Bobcaygeon's Latest News Notes

Interesting Budget from Our Own Correspondent

Bobcaygeon, Nov. 12th, 1908 — The snow and rain which has fallen during the past few days was welcome, though the wet has made a good deal of slush, for owing to the long dry spell a considerable number of wells have gone dry and unless we get an abundant fall of rain in the near future many of us will be under the necessity of carrying water through the winter, and this is not a pleasant prospect.

The ball given by the bachelors and benedicts in the town hall last week was a decided success. Some fifty-five people attended and everyone seemed to have a thoroughly good time. A striking feature of the entertainment was the fact that everyone present joined in the dancing. The programme included more than the usual number of square dances and those who danced little were thus enabled to take an active part in the evening's pleasure. A right jolly spirit was abroad, and altogether the dance was one of the most enjoyable events of the kind that we have had. Mesdames Bottum, Boyd and Garlick acted as hostesses on behalf of the young men. Mrs. Jackson, of Lindsay, provided the music. Thanks are due the young ladies who so kindly supervised the decorating of the hall, and who helped with the domestic science portion of cleaning up the night afterwards.

A movement is on foot among the young people to organize a dancing class. Arrangements have been made with the council for the use of the hall one night a week and it is hoped that the boys will be able to arrange satisfactorily for music and an instructor.

Deer hunting is fashionable these days and a number of our citizens are away enjoying an outing in the autumn woods. The Read party started north in the early days of the month with canoes, etc., amid a great uproar of baying from the eager hounds. The procession was followed across the bridge by a crowd of small boys, to whom the start of a hunting party is as interesting and mysterious as a circus.

Mr. A. E. Bottum is with a party in the Algonquin Park region.

Mr. Roy Croft, of Toronto, with a few friends, has been camping behind Big Island having a crack at the ducks, and incidentally keeping a lookout for deer.

The members of the Ramblers Hunt Club who have been camping at Townsend's dam, on Noyce's Creek since the season opened had a little diversion from the order of their days on Thanksgiving morning. This diversion took the form of a bear hunt. The dogs had been started early in the morning and the indications were promising for a great run. Everyone was on the "jail vive" for deer, but after a short watch Mr. Wilkinson, who was posted near a beaver dam spied a bear slouching along a little distance away. A bullet from "Bob's" 30-30 caused Bruin to quicken his pace and the hunt was on. At this stage Mr. W. Henderson and his pup appeared on the scene. The pup was put on the trail and made his debut as a bear hunter. His performance was very creditable and after a half hour's chase Bruin was located and dispatched. The bear weighed the scales at 296 pounds. The Ramblers were of course delighted with the morning's work and a delicious roast of bear meat, a delicacy not often obtainable. (Mr. Wilkinson has also had the pleasure of bringing down a deer. The other members of the party are George Littleton, H. Pogue, A. Campbell, Jos. Palmer and A. Tiers, all of Verulam. Mr. W. J. Read has been awarded

THE WARDEN'S ADDRESS.
Following is the address presented by the Warden:

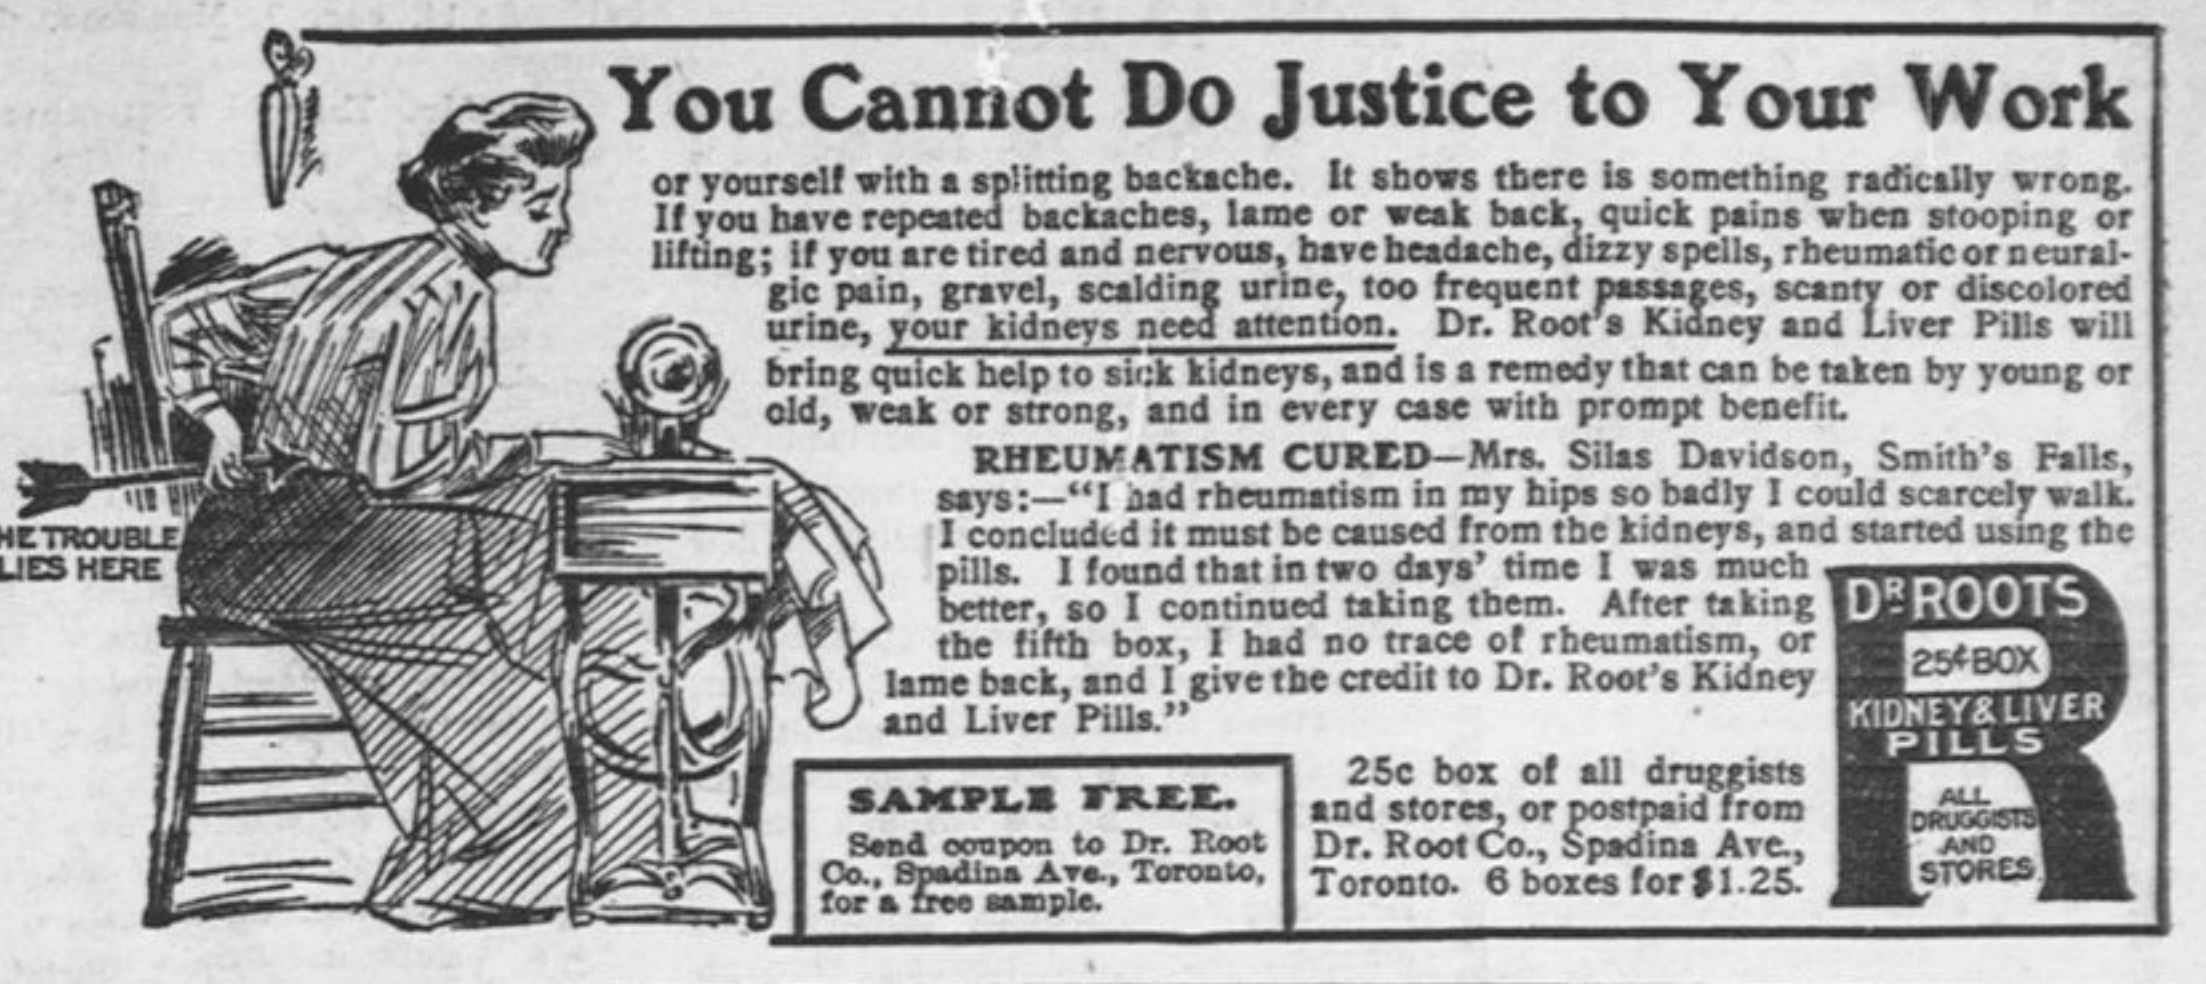

To the Municipal Council of the County of Victoria.
Gentlemen,—As the re-building of the bridges in the northern part of the county now requires such a large expenditure in relation to the value of the municipalities immediately interested, it has occurred to me that the Province of Ontario should bear or recoup to the county a large proportion if not the whole of the cost of the new structures, and I have asked the members who represent the county in the Legislative Assembly to confer with you on the subject at the present session.

In the light of recent proceedings in the Division Court some amendment of the rules and regulations of the House of Refuge appears to be desirable, and a by-law for the purpose has been drafted for submission to you.

At the meeting of the county selectors of jurors held in September, the request of the members of the Lindsay Law Association that the resolution which provides for holding considered. Following your instructions the county treasurer and myself opposed the granting of the request, and in doing so brought to the attention of the Board the documents which were submitted to the Honorable the Attorney-General of the Province in opposition to any effort that might be made to have the Juror's Act so amended as to deprive counties of the power to limit the number of such courts. The request of the Law Association was not entertained.

A number of documents will be submitted for your consideration. I have the honor to be, gentlemen, your obedient servant,
R. M. MASON,
Warden.

Going Back to Alberta
Mr. H. R. Stone, of lot 16, con. 2, Fenelon township, recently returned from an eight weeks' sojourn in Calgary, Alberta, and is enthusiastic over conditions prevailing there and the prospects and possibilities for the future, so much so, in fact, that he has decided to hold a sale of a portion of his farm stock and implements on Nov. 30th, and will leave for that province in the spring. Islay is a flourishing centre, and is one of the terminal points of the Canadian Northern Railway. It is situated in the Hudson Bay section, a short distance from Vermillion, and about 150 miles from Edmonton. Mr. Stone has secured a homestead, the Hudson Bay Company granting a quarter of each section to new settlers. Islay, as the name would lead one to believe, is the home of a number of former residents of Fenelon township, and Mr. Stone states that he met quite a few

If you have repeated backaches, lame or weak back, quick pains when stooping or lifting; if you are tired and nervous, have headache, dizzy spells, rheumatic or neuralgic pain, gravel, scalding urine, too frequent passages, scanty or discolored urine, your kidneys need attention. Dr. Root's Kidney and Liver Pills will bring quick help to sick kidneys, and is a remedy that can be taken by young or old, weak or strong, and in every case with prompt benefit.

RHEUMATISM CURED—Mrs. Silas Davidson, Smith's Falls, says:—"I had rheumatism in my hips so badly I could scarcely walk. I concluded it must be caused from the kidneys, and started using the pills. I found that in two days' time I was much better, so I continued taking them. After taking the fifth box, I had no trace of rheumatism, or lame back, and I give the credit to Dr. Root's Kidney and Liver Pills."

Anniversary Held at Cameron Church

Methodists Hold Interesting Services and Excellent Fowl Supper

The anniversary services in connection with the Cameron Methodist church were held on Sunday, when two excellent sermons were preached by the Rev. Mr. Mounter, of Cannington.

On Monday evening a fowl supper was given by the ladies of the church which was attended by people from all parts of the district, and was a great success.

The chair was taken by Mr. F. Sutcliffe, of Lindsay, who in an excellent speech opened the programme. The church choir gave the first number, and also several others during the evening, and their work was excellent. Mrs. Mulloy gave three very enjoyable readings, which received encores. Mrs. Jewell gave two vocal numbers which were well received. Miss Downer also gave several readings, which delighted the audience, and a selection from the local male quartette was well rendered. The Rev. Mr. Real, of Lindsay, gave a splendid practical address of twenty minutes, which was interesting and full of good practical sense, and a few remarks from the Rev. Mr. Cragg brought the programme to a close.

The pastor, Rev. Mr. Tonkin, the ladies and the officials of the Cameron Methodist church are to be congratulated on the success of their anniversary services and tea.

His Leg was Broken

Willie Adams, a young boy residing on Chamberlain-st., Peterboro, was painfully injured on Saturday afternoon while playing in the ruins which mark the spot where the wreck occurred on the C.P.R. The little fellow had gone to the scene with a number of other boys of the same age, and was playing around one of the box cars, when in some manner the heavy door was allowed to fall upon him, breaking his leg. He was picked up by some men who were present and carried over to his home on a door. His condition is now as favorable as could be expected under the circumstances.

Smallpox in Lumber Camp

Dr. Bell, of Apsley, has reported that a rumor is current in the north that small-pox has broken out in one of the Cavendish Lumber Company's camps. Dr. Bell, however, had not seen any of the men supposed to be ill, and therefore could not verify the report. Two men arrived in Peterboro on Sunday from the vicinity of the supposedly infected camp, and they also tell of the rumor that six or seven men are down with the smallpox in a lumber camp some 20 miles to the north of Apsley.

Peterboro Lumber Co. Close Down

The Peterboro Lumber Co. shut down their mill Saturday night, after running steadily since the ice broke up last spring. Roughly estimated, they turned out about eight million feet of lumber, and have had a very busy season. Their men have

OXOMULSION GOOD FOR BABY!

A thin, puny baby will contract every disease known to infants, for it lacks vitality to stem the tide of sickness. It needs something more than the mother's milk. Doctors know this and recommend OXOMULSION, for it contains the flesh, bone and muscle forming elements so necessary to the growing child. The formula is given with every bottle. Oxomulsion is pleasant to the taste and baby will take it as readily as it will milk. Insist upon having Oxomulsion, for no other emulsion is as good. For sale by all druggists in two sizes, 35c and \$1.00. Prepared only by The Oxomulsion Co., corner Spadina and Phoebe Streets, Toronto. If baby ails, write us for advice.
