Neuralgia Cured Of the Blood

This Painful Trouble is Due to Poverty of the Blood

Neuralgia is one of the most painful maladies that afflicts humanity. The trouble is usually seated in the face and head, following the course of some nerve, but it attacks other parts of the system as well. It is characterized by acute pains, sometimes, steady, at others, spasmodic and darting, headaches and a feeling as though the forehead was a band of iron. Medical authorities agree that neuralgia is a cry of the nerves for better food, and if the blood is purified and enriched the trouble will disappear. This is the reason why Dr. Williams' Pink Pills cure even the most cases of neuralgia. They actually make rich new blood which feeds the tired starved nerves and thus cures the trouble, at the same time leaving the sufferer in better health in every way than was formerly enjoyed.

In proof we give the case of Mr. G. Brooks, of Aurora, Ont., who says: "About two years ago, while working in Collingwood, I was attacked with neuralgia, which became so bad that I was frequently unable to go to work. The pain would start over my right eye and would then spread to the whole face, and cause me the greatest agony. I was under the care of a good doctor, but his treatment did not do more than give me temporary relief, and I was therefore an almost constant sufferer. Acting on the advice of my wife I finally decided to give Dr. Williams' Pink Pills a trial, and I am profoundly thankful I did so, as in the course of a few weeks I began to improve, and after a further use of the Pills the trouble disappeared and I have not since had any trace of it. I may also add that while taking the Pills, my weight increased by nine pounds, which shows that the pills are a body builder as well as a nerve restorer."

Sold by all medicine dealers or by mail at 50 cents a box or 75 boxes for \$2.50 from Dr. Williams' Medicine Co., Brockville, Ont.

SICKLY BABIES CRY HEALTHY BABIES SMILE

Baby's cry indicates distress—his smile, health and contentment. The mother may be sure there never was a baby who cried for the fun of it. Baby's disposition is naturally a happy one and it is only distress such as may be brought on by a disordered condition of the stomach or bowels that can change this. So mothers, to keep your baby happy, you must keep him well—Baby's Own Tablets will do this. Concerning them Mrs. Chas. Potvin, Causapataca, N.S., writes—

"Baby's Own Tablets have proved an excellent remedy for baby. I had been using syrups but they failed to help him and he cried constantly. The Tablets cured him and now he is a fat healthy child." The Tablets are sold by medicine dealers or by mail from the Dr. Williams' Medicine Co. Brockville, Ont.
