THE FIELD OF SPORT

What is Occurring in the Town and District, and Sporting Circles Generally.

RUNNING.

ANOTHER ENGLISH CHAMP.
R. R. Day, the well-known English runner, has issued a challenge for a professional running race at any distance from one hundred to one thousand yards for \$1,000 a side. He is particularly anxious to meet Arthur Duffy, but the challenge is open to all Day holds the world's record for 440 yards. His English record for one hundred yards is 9 4-5 seconds. Day reached New York a few days ago on a tour of the world with Rufus Taylor. If he is unable to make a match here he will sail for England.

BASEBALL.

THE EASTERN LEAGUE.
President J. J. McCaffrey, of the Toronto Baseball Club, has been consulting baseball supporters relative to taking over the Montreal franchise. The Montreal men are anxious to unload, and it looks as though Hamilton fans will enjoy Eastern League ball next year.

WALKING.

LOWERED MISS DUNN'S RECORD
Toronto Star; That Miss Rosamond Dunn, the young woman who won the Star's walking contest for ladies, was walking some was discovered by two postoffice clerks last night. The inside clerks at the postoffice are to hold a walking race Saturday down the Kingston road, and as a training stunt last night some of them covered the same course the young woman did Saturday. They only succeeded in lowering Miss Dunn's time two minutes, and one came home with two lovely blisters on his toes. In addition, they made the journey unhampered by crowds of curious people—or skirts.

HARTLEY TELLS THINGS
Star; Hartley's athletic career, as told by himself, will be interesting; "I was born in the town of Peterborough fifty-four years ago, where I have always lived, with the exception of a few years. From a child I was always engaged in athletic sports. I was called at one time an expert cricketer. My first experience in walking, before the public, was some twenty-six years ago. I was in a three days' contest at twelve hours a day, with some ten other entries.

CASTORIA
For Infants and Children.
The Kind You Have Always Bought
Bears the Signature of *Wm. D. Galt*

There were three to finish. I finished second, a half mile behind the first man. I was in good condition, and gained three miles the last day.
"My second contest was a month later, with Pleward of Lindsay; I was fifteen miles ahead of him the second day, beating my former time by some miles. The following year I engaged in several running contests, and then I retired from the sporting world.
"My next ambition was to beat the record of Mr. Reynolds. I was unable to obtain enough backing, but succeeded at last by my most strenuous efforts, and brought before the country my staying powers and ability. I left a mile west of Oshawa at six o'clock in the morning, which walk I suppose everybody knows of. I finished the last 32 miles in nine hours, making my last mile before reaching Peterboro in ten minutes. I finished strong and in good condition, and was working at my trade two days later."

HARTLEY BEAT REYNOLDS.
David Hartley, of Peterboro, defeated James Reynolds, of Port Hope, in the 12-hour walking match at the Mutual-st. Rink, Toronto, on Saturday, by one mile. Hartley covered 58 miles and 6 laps, and Reynolds 57 miles and 6 laps. The track was 1 1/2 laps to the mile, and the performances of both men are remarkable. Reynolds is 51 years of age, and Hartley is 54. In build they are very dissimilar. Reynolds has the sturdier physique, weighing probably 160. Hartley weighed 128 just before the race started. Hartley's style was the prettier, and conformed to the strictest interpretation of the heel and toe regulations. Reynolds' gait for the first two or three miles, when Hartley set a terrific pace, set the spectators talking, but the eventual settling down, and after that there was not the slightest complaint about his style. At the end of the first hour Hartley had covered six miles and one lap. Reynolds was just one lap in the rear. The walkers now settled down to a five miles an hour gait, which they practically maintained to the end. There were frequent sprints by Hartley, which generally resulted in gains. There were no stops for rest. Each man stopped several times to take a drink, but they ate their food as they sped around the track. Although the result was never in doubt, the interest never flagged.
Peterboro, Port Hope and Oshawa were greatly interested in the race, and the long-distance telephone worked overtime.

Alas, the long-distance walking craze is on the wane. It took two columns to describe Jimmie Reynolds' arrival at the King Edward, while one Langford, who is making equally good time, was only given a meagre paragraph.

HOCKEY.

TOWN LEAGUE WANTED.
What about organizing a Town League this year? Peterboro and several other places have already gotten to work along this line, and surely Lindsay has enough material to form a first-class league. If a little energy was displayed teams might be gotten up by the Bankers, L. C. I. Merchants, C. L. S., Flavelles Ltd., Y. M. C. A., Flavelle Milling Co., Silvesters, and a good many more.
Some may think they haven't the material fast enough to compete with certain teams, but let the boys get together and see what they can do. Satisfactory arrangements will be arrived at in some manner. We don't want things dead except for the intermediate team, this winter.
Give this winter's sports a boost NOW.

Central Alberta will have a strictly amateur hockey league this winter, says the Lacombe Advertiser.

A move will be made to return to amateur players in the Eastern Hockey League, but it is not taken seriously.

Woodstock Express; In Koyle, who will play intermediate for Lindsay, this year, a cracking good junior is going to waste. He is still well under the age limit.

Eddie Howell, whose good work on the Peterboro intermediate O. H. A. seven a few years ago won him renown, will play cover-point for the Brantford pro. team this season.

Peterboro Club is strengthened by the arrival from Belleville of Harry Brown, the famous point player, who did such effective work with Belleville against Peterboro in the O. H. A. series.

A roller hockey game is being talked of between Peterboro and a picked team from town, to take place in a couple of weeks. Some of the members of the old Midget team will likely play.

St. Michael's College, Toronto, will have a strong team this year, and will be heard from ere the season is well advanced. Clarence Doherty, the clever little goaltender of last season, will captain the team. The other last year's players who will be in the game this year are J. Timmins, J. Disette, J. McCool and J. Bulger.

all summer. When the puck begins to soar the C. L. S. boys will be heard from.

ODDS AND ENDS OF SPORT.

OTTAWA ICE RACES.

The ice races in Ottawa this winter, according to the Journal, promise to be the best on record. They will be held from February 1st to 8th, and a most attractive program has been arranged by the Central Canada Racing Association. The prize list is a dandy, over \$11,500 being offered in purses, which is sure to attract the fastest horses in America. The officers are already busy on the details of the meet.

THE MOTHERLAND OF SPORT
(Yokohama, Japan, Advertising.)
Modern sport and the benefits it confers upon humanity owe far more to England and Englishmen than to any other land or race. National barriers of sport, are, in fact, disappearing. That the Englishman will continue to be the leader in the spirit of sport there is not the slightest doubt. But that he can continue to reign as the supreme athlete is not likely, neither is it for his own good or for that of others.

EMPTY CHARGES.

Mr. Sullivan will continue to make loud and empty charges against Longboat, Coley and Walsin, says Saturday Night, because these are the men that he most fears, but don't imagine that he will keep the whole A. A. U. at home because of them. He may not have entries in the events that Longboat and Coley compete in, because those boys have put it over his best runners during the summer, but it is safe betting that Matt McGrath and John Flanagan will be casting the weights from the same ring as Con, Walsh. Nothing else to it, when springtime comes around the Americans will pack their telescopes and amble down to the dock all right, all right.

Montreal's three lacrosse teams, Montreal, Shamrocks, and Nationals, were nearly \$20,000 ahead last season, while the baseball team went behind just about half that amount. Looks as if lacrosse was the most popular sport in the east by a majority of about \$30,000.

Princeton College athletes won the dual cross-country run from Columbia over the intercollegiate course of six and one-half miles yesterday by the score of 37 to 43. Whitley, of Princeton, who won the race against Yale, did not compete. McGee, of Princeton, who ran against Yale, finished first in 36 minutes 27 2-5 seconds.

GOOD BLOOD FOR BAD.

That is Dr. Williams' Pink Pills for Pale People Always Give Thy Never Fail.

Good blood is the one thing necessary for perfect health. If the blood is good disease cannot exist—if it is bad, disease is bound to appear. There are dozens of maladies caused by bad blood. Among them are anemia, rheumatism, heart palpitation, headache and backache, indigestion and the special ailments of women and growing girls. If you suffer from any of these troubles, Dr. Williams' Pink Pills will cure you—because they make new, red, health-giving blood. They succeed where doctors sometimes fail. In proof of this Mrs. Sarah Jane Duce, Deseronto, Ont., says: "In 1905 I became weak and sickly. I was all run down; I found housework a burden—sometimes I could not do it at all; the least effort made me tired. I consulted a doctor, who told me he might help me some but could not cure me permanently on account of my age. I am over fifty. His treatment did not help me and I gradually grew worse, even my friends began to despair. Four different doctors told me my case was hopeless. My suffering was intense. Sores broke out around my mouth and I was unable to eat. I consulted a specialist, who told me my trouble was anemia and that he had little hopes for my recovery. I was in despair and decided it was useless to spend any more money on doctors. One day my husband urged me to try Dr. Williams' Pink Pills. After a few weeks' use of the Pills I was convinced that I had found the right medicine. I took twelve boxes and they completely cured me, and I am now in excellent health. I gladly recommend them to all sufferers. For they cured me when doctors had failed and my friends were expecting death to end my suffering."
Unless the full name, "Dr. Williams' Pink Pills for Pale People," is printed on the wrapper around each box, don't take them—any other so-called pink pill is a fraud intended to deceive you and may do you harm. If your medicine dealer has not got the genuine Dr. Williams' Pink Pills for Pale People they will be glad to send you direct at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

What a Newspaper Does.

K. E. Clarke, writing to the Toronto Star, says: The following are some of the many uses which a newspaper performs for the community, 1. It acts as a check upon corruption in the law courts, civic administration, and other public institutions, by giving publicity to all that is said and done. 2. It is of service as an advertising medium for the exchange of commodities. 3. It is an educational factor to the extent to which it gives space to useful information and news.

CAN OF PAINT EXPLODED

Mrs. Geo. Adams Sustained Severe Burns—Flamen Called Out.

Evening Post of Nov. 26
This afternoon Mrs. George Adams started to enamel her stove with aluminum paint. The stove was almost cool, but she had hardly begun to apply the paint when the stuff exploded and threw drops of burning paint all over the room.

A little lad who was standing nearby had his stockings burned and received also a few other light burns. The curtains, window blinds, carpet and a chair all took fire and started to burn merrily. Mrs. Adams, however, was not daunted, but set out to quench the fire. An alarm was rung in, and neighbors helped her till they had part of it out by the time the brigade arrived.

Mrs. Adams was badly burned about the hands and arms in her sneaky attempt to save the house. The brigade made good time, but the neighbors were too quick for them.

RELIEVES IN FIVE MINUTES.

Help Comes Quickly When Hyomei is Used for Catarrh.

The quick relief that comes from the Hyomei treatment for catarrh is most remarkable. Put a few drops of liquid Hyomei into the little pocket inlaid that comes with every outfit, and before you have used the treatment for five minutes you will notice relief from your catarrhal troubles.

It gives a tonic healing effect to the air you breathe, kills all catarrhal germs, stops the poisonous secretions, soothes the irritated mucous membrane and makes a marked improvement in the general health.

Hyomei is not a cure all; it has but one aim, the cure of catarrh and diseases of respiratory organs. When the catarrh is cured the general health is improved, for then Nature has a chance to build up the whole system.

If you suffer from offensive breath, raising of mucus, frequent sneezing, husky voice, discharge from the nose, droppings in the throat, loss of strength, spasmodic coughing and feeling of tightness across the upper part of the chest, general weakness and debility, or any other symptoms of catarrh, you should begin to use Hyomei at once. It will destroy all disease germs in the nose, throat and lungs and make a quick and permanent cure of catarrh.

We positively guarantee Hyomei, for should you buy a complete outfit, price \$4, and be dissatisfied with results, your money will be refunded. Hyomei is sold by druggists everywhere. Write for literature. Booth's Hyomei Co., Buffalo, N. Y.

TO ENFORCE GAME LAWS.

A Vigorous Protest Lodged With Chief Game Warden.

The following item, taken from last night's Toronto News, will interest a number of Lindsay hunters:
Mr. A. R. Denison, who complained that the game warden in the hunting districts are not prosecuting those who shoot deer out of season and commit other flagrant offences against the game laws, called on Chief Game Warden Timiney at the Parliament buildings this morning in regard to the matter. Mr. Denison stated that he not only gave Capt. Hunter, game warden of Haliburton, facts in reference to a party who camped near him this fall, but also showed him seven fawns on the train which were being sent out, and the names of whose shippers were plainly inscribed on the tags.
"I intend to push this matter through," said Mr. Denison to a reporter of The News. "If Hunter doesn't prosecute them, I will. The law-abiding, justice-loving sportsmen, who buy licenses and do everything open and above board, are watched with the utmost care, and these bar-room loafers from the wilds, who drive thirty or forty miles back into the woods, and then shoot everything they see from a squirrel to a fawn, many of them without licenses, or holding merely a settler's license, to which they are not entitled—these men are allowed to commit what depredations they please."
Mr. Denison strongly advocates a law prohibiting entirely the shooting of deer.

A Long Wait.

"Why is dinner not ready, Bridget? Didn't I tell you to look it in the gas stove?"
"Yes, mum; but the gas stove went out."
"Why didn't you light it again?"
"I couldn't, mum; it went out through the roof."

An Interesting Freak in Fruit.

Mr. W. M. Robson, of this town, at the Fruit and Flower Show, held in Massey's Hall, Toronto, from Nov. 12th to the 16th, exhibited an absolutely seedless apple, grown a few miles north of Lindsay. The tree, it is said, has produced apples for fifteen years without the sign of a seed in its fruit cells, which are located very near the flower end of this apple. This change of position is favorable to the thought that this apple is in a transitional state, and may ultimately crowd out the useless cavity and become a perfect apple, admired and sought after as much as the popular seedless orange.

Reliable Furs

AT LOW PRICES.

We are Offering Special Values in Furs.

- Persian Lamb Jackets at \$100.00 to \$165.00
- Near Seal Jackets at \$35.00 and \$65.00

Teacher of Piano and Voice Culture.
Pupils prepared for Toronto College of Music Examination. Classes resumed Nov. 1st, 1907.

STUDIO 31 VICTORIA-AVE.

New Maxim.
"Hit it harder," said Gen. Booth to the bass drummer at a Salvation Army meeting.—Dispatch from New York.

It's a brand new, all around rule—
Hit it harder,
Be it bulky man or male,
Hit it harder,
If in football others' main,
Don't give up because you're lame;
Buck the line and show you're game—
Hit it harder.
—Denver Republican.
