Drill Scow Sank in River

This morning when the men employed on the drill scow, "Frank Fairen" of Peterboro, which has been drilling in the Scugog River since the middle of September, returned to work they found that it had sunk.

The men immediately set to work at raising the scow from the bottom of the Scugog. Two scows were brought up, one on each side of the drill scow.

Foreigners Who Don't Like Work

The gangs of railway laborer, noticed on our streets during the past week, were made up of Swedes, Danes and Bulgarians. There were no Italians among them.

Mr. Henry Jackman has gone on an extended trip to Gladwin, Mich. Mr. Alex Donald, city editor of the Woodstock Express, is spending his vacation with his parents, Mr. and Mrs. J. P. Donald.

MAURICE IRWIN FORMERLY OF LINDSAY KILLED AT GUELPH ON FRIDAY

Guelph, Oct. 13.—Maurice Irwin, of Dauphin, Man., a G.T.R. brakeman, twenty years of age, and unmarried, was crushed between the couplings on two freight cars here early this morning, receiving injuries from which he died shortly afterwards.

TRACK LAYING TO BETHANY WILL BE FINISHED TUESDAY WHERE STATIONS WILL BE PLACED

The track-laying on the Georgian Bay and Seaboard Railway between Lindsay and Bethany will be finished tomorrow, (Tuesday) and the whole line between Victoria Harbor and the main line will be ready for construction trains.

PROVINCIAL LIBERAL LEADER CALLS PREMIER WHITNEY'S APPEAL COWARDLY

Owen Sound, Oct. 12.—Denouncing Premier Whitney's intention to force on a general Provincial election as cowardly and unreasonable, Hon. A. G. Mackay, the Liberal leader, last night outlined the policy of the Opposition.

"The case selected is as unseasonable as the Premier's action is cowardly and unreasonable. With seventy of a majority at his back, his statement of two weeks ago that there were no elections to be by-elections on the horizon, while at that time everything in the shape of printing, etc., was being rushed preparatory to an immediate general election, scarcely tallies with his once avowed boast that he was 'honest enough to be bold, and bold enough to be honest.'"

DISFRANCHISING THE NORTH "If the statutes are adhered to, the greater number of the residents in all the unorganized portions of the Province, forming parts of no less than thirteen constituencies, will now be disfranchised. The latest voters' lists in that immense stretch of Northern Ontario are those upon which the 1905 elections were held. In the discussion of many questions it was tacitly understood that there would be another session—notably so in connection with the serious complaints as to the bilingual schools—a question which could not properly have been dealt with last session owing to the fact that the commissioner whom the Government had appointed had not then made his report as to the actual facts. Owing to the extreme importance of this subject, and the gravity of the charges made it was only fair that the Government and the Opposition should have declared where they stood after the facts were ascertained and before an election.

"Dr. Miles' Nervine Completely Cured Our Little Boy of Fits."

A family can suffer no greater affliction than to have a child subject to fits or epilepsy. Many a father or mother would give their all to restore such a child to health.

"I am heartily glad to tell you of our little boy who was completely cured of fits. He commenced having them at 10 years of age and had them for four years. I tried three doctors and one specialist but all of them said he could not be cured, but Dr. Miles' Restorative Nervine and Dr. Miles' Nerve and Liver Pills made a complete cure. He is now hale, hearty and gay. It has been three years since he had the last spell. I shall give Dr. Miles' medicines liberty to use this letter as you see fit and anyone writing to me I will gladly answer if they enclose stamp for reply."

F. M. BOGUE, Windfall, Ind.

Dr. Miles' Nervine is just what it is represented to be, a medicine compounded especially for nervous diseases, such as fits, spasms, St. Vitus' dance, convulsions and epilepsy. These diseases frequently lead to insanity or cause weak minds.

He concluded by appealing to electors, if they must vote for Conservative candidates, to at least pledge them to demand a fair deal in educational matters.

The North must demand a sweeping advance in colonization. The miners for example should insist on legislation restricting a day's work to eight hours.

WEDDING BELLS

The wedding took place on October 10th at the residence of Mr. and Mrs. A. Burwash, New Lindsay, Ont., of Mr. Horace James, son of Mr. G. W. James, 104 Regent-st., west, Lindsay, to Miss Annie Noveck, of New Lindsay.

The ceremony was performed by Rev. John Burden Lindsay, incumbent of St. John the Evangelist Church, New Lindsay. The bride, who was given away by Mr. A. Burwash was gowned in purple silk, over lace trimmed, and the bridesmaid, was Miss Nellie Noveck, sister of the bride. Mr. Edgar W. James, brother of the groom was best man. The parlor was prettily decorated for the nuptial event with flowers, etc. The wedding march was played by Mr. Ernest Lott.

After the ceremony the happy couple, with the assembled guests sat down to a wedding repast, and afterwards boarded the 6.30 train for Lindsay, where they will reside at the home of the groom's parents on Regent Street.

FENELON CURLERS HAVE ORGANIZED

The annual meeting of the Curling Club was held on Tuesday evening 3rd inst., for election of officers and other business. Dr. and Mrs. Mason and Mrs. J. H. Brandon were appointed patrons and patronesses.

PETERBORO BOY IS TURKISH ADMIRAL SAILED OTONABEE SOME YEARS AGO

Peterboro Times That a Peterboro boy should become a Turkish Admiral seems altogether strange. Bucknam Pasha, personal naval adviser to His Majesty, the Sultan of Turkey, Admiral commander of the Imperial Ottoman navy, is a Canadian by birth and a Turk by adoption. He was born in Hansport, N. S., and when only a young lad drifted west. He became a ship carpenter and worked in several towns in Ontario, including Peterboro, where he assisted in building the steamer Golden Eye, (now the Otonabee) for Mr. H. Calcutt, sailing one season on the boat under Capt. Leon Dion, whom many of our citizens will remember. He was known in those days as Randolph D. Bucknam. He subsequently went to the United States, where he became famous as a designer of battle ships for the United States navy.

HON. A. G. MACKAY. Leader of the Opposition, who will head the Liberal party in coming provincial election.

NOW BUCKNAM PASHA The boy is now Bucknam Pasha and is yet a young man. He longed for the sea, and finally got a position at Duluth on a steamer commanded by Capt. Elliott. Two seasons he remained on Lake Erie, spending his winters with Capt. and Mrs. Elliott at Romeo, Mich. They were father and mother to him, but he wanted to go to sea.

He finally left for Boston and got a berth on a ship bound for Australia. Two years later he returned to the lakes and became mate on the Iron Duke, a ship owned by Capt. Elliott. Subsequently Bucknam became master of a whaleback steamer for Capt. Alexander McDougall, of Duluth. Later he was promoted to be manager of the McDougall fleet, and superintendent of the American steel barge Co., which owned the shipyard, now known as the Superior plant of the American Shipbuilding Co. For a time he lived at Detroit, Mich.

EMPLOYED BY CRAMPS When the steamer City of Everett, was to go from the great lakes to Everett, Wa., Bucknam got the place of captain. For three years he was on the Pacific Mail Line, part time as master of the Peking, and part of the time as superintendent at Panama. It was while in this position that he attracted the attention of the Cramps shipbuilding Co., who employed him at their plant in Philadelphia. When they built the ill-fated battleship, Maine, Bucknam was selected to command her on her trial trip.

Then Cramps obtained an order to build the cruiser Medjido for the Turkish Government. When it was delivered Capt. Bucknam was first officer. July 4, 1904, Bucknam in the Medjido arrived at the Bosphorus, Bucknam remembered the day and shot so many canon and started so much commotion that Abdul Hamid took a liking to him and insisted that he remain as naval expert to teach the Ottoman sailors how to handle a warship, and shoot with modern guns. He did.

Turkey owes her present navy to Bucknam Pasha. Ottoman hero medals and the insignia of the Order of Osmanieh decorate the tight fitting Turkish uniform of the Canadian commander of the Sultan's fighting force on the sea. His salary is \$12,000 a year.

ANNIVERSARY SERVICES AT CAMBRIDGE-ST. ELOQUENT SERMONS BY AMERICAN DIVINE

Yesterday the congregation of Cambridge-st. Methodist Church celebrated their anniversary. Special music was provided by the choir. At both services the pulpit was occupied by Rev. John Hancher, S.T.D., of the American University, Washington, D. C., and he preached two very interesting sermons.

His subject in the morning was "The Everlasting Word," taking his text from Isaiah 40, and the last clause of the 8th verse: "The word of our God shall stand forever."

Some think the seat of the world's interest is in China, others think it is in Tripoli, where the Turks and Italians are striving against one another; others thought before Sept. 21 that it was reciprocity in natural products between Canada and the United States; still others think it is in Mexico. But I think the centre of the world's thought and interest is in the Bible. We believe in the immortality of God. The Bible is the accepted word of God. The speaker then gave five reasons to prove his statements, which were as follows:

- 1. The Bible is the oldest authority the world knows. "In the beginning God created the Heavens and earth." Before geology, before chemistry, before astronomy, before men, God created the heavens and earth. 2. The Bible is a book of harmonies and agreements. The first writer was dead more than 1000 years before the last was born. Yet they all wrote the same things, not once disagreeing. 3. An impartial record. The Bible intends us to see human nature as it is. It tells things just as they are. 4. Because of the excellence and quality of the literature of the Bible. The literature masterpieces are all in the Bible. 5. Because of the Bible's application to the needs of the hungry heart. There is something in the book for everybody. The choir sang "Sweet Is Thy Mercy," by Barnby, with obligato solo by Miss E. Flavell who sang beautifully. Mrs. G. F. Blackwell sang "Alone With Thee" by Bailey in a sweet voice. In the evening the subject of Dr. Hancher's discourse was "An Educational Vision." He referred to the obligations of parents, and in fact everybody to the young people of today in a way to touch the heart and arouse the sympathy of all his listeners. He made an earnest plea that the boys be sent to college.

Lindsay Cheese Board Session

The regular meeting of the Lindsay Cheese Board was held in the Council Chamber this morning.

The following factories reported cheese as follows: Star 75, Dunford 86, N. Verulam 60, N. Ops 60, Reaboro 70, N. Harvey 40, Bobcaygeon 138, Maple Leaf 40, Red Rock 93.

Messrs. Gillespie and Thompson were unable to be present on account of the accident to the G.T.R. train, which is due to arrive in town at 9.15 a.m. Mr. Gillespie telephoned and offered 13 1/2c. Mr. Flavell offered 13c, or 1c less than last week. After considerable discussion Mr. Flavell raised his offer to 13 1/2c for the board. The Board wanted 13c and Mr. Flavell offered to take the Board, with the exception of 15 from Star, for 13 1/2c. The offer was accepted.

Will Use the Bethany Line

In connection with the proposed improvements on the G. T. R. line, between Port Hope and Midland, the Post has been informed that the line between Omemece and Millbrook and running through Bethany will be considerably improved. The grain trains will then take this route to the front instead of passing through Peterboro. There is absolutely no truth in the rumors that the train crews would be removed to Belleville when the proposed improvements are made.

THE VERPOOL AND LONDON AND GLOBE INSURANCE COMPANY.

FIRE AND LIFE The Largest Fire Insurance Office in the World. Capital \$10,000,000 Accumulated Funds \$3,500,000 Invested in Canada 500,000 Rates and premiums as low as any other respectable company.
