment of that place.

The Porte's appeal to the powers has been answered by the powers to the effect that they cannot offer mediation until a basis of settlement is suggested on the lines of the Italian demands.

Letz reports from Constantinople that the new Cabinet has been nominated and that it will continue the policy looking to mediation.

The Turkish battleships and a cruiser have been sent to reinforce the squadron in the Dardanelles. Turkey, it is stated, has troops aboard two Italian steamers now held up at Buzios.

This tends to confirm the Vienna report that Turkey has ordered the Yemou expeditionary force to occupy the coast of the Italian colony of Eritrea, with the support of a squadron of warships.

No Further Development.
London, Oct. 4.—The lapse of another day leaves the Turco-Italian war without further development. There is no confirmation of the alleged bombardment of Tripoli, which appears unlikely to have happened, as it will yet be several days before the expeditionary force is ready to leave Italian shores.

Apparently the Italian Government is apprehensive that the Turkish fleet may be able to hamper the passage of transports, and great precautions are being taken. The expedition will be started from ports in two seas, rather than from South Italy and Sicily, in order to minimize that danger, and evidently Italy is in no hurry to get the expedition on the way.

BRIEFS FROM THE WIRES.
There is a widespread feeling in India that a famine is impending in various parts of the country. His Excellency Earl Grey, Countess Grey and the Ladies Sybil and Evelyn Grey will sail for England on October 13. The recount in Sheffield County yesterday reduced the majority of the successful candidate, G. H. Bovin from 30 to 24. Walter Oakes, section man, was instantly killed at Bedford, N.S., Monday afternoon. He was on a hand car when a freight struck it. The latest news from the steamer Empress of China, which went ashore in Oriental waters July 26, is that the vessel is likely to be a total loss. Sentence of death was meted out by Judge Lamont at Saskatoon to Jas. Alak, the murderer of Vanscoy. Execution will take place at Prince Albert, Nov. 28. Incoming steamers report having encountered in the North Sea the worst storm they have experienced in several decades. A number of wrecked vessels were passed. The damage to the Canadian navy has been put into figures. The Niobe cannot be repaired under an expenditure of \$400,000, or forty per cent. of her total original cost to the Canadian Government. For his bravery Daniel Bond, aged 24, may lose his life. He attacked and choked to death a dog suffering with hydrophobia just as the animal was making its way toward a group of children at Atlantic City. Sixteen Hurt in Wreck. Hagerstown, Md., Oct. 4.—Through the derailing of the Gettysburg Express on the western Maryland Railroad, near Maryland-Pennsylvania line yesterday, sixteen persons were badly injured. Relief trains with physicians aboard were immediately despatched from Baltimore and Hanover, Pa. The smoking-car turned over and rolled down an embankment. The injured were in this car. Conductor Mearath of Baltimore, sustained a

38 NOW IDENTIFIED. Six Hundred Laborers Are at Work In Austin.

Austin, Pa., Oct. 4.—With six bodies recovered from the flood wreckage here yesterday, the feeling is expressed that neither the sex nor the approximate age of the victim could be determined, the total number of known dead in the catastrophe that almost obliterated this community last Saturday, now stands at 38. All but one of the bodies were identified.

Although the expected number of laborers have not come in, there were approximately 600 at work clearing up the wreckage yesterday, and the chaotic appearance of the village is fast being changed. Several families were enabled, with official permission, to take out what was of use of their household goods.

With the almost hourly revision of the list of missing it is impossible to make an accurate statement of the dead. The feeling is expressed that a number of the dead will never be found. Those not having been consumed in the fire, it is believed, will have lost any semblance to a human body before being discovered, so deeply have they been buried in the wreckage, which frightfully tore and mangled the bodies that have been recovered.

The body of Arthur Ainsworth, one of those recovered yesterday, was found pinned down to what was the sidewalk by a heavy sign that marked his legal office. Ainsworth was a former district attorney of Potter County. The position of the body and conditions surrounding indicate that he had been buried in the avalanche of debris while leaving his office.

The body of Mrs. A. C. Brown, recovered last Monday, was found by Capt. Schell and Sgt. Eimmons of the State Constabulary, who had gone out to select a site for a tent in which to house some of the laborers. The men stepped on some loose planks, which yielded, and upon lifting them they found the body.

Best In the World.

Montreal, Oct. 4.—The Senators and members of Parliament for the Island of Montreal and representatives of the councils of the Board of Trade, Chamber of Commerce, and the Canadian Manufacturers' Association were taken for a tour of the harbor on the harbor commission's tug, Sir Hugh Allan, at noon yesterday.

About seventy business men of the city accepted the invitation of the commissioners.

The tour was in conformity to the plan of the harbor board to enable the business leaders of the city to understand what is being done to develop the harbor and river.

Chairman George W. Stephens said the commissioners' ambition was to make the harbor the best in the world.

Killed His Own Son.
New York, Oct. 4.—"Stop! You have killed your boy," was the cry which yesterday informed Percy Greeley, a truck driver, that he had crushed his three-year-old son to death.

Greeley rushed back, and, picking up his son's body, wept over it until a patrolman arrived and took him to the nearest police station.

Greeley, employed by a blacksmith firm, was starting out at noon with a load of iron when a hoop which was rolling along the sidewalk dropped into the street. His boy reached between the wheels for it and his head was crushed by the rear wheel.

The father drove on, unaware of the accident, until stopped by a shout from a witness of the tragedy.

HIGH PRICED PEACHES.

The Ones They Had In London, Perhaps, but Not In New York.

They walked into the breakfast room at one of the big New York hotels the other day—finicky, precise and querulous. They had just returned from a tour of Europe and gave that content the big talk at every chance.

"Have you no South African peaches?" they asked plaintively. "We have been stopping at the Savoy in London, and there were plenty of South African peaches."

The hotel manager was found. He hastened to the complaining ones. Certainly the hotel had South African peaches. They were imported especially for the hotel guests; came from the same peach orchard that the Savoy's peaches did. The faces of the traveled persons did not light up with joy and appreciation, as one would think.

"How much are they?" they asked with a singular timidity. "Three dollars each," said the hotel manager. The traveled persons promptly protested. "But we only paid—how—\$2.50 for them at the Savoy," said they. The hotel manager expressed his regret at the overcharge. He said they might have them at the same price that they paid at the Savoy in London, and how many would they like to have?

"How, Alfred," said one of the plaintive traveled persons to the hotel manager, "let us have—how—one of those dear old fashioned breakfasts of ham and eggs?" "Right, old dear," said Alfred. "The hotel manager went away grinning softly to himself. He had never had any peaches from South Africa.—Cincinnati Times-Star.

How an Ostrich Shows Temper.
When annoyed or angered by the approach of a human being, says a writer in the Strand Magazine, the male ostrich slightly arches his neck, and, drawing in a big breath, he blows out his neck and issues a three note defiance ("bo-bo-bo-o"). It is in the last prolonged note that his neck swells out so abnormally. The hen bird never "drums," as the natives term it, though I have heard of one that tried very hard to ape the male, but the result was ghastly failure.

His Achievements.
"After I am gone," he complained, "people will begin to notice what I have done."
"Well," his wife sadly replied, "if they do it won't take them long."
Chicago Record-Herald.

Children Cry FOR FLETCHER'S CASTORIA

Clothes For Little Men

The choice garments we are showing for little men, the cute way we dress them and the fairness of our prices are the features that win and tie parents to our children's clothing department.

Our Children's Clothing is made to our order by specialists and it takes specialists to make it the best way.

The clothes tell the story.

There are Reefer and Norfolk Suits, Blouse and Russian Blouse Suits, etc. Beautiful fabrics and artistically trimmed in many ways.

Suits for Little Fellows, from 4 to 8 years, at \$1.00, \$1.50 to \$4.50.
Suits for Little Fellows from 8 to 16 years, at \$2.75, \$3.50, \$4.50 to \$8.50

Boys' Shirts

"WHERE THE GOOD CLOTHES COME FROM."

Left Babe to Die.
Montreal, Oct. 4.—Left two days in a room without food, an infant six weeks old died yesterday morning at St. Justin Hospital from the effects of starvation. The circumstances show a man and woman, who were probably the parents of the child, went to a house on Sanquinet street two or three days ago and hired a room for a month. The occupant of the house did not notice that they had a baby with them or so and then went out. At the end of two days, as they had not returned, the landlord went to the door of the room to see if it was locked, when he was astounded to hear a faint cry inside. He entered and found the baby, dying from hunger. It was taken at once to the hospital, but its life could not be saved.

Fighting in Mexico.
Mexico City, Oct. 4.—While the Mexican civil authorities are trying to solve the problem of the vice-presidential election held last Sunday, federal troops, under Romulo Figueroa, are making a vigorous campaign to wipe out the rebels, headed by Gen. Zapata, in accordance with the Government's decision to give them no quarter. A battle occurred on Monday near Santa Barbara, at the junction of the States of Puebla, Guerrero and Oaxaca. Zapata's force of 800 men was routed, with considerable loss. The federals captured six chiefs, and many rebels were made prisoners. Zapata escaped.

Striker Killed by Breakers.
Jackson, Miss., Oct. 4.—E. H. Montgomery, a striker, is fatally injured and a number of other persons more or less seriously hurt as a result of a pitched battle which occurred following the arrival of a special train loaded with strike-breakers at McComb City, Miss., late yesterday. Pistols were fired, clubs and stones used. The three carloads of strikebreakers were arrested.

Incendiary Burns Town.
Scottsdale, Pa., Oct. 4.—Fire of incendiary origin swept through the business section early yesterday, causing a loss of \$125,000. Fifty guests were routed from the Central Hotel before the structure went down. Fifteen buildings were burned. It is the fourth attempt to burn the town within the past three months.

Crew Safely Landed.
Ashland, Wis., Oct. 4.—The oil-carrier Dinkler late yesterday brought in the crew of the steamer A. L. Hopkins, abandoned off Michigan Island.

Taft Is Eager.
Denver, Oct. 4.—In a speech to the Public Lands Convention here yesterday, President Taft flatly disagreed with the sentiment of that convention in regard to the leasing of public lands by the Federal Government expressed in resolutions adopted Monday. The President declared that the west needed capital to develop its public lands, and said that only through a federal leasing system could such capital be induced to come west.

Flagg's Tangled Skein.
New York, Oct. 4.—The bail of E. Tennyson Neely, the publisher, who was one of eight men arrested at the recent "52 per cent. brokerage" raid, was yesterday reduced from \$10,000 to \$2,500, and Neely was released from the Tombs. It is reported that Madeline Russe, Flagg's telephone girl, who is said to know much about his methods, is gravely ill at her home in White Plains.

How to Reduce Tax Rate.
Hamilton, Oct. 3.—Mayor Lee will ask the City Council here to adopt a unit system of civic accounting similar to many cities in the United States, and believes it will result in economy that will permit of a big cut in the tax rate.

Sold to Seymour Co.
Port Hope Guide.—The Seymour Power Co. have purchased the plant of the Port Hope Electric Light and Power Co., and took possession this afternoon. Mr. Thos. Tuer has been appointed local manager of the new Company and the staff formerly employed by Dr. Corbett will be retained by the new Company.

STRAYED.
From the premises of the undersigned, on or about Sept. 10, two yearling steers, one red and the other white and red. Apply John Medland, Little Britain.
