#### CAMERAY

(From Our Own Correspondent.)  
The fowl supper held under the auspices of the Presbyterian church on Wednesday evening, 20th, was a decided success. Supper was served in the basement of the Methodist church. Afterward a good program was rendered in the Presbyterian church, consisting of singing, readings and the usual addresses by several ministers of the district.

The boys are anxious for a freeze-up, as they want to start the rink, which will be a great boon to the village.

Our public library is in a flourishing condition. New members are being added daily. Many more are needed. Everybody in the district should help it along. The fee is low.

Our neighborhood is well supplied with telephone services. There is the Bell Telephone in the post office, then Hogg and Lytel's private line in connection with the Mariposa elevator, their grain-buying stations, their grain elevator here, and the residence of J. T. Birchard. Then last, but by no means least, is the Maple Leaf line, built and owned exclusively by the farmers, extending to D. W. Terrill's on the east, connecting nearly every house on its way to Councillor Edwin Rogers to the north, then to the south as far as Pascoe's store at Oakwood, where

Mrs. Thea Stephenson, is still confined to the house and not much hopes are entertained for her recovery.

Dr. Cornwall has been somewhat improved until lately, suffering from an attack of sciatica.

The health of the village was never better than at present.

Beulah Bradley has returned to Omemee, after spending the harvest excursion in Manitoba.

George Morrison, son of Geo. Morrison, sr., is home visiting his father, and may not return for some time, being of the opinion that he will be some time before railway matters revive in the Western States, where he has been performing important duties on the different lines.

We have had very few drunkards, burglaries or thefts lately.

Friends here and other places have received very satisfactory and comforting tidings of the sad end of the late Geo. Kinsler from heart failure. He remains were looked after and respectfully buried by the very best people in Dawson City, where he had been occupying a very important government position.

Large numbers turned out from here to attend the Bethel banquet held under the auspices of L. O. L. brethren. The entertainment began with dialogues, recitations, debates, music, etc., followed by a very evangelistic address by Col. S.

The mild turn of the weather is welcomed by a good many when feed is at so high a figure.

Local Option is all the rage, and we are anxiously waiting to hear the opinion and result of Peterboro and Lindsay. We will follow their good example.

Donald McGregor, one of the leading singers of the Dominion, is engaged for the concert on January 1st. Christ's church was lit up last Sunday evening with electric light, furnished by the village plant. It was really fine.

#### DEER

(From Our Own Correspondent.)  
The contractors of the new dam at Little Lake have quite a large gang at work. The whole foundation is being thoroughly cleaned out, so that the construction of it can be rushed ahead during the winter and spring. It is being built about ten rods below the old dam, and this will give a greater head and more power.

The deer hunters arrived home last week, and all the parties from their place and district report the deer plentiful and the hunting good. A large number of deer were killed in the Bass Lake district. It is thought that many of the deer have come from the north, as they are now plentiful in this district.

A serious accident happened to Donald Robinson of this place last week, who has been working for the Caverdish Lumber Company. He was skidding in the woods, and the chain by which the logs are pulled up on the skidway, broke, and let a heavy log roll back on Donald, breaking his thigh and bruising his face. His cousin, William F. Robinson, took him to Peterboro hospital, where the limb was set. After a careful examination, it was thought that he was not injured internally. It is expected he will be all right as soon as the broken limb is well.

Some of the farmers of this locality are at the ploughing again these fine days. They are satisfied with the weather, as it is letting them finish all their ploughing and giving their stock the privilege of feeding on the grass, which will save the winter fodder.

The patrons of the cheese and butter factory had a meeting in the library rooms here on Thursday last, which was well attended. Messrs. Cameron, Somerville, McKenzie and Reid addressed the meeting on dairy matters. The addresses were pointed and interesting, and should benefit all farmers who are in the dairy business.

Some of our simrods are still after the ducks on Pigeon lake, and manage to bag a good number of blue jays and whistlers.
