AS GOOD AS A DOCTOR IN THE HOUSE
Baby's Own Tablets should be kept in every home where there are little ones. They are as good as a doctor; are absolutely safe and can always be relied upon to drive away any malady arising from derangements of the stomach or bowels. Concerning them, Mrs. A. O. Wheeler, Northlands, Sask. says: "I have found Baby's Own Tablets a real necessity in the home, and shall never be without them. They have kept my baby well and have made him a bonnie baby." The Tablets are sold by medicine dealers or by mail at 25c a box from the Dr. Williams' Medicine Co. Brockville Ont.

Mr. T. C. Matchett is in Toronto to-day on business.
Mrs. W. S. King and Mr. J. R. Watt, were Woodville visitors in town to-day.

BOARD OF TRADE FAVORS APPOINTMENT OF AN INDUSTRIAL COMMISSIONER

The meeting held last evening in the Council Chamber by the Board of Trade attracted a good attendance of citizens. Mr. F. W. Sutcliffe, the President, occupied the chair and after the reading of a number of communications by the Secretary the question of the evening was taken up—the advisability of appointing an Industrial Commissioner for the town.

PROPOSITION EXPLAINED.
Mr. McComb said he did not wish to interfere in local affairs, or "butt in" on Board of Trade matters. However he was able to get the Sylvester affair on a working basis, and assisted in the negotiations between the town and the Seymour Co. He compared Lindsay with many of the towns in the United States, and said that he had become interested in its welfare as a result of his dealings with its citizens. He felt that the enthusiasm manifested at the recent public meeting should be crystallized into a concrete force for the upbuilding of the town's interests. He also contended that it was desirable that the citizens, together with the Seymour Co., should unite on some measure to promote the town's industrial growth.

MAYOR BEAL SPEAKS
Mayor Beal asked how many paid members there were on the Board of Trade? He did not believe there was a paid member. It was therefore a waste of time in the discussion. If he was going into business, he would find where he was going first, the kind of goods he would manufacture and where his markets would be. The Mayor said he favored the appointment of an Industrial Commissioner. We had been told that the Seymour Co. was going to do a great deal for Lindsay. He had suggested to Mr. Mulholland, of the Seymour Co., that the town be given the \$5000 deposit better than accepting the \$1200 of a sop the Company would be giving connection with the appointment of an Industrial Commissioner. There was no agreement yet, as it was incomplete, and it was not signed yet. He met many people on the street who were not in favor of the proposition. He did not wish to put a damper on the scheme, but wished to have things understood. It was all right for citizens to talk of the expenditure of \$1200, but they have not to face the electors and give an account of their stewardship.

MR. HUGHES HEARD.
Mr. John Hughes viewed the proposition with favor, but he did not think it right to put additional burdens on the town. The citizens had been told that the Seymour Co. would bring in industries, and the voters voted six to one to hand over a franchise to the Company. The Company should finance the proposition, if it is to their advantage to have a Commissioner. If the citizens pay for a Commissioner, they relieve the Seymour Company of a responsibility, and they should first wait to see what the Company is prepared to do.

MR. McCOMB REPLIES.
Mr. McComb said that the Seymour Power Co. propose to put Lindsay on the power map, and Fenelon Falls power won't put Lindsay on the map. The Company will spend \$230,000 for that power, besides installing a transmission line between Lindsay and Peterboro to give additional power. This would put Lindsay on the power map. Besides, the power possibilities at Fenelon Falls were of such a critical nature as to cause some doubt regarding its capabilities to light the town the coming winter. The citizens should thank God sincerely that they were not saddled with the Fenelon Falls power.

DID NOT SAY IT.
Mr. Perry said he heard Mr. Mulholland make the statement in the East Ward school to the effect that the Seymour Co. would appoint an Industrial Commissioner.
Mr. J. D. Flavelle—No such statement was made.

A WORDY BATTLE.
Then followed a warm discussion regarding the \$5000 deposit as well as the Mayor's refusal to sign the agreement, which he contended was no agreement, as it was incomplete.
Mr. G. H. Hopkins said that in considering the agreement every suggestion made by the Mayor was out in Mayor Beal—That is not so.
Mr. Hopkins—The town got everything it asked, and the Solicitor even submitted the agreement to the Hydro-Electric.

MR. McCOMB'S RESOLUTION.
Mr. Smale said that in view of the discussion on the \$5000 deposit, it would be unfortunate if the citizens incurred the reputation of being extortionists. He would therefore move a resolution emphasizing the fact that it was neither the wish nor the desire of the citizens that the deposit should be given to the town. Mr. W. Flavelle seconded the resolution, which was unanimously adopted.

RESPONSE SHOULD BE GENERAL.
Mr. A. B. McIntyre agreed with the speakers of the evening and said the time was opportune for doing something for the town. He did not subscribe to the voluntary contribution list, because he felt it would be difficult to get voluntary signers. It should be a general contribution and 75 per cent of the business people should be secured. The appointment of a Commissioner was more important to the men owning dwellings, as the merchant depends largely upon the country trade. He was ready to do his part, but was not prepared to pay the other fellow's share. He would like to see professional men on the list.

FAVORS APPOINTMENT.
Mr. H. J. Lytle moved a resolution to the effect that the meeting was favorable to the appointment of an Industrial Commissioner, and instructing the Secretary of the Board of Trade to write the town Council recommending that body to consider the appointment of such an official and comply with the wish of the citizens.
Mr. A. L. Campbell, in seconding the resolution strongly favored the appointment. Affairs had reached such a crisis that the town must either go ahead or lapse back to a country village.

THE TOWN'S OPPORTUNITY.
Ald. Smale thought this was the town's opportunity. The year 1911

discussion on the \$5000 deposit, it would be unfortunate if the citizens incurred the reputation of being extortionists. He would therefore move a resolution emphasizing the fact that it was neither the wish nor the desire of the citizens that the deposit should be given to the town. Mr. W. Flavelle seconded the resolution, which was unanimously adopted.

RESPONSE SHOULD BE GENERAL.
Mr. A. B. McIntyre agreed with the speakers of the evening and said the time was opportune for doing something for the town. He did not subscribe to the voluntary contribution list, because he felt it would be difficult to get voluntary signers. It should be a general contribution and 75 per cent of the business people should be secured. The appointment of a Commissioner was more important to the men owning dwellings, as the merchant depends largely upon the country trade. He was ready to do his part, but was not prepared to pay the other fellow's share. He would like to see professional men on the list.

FAVORS APPOINTMENT.

Lytle moved a resolution to the effect that the meeting was favorable to the appointment of an Industrial Commissioner, and instructing the Secretary of the Board of Trade to write the town Council recommending that body to consider the appointment of such an official and comply with the wish of the citizens.
Mr. A. L. Campbell, in seconding the resolution strongly favored the appointment. Affairs had reached such a crisis that the town must either go ahead or lapse back to a country village.

THE RESOLUTION CARRIED UNANIMOUSLY.
MR. NAYLOR'S SUGGESTION.
Mr. Naylor suggested appointing the Commissioner for three months, the life-time of the present Council. At the end of that time the matter could be put before the people, and besides the incoming Council would be in a better position to judge from the results achieved. Personally he was in favor of the proposition.
Mr. G. H. Hopkins said he hoped that when the Council did make a bargain concerning the appointment of a Commissioner that they would make it such that they could dismiss him at any time they desired to do so.

WEDDING BELLS
MARLATT—GARLICK.

Bobcaygeon Independent: Mr. and Mrs. E. B. Garlick left on Wednesday afternoon for Grimsby to be present at the wedding of Mr. Harry S. Garlick to Miss Lena Marlatt, which took place at three o'clock Thursday afternoon. They took with them a large assortment of presents, the gifts of Harry's numerous friends here, all of whom wish he and his bride a long life of prosperity and happiness.

DUNHAM—POWELL.
Independent: Miss Hazel Dunham, daughter of Mr. and Mrs. Eber H. Dunham, of Xal Morin, P.Q., was married on the 4th to Mr. George Barclay Powell, of Montreal. To the elder residents of Bobcaygeon it does not seem so long since Mr. Dunham and Mrs. Dunham, then Miss Simpson were the leading stars of the Dramatic Club. It is to be hoped that Miss Hazel possesses the cheerful temperament and versatile talents of her parents, to make her path through life bright and happy.

MONTGOMERY — McCALLUM
The following is from the society column of the Mail: "On October 4, at St. Andrew's Church, Gibson, a quiet wedding was solemnized, when Florence Beatrice, eldest daughter of Mr. Hugh McCallum, became the wife of Dr. R. Russell Montgomery of Bobcaygeon. The ceremony was performed by the Rev. J. Hably. Miss Sarah MacCallum, sister of the bride, played Mendelssohn's wedding march. She was given away by her father, and was attired in a navy blue traveling gown with hat to match. Dr. and Mrs. Montgomery will be at home after Oct. 15th in Bobcaygeon.

UP GOES THE PRICE OF MILK
Last night the milk vendors doing business in Lindsay, met in the Butler House and decided to raise the price of milk to four cents a pint and seven cents a quart. The reason for the advance is due to the scarcity of feed. This has been a poor season, it is pointed out, for fodder and the milk vendors have been forced to raise the price of milk on account of the shortage. The increase will take effect on Nov. 1st.

TAKE YOUR CHOICE

YOU can make no mistake in choosing either of these attractive and absolutely correct overcoat models. They are both correct to a stitch. The promenade oversack on the left is styled beyond criticism and the convertible collar coat on the right is intended for rougher weather wear. Both faultlessly tailored in fine imported overcoatings, at prices

\$10, \$15, \$18, \$20

SMALL BOY SAYS HE WAS DOPED BY MAN HE MET AT LINDSAY

Kingston Standard
In Yates Ward of the General Hospital lies a bright looking lad fourteen years of age, who has a strange tale to tell. He was found on the Grand Trunk east bound train on Saturday afternoon under the influence of morphine or some other drug. He was taken in a hack from the station to Dr. Garratt's surgery, and it is stated that he had five convulsions on the way. The boy was taken to the General Hospital and on Sunday he was well enough to tell his story. He gave his name as Ernest Emmons, of South Peabody, Mass. He was out of work and came to Canada and got employment for two weeks at Orillia. Not liking his job he started for Kingston.

At Lindsay a strange man approached him and asked him if he would mind travelling with him. The lad did not like the intrusion of the man but replied that he had no objection. After conversing with the boy for some time, the stranger proposed that the lad would enter an enterprise with him to burglarize a house at Trenton. Emmons refused point blank to enter into any such enterprise. The boy told the man he was going to get his dinner at Cobourg, and the stranger remarked it would not be necessary as he had refreshments with him. At Coborne, the stranger produced refreshments, and gave the boy some tea, which he said had a queer taste. After drinking the tea the lad remembered no more until he was awakened at Kingston Junction by people talking and the ice on his temple. The boy's story savors of a fairy tale but he has a bright, honest looking face, and if he is not what he represents himself, he has his lesson well learned.

SUPPLIED LIQUOR TO A LISTER

This morning at the Police Court John Wells was charged with supplying liquor to Jas. Hutton, a local "Indian lister," on Aug 30th. He pleaded not guilty.

Mr. G. A. Jordan appeared on behalf of Mr. Wells and Mr. G. H. Hopkins, K.C., for the Crown.

Jas. Hutton, in his evidence, said that Wells was the man who supplied him on August 30th.

John Wells, on being examined, emphatically denied having supplied the liquor. When cross-examined by Mr. Hopkins he admitted that the liquor Hutton got was what he (Wells) had bought in the afternoon.

The Councils reviewed the evidence and the case was adjourned till Friday.

Demand for Operators
There is a great demand for Railway Telegraph Operators and Ladies for Commercial Telegraphy. If you enroll now we qualify you and have you at work by early Spring. Terms reasonable. A. M. Paton, National School of Telegraphy, Lindsay—1dw
