TUMOR OF YEARS GROWTH

Removed by Lydia E. Pinkham's Vegetable Compound

Winnipeg, Man.—"Eleven years ago I went to the Victoria Hospital, Montreal, suffering with a growth in the uterus. The doctors said it was a tumor, and could not be removed, as it would cause instant death. They found that other organs were affected and said I could not live more than six months in the condition I was in. After I came home I saw your advertisement in the paper and commenced taking Lydia E. Pinkham's Vegetable Compound. I took it constantly for two years, and still take it at times, and both my husband and myself claim that it was the means of saving my life. I highly recommend it to suffering women."

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy—tumor. If you have mysterious pains, inflammation, ulceration or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation, but try Lydia E. Pinkham's Vegetable Compound at once.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills.

Funeral of Late R. Bruce Currie

The funeral of the late Robert Bruce Currie took place this afternoon from the residence of his parents, William-st., and was largely attended. The funeral was conducted by Lindsay Lodge, I.O.O.F., the deceased being a member at the time of his death of Prince of Wales Lodge, Toronto.

A very impressive service was conducted at the house by Rev. J. P. Wilson in the presence of a large concourse, after which the cortege proceeded to the Riverside cemetery, where the beautiful funeral service of the I.O.O.F. was carried out by the Chaplain, assisted by the N.G.

The pallbearers were Bros. L. Wickert, W. Carlisle, E. Edwards, N. McFadyen, D. Sinclair and W. Goodwin.

The floral tributes sent by sorrowing friends were many and beautiful. Among them was a beautiful representation of "The Gates Ajar," in beautiful pink, yellow and white roses, from the A. E. Rae & Co., of Montreal; a pillow of mixed flowers from A. E. Rae Ltd., Ottawa; wreath of flowers from his own staff; a column of yellow roses and purple violets from A. E. Rae and buyers, of Montreal; wreath from the Mount Stephens Council; wreath from the Royal Arcanum; wreath from the Oddfellows; wreath of white roses from the family; spray of white roses from Mr. and Mrs. Makins; spray of white carnations from Mrs. David Walker; spray of pink and white carnations from Miss Bertha Armstrong; spray of pink chrysanthemums from Mr. and Mrs. Lou Wickert; spray of pink flowers from the staff of Mr. B. J. Gough; spray of yellow chrysanthemums from the Epworth League; a pink wreath from Mr. and Mrs. B. J. Gough; spray from Misses Gertrude and Etta Thornbury; spray from Mrs. Scott and Miss Anna Scott; spray of pink carnations from Miss Ruby Woods; spray of white carnations from Mrs. Cavan and Mrs. Zahns, Toronto; wreath of roses from the Sellers-Gough Fur Co., of Toronto.

The town council was represented at the funeral, the deceased being a brother of the acting clerk and treasurer.

Starting on Building Works

Mr. D. B. Thomas is starting operations on a brick barn, 50x80 to be used in connection with his new factory. He has secured all the brick needed for the buildings in Lindsay and Peterboro. About 100,000 brick were bought here, besides a quantity of old brick.

J. Robertson's Painful Accident

Mr. J. Robertson, of South Ops, met with a painful accident on Wednesday. He was engaged in binding a load of hay, before hauling it to town, and the binding pole, on which he had placed his whole weight, broke. Mr. Robertson fell to the ground on his head and was badly shaken up, besides being injured about the body.

High Court of Justice Session

A session of the High Court of Justice non-jury sittings, was held this morning before Mr. Justice Sutherland. There was only one case Little vs. Little, for a specific performance of a contract. Mr. G. H. Hopkins, K.C., for the plaintiff. The case was settled by defendant paying costs.

Catholic Club Held Meeting

Last evening another meeting of the St. Mary's Catholic Club was held in the Parish hall. The president, Mr. John Rogers, presided, and the attendance was most encouraging.

A new set of rules governing the club was presented and adopted. It was decided to hold a social evening in the rooms on Nov. 23rd. It will be for members only and their lady friends. A committee was appointed to make all arrangements for the event, which promises to be quite a success.

The question of organizing a hockey club was also discussed as well as the flooding of bowling lawn for a rink. This suggestion was received with enthusiasm, and the president was empowered to interview the officers of the bowling club with this object in view.

During the evening a short programme was contributed, consisting of numbers by Messrs. James Gilgoly, Sr., and T. J. Begley. Venerable Archdeacon Casey also delivered a most interesting address on the history of the Catholic church in England during the past century which was listened to with the greatest interest. The reverend gentleman referred to the many disabilities under which the church had labored, many of which had been removed, and as a result it had only advanced by leaps and bounds. The great Oxford movement which was the means of bringing many distinguished converts into the church, was also referred to, and also the recent Eucharistic Council held in England, which was graced by the presence of a Papal Legate, Cardinal Vannutelli. This was the first visit of a Legate to England since the days of Queen Mary.

The next meeting of the club will be held on December 7th.

Do You Suffer from Piles? ZAM-BUK EVERY HOME NEEDS IT.

If so, we would ask you to enquire amongst your friends the value of Zam-Buk for this ailment! You cannot but meet with some one who has proved how excellent it is.

Mr. H. E. Hill of Shevlin, Man., writes:—"I suffered a long time with piles and tried numerous remedies, but without effect. Having tried a sample of Zam-Buk and being encouraged by the result, I persevered, using two boxes. It worked like magic, and effected a complete cure in a very short time."

Mr. James Ruddy of Killaloe, Ont., says:—"I suffered greatly from piles. The pain from these—as anyone who suffers from them will know—was almost unbearable. I tried first one remedy and then another, but all without effect. Then I heard about Zam-Buk and determined to give this wonderful balm a trial. I obtained a supply and commenced with the treatment, and to my great joy, after perseverance with Zam-Buk, I obtained permanent relief from the agonizing pain of the piles. Having been cured by Zam-Buk I heartily recommend the balm to all sufferers."

Zam-Buk also cures inflamed sores, eczema, scalp sores, ulcers, abscesses, cold sores, chapped hands, frost bite, cuts, burns and all skin injuries and diseases. A 1/2 night and stores sell at 50c box or post free from Zam-Buk Co., Toronto, for price. Refuse substitutes and imitations.

Flyer Met With Accident

Examiner—What might have been a very serious accident occurred this morning to the Peterboro G.T.R. flyer, No. 19, which leaves here at 7.10 The train was running at a good rate of speed near Jackson Park, when the axle of the front set of driving wheels on the engine broke. The axle broke outside of the frame on the right side of the engine, allowing the right front driving wheel to run wild and as a consequence serious trouble followed. The driving shaft was wrenched off and other parts of the gearing were badly broken. A spoke was also broken out of the rear driving wheel.

It was very fortunate that the train was not running very fast, as this is an accident of common occurrence, and is one of the most dangerous to be contended with. In the majority of cases when the shaft comes off it flies upward and demolishes the cab, with the result that if the engineer is in his seat, he meets with, in almost every instance, instant death.

Word was immediately sent back to Peterboro apprising the yard crew of the plight of the flyer, and a wire was sent on ahead to warn the incoming Lindsay train to watch out for the crippled train near Jackson Park. At the same time the yard engine was sent out to the scene and brought in the train of coaches containing the passengers, who were placed on No. 21, which leaves here at 8.30 for Toronto.

In this morning's accident the shaft luckily went downward, smashed through the ties and buried itself in the ground. The engine was No. 2012 and was brought back to the engine house here. The train was cancelled for today. The parlor was put on train No. 21.

Business of County Council

Wednesday Afternoon. PRINTING

The printing committee met this afternoon at 2.30 o'clock with Reeve Kylie in the chair. Various reports of expenditures were read, considered, and passed.

Mr. Jordan said that the registrar informed him that the files in the Registrar's office had to be obtained and now persons will be able to find anything in the files which will be good for at least 25 years.

The purchase of these new files will forestall the necessity of purchasing immediately the steel filing system, the need of which was pointed out by the Inspector some time ago.

COUNTY PROPERTY Reeve Jordan then presided over the Committee on County Property explaining the accounts as they were brought to his notice.

An account for placing a valve to shut off the steam from the Registry office at the Court House, was the plans for the entire heating had been drawn up, it was noticed that no provision for a cut-off valve had been made, but it was thought that it would be put in later and at the contractor's expense. However, it was not in the specifications, so it was overlooked, and lately the valve has been put in by the County paying the cost.

SMOKELESS COAL The County is now obtaining smokeless coal for the Court House furnace, and no complaints from neighbors who have been bothered with soot and smoke, have been coming in lately.

COST OF NEW PORCH The cost of the new porch at the goal was thought to be very reasonable, the total coming to \$363.25. It has been a great satisfaction and safeguard since its erection.

GOOD FINANCING Mr. Kylie said in regard to the accounts that he used to think that there was a great deal of extravagance but he found it was different here when he watched more closely and that public institutions could not be run for nothing.

CHAIRMAN'S GRANT Chairman Jordan was awarded the usual grant of \$50 due men who hold that arduous position, on motion of Messrs. Kylie and McLean.

APPOINTMENTS TO OFFICE The committee on appointments to office was presided over by Reeve Graham and the question of appointing a High County Constable was brought up.

The matter was very carefully considered, and License Inspector Thornbury was appointed, on motion of Messrs. Tiers and Southern, with an honorarium of \$50 a year, the latter on motion of Messrs. Palmer and McLeod. It was thought that it was unwise to appoint Chief Vincent as he had declined to take the office, and anyway the police force of the town could not stand depletion and demoralization through lack of leadership during his absence.

The work would not interfere with Inspector Thornbury's present duties and so it would be doubly wise to appoint him. It was felt that as the County had a record for probably the lowest average of crime in Ontario, and every step possible should be taken to maintain the enviable position.

POULTRY GRANT When the Council met this morning a deputation from the Poultry and Pet Stock Association, comprising Messrs. D. C. Trew, P. Conquergood, W. Jordan and Alex. Horn was heard from in reference to a grant to their worthy institution.

Mr. D. C. Trew wished a grant for the poultry association. It was not for his own pockets but for the poultry raisers of the county. Such a worthy cause should be assisted.

Alex. Horn had a statement of receipts and expenditures and stated

the amounts of these. He said they had to have grants to carry on the Association. The secretary-treasurer, was the only one paid, and he received only the barest amount. The affair was educational and not money-making, as shown by the receipts, there being a deficit of about \$24 for the year past. Mr. Horn thought it was better to apply for the grant now before the show was held, and then the expenditures could be gauged better and the January Council would not be requested to contribute if the money were given now. One hundred dollars he thought would be sufficient.

W. Jordan said the chicken industry is quite an item and it is due to the women who come to the market weekly with their dressed fowl. Men do not do the dressing of them. He considered it an encouragement to grant the amount desired and that it should be given for the ladies' sake, if not for that of the gentlemen.

P. Conquergood had been around the country and had noticed the improvement of the quantity and quality of the poultry throughout the country. It is a great benefit and the country should materially help the Association in its work.

Warden Tiers assured the deputation would receive the Council's serious consideration.

OTHER MATTERS. The yearly allowance to the Warden was referred to the Finance Committee, and a request for a new railing for Brown's Bridge at Omecree by Mr. Cornell was also left to the discretion of a committee.

HIGH COUNTY CONSTABLE The resignation of Ralph C. Vincent as High County Constable, and the appointment of Inspector Thornbury was the cause of much discussion this morning. It was the consensus of all that while the Chief might have appeared to have been treated a little shortly, yet it was a compliment to him in reality that the town could not do without his continuous services and could not afford to be without his constant supervision, which does much to prevent crime. A substitute would not know the ins and outs of the various rounds as well as the Chief himself. As Inspector Thornbury's duties were naturally a great deal out of town, the position would be better adapted for him to fill. The question of reimbursing the Chief for his services in the past as High County Constable will be considered this afternoon at the Finance meeting. Reports of the Committee on printing, County property and appointments to office were read by Messrs. Young, McLean, Dr. Gould and Palmer respectively. Mare Stolen Chas. Huber, high constable of Berlin, has notified Chief Vincent that a mare has been stolen at that city. It was 8 years old, 15 hands high, weight between 1100 and 1200. Blind left eye. Both hind feet white about six inches above hoof. Good condition. Reward of \$75 for capture of thief.
