

The "New Muto" Convertible Collar Overcoat

Isn't it a dandy? And so simple! Lots of imitations but no equals. The NEW MUTO is the only convertible coat that actually converts. The NEW MUTO collar doesn't turn up—it simply moves up ZIP!—to the spot where you want it. While it doesn't hook or clasp, the simplest little device imaginable moves the collar up—to any height you want it. It fits the man with a long neck, just as it fits the fellow with a short one. The NEW MUTO, too, is a natural collar under all conditions. It fits the neck like a glove—lays as smoothly and perfectly as though ironed while on the body. MUTO collars are made of all fabrics—both thick and thin—that's another point of the MUTO. Come in and see this wonderful coat which we are showing in a splendid choice of patterns at prices

\$12 \$15 \$18 \$20

Heavy Freight Traffic in Grain

"The freight traffic in grain is now beginning to be very heavy," said a local railroad man the other day. Our busy season is now on. Immense quantities of grain are now commencing to move from Midland, destined to Montreal and Port land mainly. Eighteen hundred carloads altogether were at Midland on Saturday. Already many trains of grain have passed through the town on the G. T. R., and from now on the number will increase.

Central Prison for Ops Farm Hand

On Wednesday last Mr. George Houghton, of South Ops, informed Chief Vincent that his hired man, named Harry Croshan, had absconded, taking a new over coat valued at \$10.00 and seven skunk skins. On the Tuesday previous this man had called on the Chief in his office at 8 o'clock and asked for his fare to Toronto. He said he had come from the city on the holiday excursion, become intoxicated and was robbed of his money. Of course the Chief did not believe the story, and the man accordingly, departed. He then went back to the farm of Mr. Houghton, secured his belongings, together with the overcoat and skins, and departed. He was arrested in Toronto on Saturday on two charges of theft committed there, and on Monday he pleaded guilty and received a sentence of seven months in Central Prison, concurrent sentences. He also admitted having stolen the overcoat and skunk skins, the latter he having sold for \$10.00.

Doctor Was Shot On Hunting Trip

Orillia, Ont., Nov. 7.—Dr. A. R. Harvie, one of Orillia's leading physicians, was shot (through the left arm) on Saturday morning by a guide, who mistook him for a deer. The accident occurred in the Township of Longford, about fifty miles from here. The doctor was one of the Red Lamp Hunt Club, composed of some of Orillia's leading citizens. He had the benefit of the immediate attention of Dr. N. A. Powell, of Toronto, who is a member of the club. Dr. Harvie was brought out to civilization by his companions, and reached home on Sunday night after a long and trying trip. The shot, after grazing the arm from near the shoulder, passed through the forearm shattering the bone.

Deer Hunter's Terrible Accident

Peterboro, Nov. 7.—The annual hunt of the Bottle Lake Hunt Club was brought to a sudden termination by the unfortunate accident to Arthur Head, of this city. The party was hunting in the Northern part of Peterboro County on Wednesday last Head, in company with another hunter, was crossing a dam on Stoney Creek, and while standing on the pier and assisting a dog on to the platform, the end of the pier gave way, and Head fell to the hard rock below a distance of fifteen feet. Dr. Amy of the city, was in the party, and gave every assistance possible. It was found that the injured man was suffering from a fracture in the base of the brain. So serious are his injuries that it was impossible to bring him home until Saturday. He is still in a precarious condition.

Arm Shattered By His Gun

Peterboro, Ont., Nov. 7.—William Wormswart, of Arden, Ont., was brought to Nichols Hospital this morning to be treated for a serious injury he received while duck shooting near Arden. He was out alone in a boat when his gun was accidentally discharged, the charge entering his right arm at the shoulder. He had to paddle a mile with one hand and then walk a mile home. His arm was amputated at the hospital tonight. Owing to the shock and exposure it is uncertain if he will recover.

Welcome to Mr. H. B. Clemes

The Toronto News, under the heading, "Welcome To Our City," has the following concerning a popular Lindsay citizen:

"Mr. Howard B. Clemes, for years actively identified with lacrosse locally and at one time president of the C.L.A., who has been in Lindsay for many seasons, has been appointed to manager for Gunns, Limited, and will again take up his residence in Toronto.

While in Lindsay, Mr. Clemes took an active interest in hockey, baseball, lacrosse, curling, etc., and was largely instrumental in the handling of the intermediate team which handed the Intermediate O.H.A. championship. Previous to coming to Lindsay he was manager of a produce business at Port Perry.

OBITUARY

JAMES McLEAN.

Omemee, Nov. 7.—James McLean, of Mt. Pleasant, Durham county, died last night in his 85th year. He was a prominent man in Cavan township, being Justice of the Peace and Chairman of the Board of Health. He was active in business and public life until a week ago. He is survived by his widow, to whom he had been married 62 years, and by seven out of ten children.

The late Mr. McLean was well and favorably known in this district and was universally respected. He was one of the oldest subscribers of The Lindsay Post.

The children are Mrs. J. B. McGill, Pembina, N.D.; Mrs. William G. Marsh, Richmond Hill; H. J. McLean, Mt. Pleasant; Wm. Jackson McLean, Toronto; Mrs. Wm. Greig, Mt. Pleasant; A. P. McLean, Peterboro; T. W. McLean, Omemee. He was a Presbyterian and a Reformer.

Echo.—After a brief illness, Mr. Frederick Mooney passed away on Saturday evening last, at the age of 79 years.

Mr. Mooney was born in the State of Vermont and about 1860 came to Peterboro. Ten years later he moved to Minden, where he became a prominent figure in public life, occupying the position of Registrar of Deeds for a number of years. For some time he served the Township of Minden as their Clerk and afterwards became Reeve of the Township of Snowdon for a term. He accumulated a lot of property and only a year ago sold a steam saw and shingle mill at South Lake.

Since the death of his wife nearly eight years ago he lived alone part of the time, and while his health was noticeably failing he still went about much as usual till Monday of last week when he came to the Minden Hotel, sank rapidly and died at eleven o'clock Saturday evening.

There is a remarkable coincidence in the fact that his death took place on the same date and hour as that of his mother 36 years ago.

He is survived by four sons and three daughters, viz: Lincoln, of Sulbury; Charles, of Winnipeg; Fred, of Duluth; Arthur, of Biggar, Sask.; Mabel, of Toronto; Mildred of Bracebridge; and May, of Lindsay.

An Empire Flag

London, Nov. 8.—The Canadian Associated Press learns that the creation of an empire flag is being discussed in Government circles, but it is likely the idea will be deferred for discussion at the Imperial conference.

Aeroplanes for the U. S.

New York, Nov. 8.—Secretary of War Dickson announced yesterday afternoon that he had purchased fifty aeroplanes for the United States Government.

MOTHER'S LITTLE TREASURE

What mother does not look upon her baby as a little treasure. What mother would not rather suffer herself than see her precious little one suffer. The well child brings joy to the home — the sick child brings misery, despair and care. But mothers, there is no need for your baby to be cross and ailing; even during the much dreaded teething time. What baby needs to keep him well is an occasional dose of Baby's Own Tablets. These Tablets cure all stomach and bowel troubles; destroy worms, and make teething easy. Mrs. Pierre M. Cormier, New Richmond, Centre, Que., writes—"Baby's Own Tablets have been of great benefit to my little one and now he sleeps well and eats well and is happy all the time." The Tablets are sold by all medicine dealers at 25 cents a box or direct from The Dr. Williams' Medicine Co., Brockville, Ont.

No Home in Canada Can Afford to be Without THE FAMILY HERALD AND WEEKLY STAR MONTREAL

PETITION FOR A REPRIEVE

Crippen's Hanging is Now Set For November 23rd.

London, Nov. 8.—It was officially announced that Dr. Hawley H. Crippen, convicted and sentenced to death for the murder of his wife, Belle Elmore, would not be executed to-day, more, would not be executed to-day, as originally arranged, for the reason that the law provides that two weeks must elapse between the dismissal of an application and the carrying out of the sentence. Nov. 23 has been fixed upon as the date for the execution.

Meantime Solicitor Newton, Crippen's counsel, is drafting a petition for a reprieve.

Meant Liberty for Crippen. Toronto, Nov. 8.—According to Hon. Joseph Martin, K.C., now in Toronto, the Court of Criminal Appeal in London has no power to grant a new trial and must either affirm the conviction or set it aside. If conviction is set aside the man convicted is discharged and can not be again placed on trial for that offence. This is what would have happened in the Crippen case if they had found any error in the trial proceedings.

Tailors to Close to Prevent Disorder. Chicago, Nov. 8.—Inability to detail policemen to preserve the peace at the many tailoring shops affected by the garment workers' strike, and at the same time to prevent disorders at the 1,322 polling places in Chicago on election day, compelled Chief of Police Steward yesterday to appeal to the clothing manufacturers to shut down their places of business. He said nearly all of the strike-bound places promised to comply.

No Postoffice Yet. Windsor, Ont., Nov. 8.—Windsor will not have a new postoffice, for the present at least. There has been an agitation on foot for some time for the enlargement of the post-office on floor space, but work was started on the installation of new interior fittings, which is all that the Government will allow for the present. These will entail an expenditure of about \$7,000.

Didn't Get Permits. Port Arthur, Nov. 8.—That the official building permit figures do not show the total was evidenced when three local contractors were given nominal fines in the Police Court for neglecting to take permits on a total of twenty business blocks and residences.

George Martens Guilty. Woodstock, Nov. 8.—George Martens, who was arrested by the Toronto police after he was liberated from the Central Prison, was tried on three theft charges yesterday. He pleaded guilty and was remanded for sentence.

Measles Epidemic in Montreal. Montreal, Nov. 8.—Dr. Laberge, city medical health officer, reports that measles are epidemic in the city. He blames the doctors for not reporting many cases. Several schools have been closed.

Ungallant. Henderson—Ever met with any serious accident while travelling? Henderson—Did I? I met my wife while travelling abroad.

Polluting the Otonabee River

News: The last meeting of the Provincial Board of Health for 1910 will be held at the Parliament Buildings to-morrow afternoon at 2 o'clock. In accordance with the greater care that has been taken to safeguard the sources of water supply and to dispose of the sewage in a manner that will not endanger the health of other municipalities, the majority of the cases that are up for discussion come under these heads.

A deputation from the Township of South Monaghan will be on hand to complain that Peterboro City is polluting the waters of the Otonabee river. Collingwood and Stratford are submitting plans for an extension of their sewage system, and Oshawa and Peterboro submit plans for a new water supply. Walkerville will also consult the board on their sewage plant.

Grand Trunk Railway System TORONTO AND RETURN \$2.05 plus 25 cents for admission to Ontario Horticultural Exhibition. Good going Nov. 15, 16, 17, 18, 19. Return limit, November 21st. Canadian Cereal and Milling Co. LIMITED

PAROID ROOFING

is one of the well-known BIRD NEPONSET PRODUCTS; tested and tried for many years in all climates. Paroid gives lasting service because it is made right—from the felt, which is the base, to the fixtures which hold it on. Paroid presents a smooth, pliable surface which cold will not crack, nor heat cause it to run. It requires no superficial coating of sand or gravel. In Paroid there is nothing to crumble away or work loose and no depressions where water or snow can lodge. Read what the manufacturers say:

OUR OFFER—When you see Paroid on your roof—if it is not satisfactory, tell us and we will send you a cheque for the cost of the roofing and the cost of applying it. If any Bird Neponset Product ever proves defective in manufacture we will replace it. If a broader guarantee than this could be made we would make it.
