the funeral of the late Miss Irene Ly tle, who died on Wednesday Nev. 2 left the home on Glenelg-st., and proceeded to St. Pauls' church where crowds of the deceasedjs friends had gathered to witness the funeral of one who was dear to them, and had passed away. Scripture was read by Rev. Mr. Bilkey, and after a num ber of hymns, Rev. Canon Marsh, in the coarse of an address, referred feelingly to the deceased and stated how he had known her since her youth, and what a loving disposition she possessed. She was a diligent worker in the Girls' branch of the W. Auxiliary and many times had taken flowers to the bedside of some suffer er, and devoted herself in conversing and cheering the sick. Then she took was a diligent and faithful worker, and as the hospital was crowded with the sick a number of which were typhoid patients she was overworked when she contracted typhoid fever, herconstitution was not strong to stand the shock. and she gradually sank lower and lower, until on Wednesday she passed nelg-st. where she had been moved at her own request.

Serious Typhoid Fever Epidemic

Examiner ' According to reports which may be, and it is hoped are, exaggerated, a most serious outbreak of typhoid is attributed to a certain place in Orono, at which meals were served on exhibition day. It is stated that out of 115 that took supper at this place at that time, all but nine have been attacked with typhoid, and that fifteen have died, of which, three were members of the Bowmanville band. It is said that the citizens of Orono are exempt, but that the cases come from a wide area of surrounding country It is known that there are in the two hospitals in Peterboro seven or eight cases each sent in from outside points, and there have been several deaths here, two bodies having been despatched from the local railway station yesterday, If the statements are even approximately true, there must have been some specific condition of a very ser-All coast regions and cities specially ious character that produced such

La Grippe

"I had suffered several weeks with LaGrippe. Had pains in my head and eyes. It felt as though there was a heavy weight on the top of my head, until it seemed that my brain would burst. I was so nervous that I could not rest or sleep. When I dozed off I would awake with a sudden jerking of my whole body. Dr. Miles' Nervine, Heart Remedy and Nerve and Liver Pills cured me. A number of friends have since realized the same benefits."

MRS. ALVIN H. LOCKS, Seabrook, N. H.

The after effects of LaGrippe are often more serious than the disease, as it leaves the system in a weakened condition that invites more serious troubles, such as pneumonia, etc.

Dr. Miles' Restorative Nervine

should be taken for some time to thoroughly restore nerve strength.
