MEETINGS OF MARIPOSA COUNCIL

Members were all present and the minutes of the last meeting were approved. Mr. Dennis Mackenzie moved that the Council clean out the Short Drain so as to prevent it from becoming an outlet, but it was shown that the drain had been cleaned out and the Engineer to do this himself, so that the Council see their way to interfere "line," and Mr. John DeGeer was authorized to inform the council of the completion of the Lowerorough and also that there was a light leak of water in the lower end of the Drain, and about this being caused by a pipe never being taken out of the Thomas Curtis farm. Mr. DeGeer, Township Solicitor, was present to discuss the Drainage trouble, and it was decided that the Engineer should simply an outlet for the water on lots 12 and 13, and that all persons receiving benefit from this outlet should be charged for the same. This scheme will be approved by the Council, and the Engineer to carry out the scheme for enlarging or cleaning out the drains or any of these drains or any time in the future. Mr. DeGeer was disposed to do so. Mr. Watson of Seagrave, Township Engineer, of Part Perry, was on the Council to get their consent to the petitioning the Do-Drainage to take such an outlet on Lake Scugog. Mr. DeGeer advised the Council that the Township had reimbursed all persons for the cost of these waters that may have been received unless by ren-dering being at high water level. Motion by Messrs Neil Ferguson and Edwin Rogers—That whereas the people residing in the neighborhood of Lake Scugog are entitled to the benefit of the navigation system of the Trent Valley Canal. And whereas for many years the water level of Lake Scugog has been allowed to

vary, very greatly to the detriment of the interests of all parties residing on the margin thereof, with the result that navigation has been continually impeded, and in a large measure in many places prevented altogether, while at times large areas of mud have been exposed to the great danger of the health of the people. And whereas considerable commercial interests are involved in the summer tourist traffic, which has greatly fallen off owing to the destruction of the fish, during winter when the level of the lake has been very low. And whereas the great variation of the water level has been caused by the unlawful use of the water at the Lindsay Dam, which has been frequently complained of without results. The Municipal Council of the Township of Mariposa hereby resolves that it be represented to the Government on behalf of the said Township that the interests of the residents thereof, residing upon or near Lake Scugog, require that the dam at Lindsay be taken out of private lands by the purchase thereof, by the Government, to the intent that it may be used in the public interests so that the water of Lake Scugog may be kept at a moderate and even level.—Carried.

Motion by Messrs Neil Ferguson and William Rich—That the Council withdraw their approval of the plans of the Grand Trunk Railway Co. for the renewal of Bridge No. 149, being at mile post 31.39 in the tenth district of its railway Company, and between Concessions 4 and 5 at lot one in the Township of Mariposa, and that the Clerk write the secretary of the Board of Railway Commissioners pointing out and explaining the danger to the public, and asking the commission to send an engineer to examine the premises, and that the clerk also write the Grand Trunk withdrawing our consent and explaining the reasons for so doing.—Carried.

Motion by Messrs Charles Jenkins and William Rich—That the Clerk be instructed to have By-law advertised and registered as provided by the statutes in that behalf.—Carried.

Mr. David Yerex, Commissioner for the south half of the Township, rendered accounts aggregating the sum of \$209, and also Mr. Gillies' accounts aggregating \$306.00 which were ordered paid. General accounts aggregating the sum of \$523.00 were passed including the sum of \$186.10 to Mr. Cavana for fees and expenses on the Spray Drain. The Engineer's time for filling his report of the Percy Brown drainage trouble was extended till the second Monday in February next, after which the council ad-

FISH WERE ON A SPREE

Marion, Ind., Oct. 10.—Multifarious on intoxicated fish hauled in by the bushel basketful here after 1,916 barrels of beer were turned into the Mississinewa River from an Indiana brewery under the direction of the United States revenue officers. The Mississinewa is the Indian name for "sparkling water."

It became indeed sparkling water after the beer was poured in. A stream of pure champagne could not have caused more of a jamboree. And persons who looked down from the bridge laughed and shrieked like a crowd of roysterers in a grill room on New Year's eve.

Some said afterwards they had experienced a feeling akin to dizziness as they looked over the railings of the bridges and were moved to mirth while light headed by the antics of the fish. Many thought they really had gone through a sort of sympathetic mental spree.

There came down the river thousands of fish disporting themselves in an extremely unfishlike way, leaping all manner of new fangled somersaults and flopping against each other in frenzied bunches. Cary, catfish, suckers and occasionally a bass cut crazy capers as they coursed the current.

An army of small boys assembled on an island just below one of the bridges, where the fish with "wet noses" were trying to get over a rifle.

Equipped with small hats, clubs, boat oars and other weapons, the boys, and men, too, for that matter, waded into the shallow water and waylaid their quarry. Many caught fish in their hands and any who wished carried home a string or a basketful.

Thousands of pounds were taken out of the river. Some men got away with 100 pounds each. Operations continued all day, but as the afternoon drew along the fish seemed to sober up and regain their usual faculties of evasion. Some persons experimented by putting drunken fish in fresh water. Soon after this was done the victims

recovered and seemed just like normal fish.

Only a part of the fish were in an extreme state of intoxication.

A few, however, died as the result of their innocent carousal, but many others were killed by boys.

Regular fish were not alone in the limelight. Countless crawfish climbed up on the piers of the bridges and it would have been possible for them to have been scooped up by the barrelful. There was an unusually startled expression in the "crawdabs'" eyes.

MANILLA

(Special to The Post.)

Women's Institute of Manilla held their regular meeting in the Sunday School hall on Sept. 24th. The meeting opened by singing, "O Canada," followed by the Lord's Prayer. Miss Jenny Glendenning then sang a solo, followed by Mrs. M. McQueen's address, on "What Other Institutes are doing," which was enjoyed by all present. Mr. J. McLean then sang a solo, followed by a short discussion on Mrs. McQueen's paper. Another solo was then given by Mr. W. Mountain. The president then asked Mrs. McPhail to say a few words, as she was leaving Manilla. Mrs. McPhail then expressed her regret at leaving and wished the Institute every success. The meeting closed by singing "God Save the King."

The next meeting will be held on Friday evening, October 17th. Mrs. M. N. Norman, of Toronto, will give an address on The Power of Personality, and The Individual and the Community. Mrs. Norman is an excellent speaker, and her addresses are of vital interest to all, being both interesting, and full of much needed information. Music will be furnished. Everybody welcome. Meeting 8 p. m. Mrs. J. Sonley, president, Mrs. A. A. Dixon, secretary.

On a bright spring morning Adam and Eve were taking a stroll through the shady bowers of the Garden of Eden.

"My dear," said Adam, continuing the discussion of the fashions likely to be in vogue for the following fall season, "what system of dressmaking do you favor?"

"Well," replied Eve thoughtfully, "they all have their merits, but the loose leaf system is good enough for me."

OPS COUNCIL

Ops Council met October, 13th, 1913, at 10 a. m. All the members present.

The minutes of last meeting were read and confirmed.

Communications—From J. Finnegan re repairs and work on Fenelon boundary—Referred to Com. Brock. From Bd. of Railway Com. the Inspector of Prisons and others.

AUCTION SALE OF HOUSEHOLD FURNITURE—On the 17th at 10 o'clock on Saturday, Oct. 18th, including one five piece parlour suite, washing machine, extension table, sideboard and many other articles too numerous to mention. Sale at one o'clock. Stewart M. Graham, Auctioneer.

FENELON FALLS

(Special to The Post.)

The anniversary of the Methodist church, Fenelon Falls, will be held on Sunday and Monday, Nov. 16th and 17th. Rev. Dr. Carman, General Superintendent of the Methodist church, will preach both morning and evening. On Monday evening a fowl supper will be served by the Ladies' Aid, and afterwards a good programme will be given.

Mr. Bedford, of New Ontario, is visiting his parents, Rev. Jno and Mrs. Bedford. Mr. Arthur Robson left this week for Lindsay, where he has taken a position on the staff of the Watchman-Warder.

The regular meeting of the Women's Institute will be held on Friday afternoon, October 17th at the home of Mrs. L. Towaley. A good attendance is requested.

The annual thank offering service of the W.F.M.S. of St. Andrew's church was held on Wednesday, last week, at the manse. There was a good attendance, and an excellent programme. Mrs. D. McDougall, of Lindsay, gave a very interesting address, which was much appreciated. Miss Vera Sharpe sang a solo which was enjoyed by the members. At the close of the meeting Mrs. Lord served refreshments.

Miss Blain, of Edmonton, was the guest of Mr. and Mrs. T. Sadler last week.

Mrs. Cornell of Toronto is visiting her sister, Mrs. Jas. Navar. Miss Ruby Goodman, of Rosedale, spent Tuesday in town.

Mr. A. M. Fulton, B. A., of Lindsay spent Tuesday at the Falls on business.

Mrs. Jackson, of Cobocook, was in town for a few hours on Tuesday.

Messrs. C. E. Weeks, J. E. Adams and D. Adams, of Lindsay made a business trip to the Falls on Thursday.

KINMOUNT

(Special to The Post.)

The much needed rain came at last on Saturday. It rained most of the afternoon.

Mr. Vanderburg, of Guelph, paid his sister, Miss Vanderburg, primary teacher in our schools, a visit last Thursday.

Mr. Fred Dettman, who has purchased the Mansfield property, is busily engaged in tearing it down. He is going to build a kitchen to the main part and a cellar is the first requisite, and at it he is at work with some men.

We noticed quite a number of lady teachers around lately back from Haliburton Convention.

Mr. James Mansfield, who has spent most of his days in our burg, left this morning for Waterloo, where he and his brother, William, are to engage in running a restaurant. We wish them success in their new venture. James' family will follow in the course of a few days.
