G. T. R. DIVISIONAL CENTRE AT ORILLIA

The Orillia News-Letter says: "The old rumor to the effect that the G.T.R. intend to make Orillia a divisional point and will erect a round-house and repair shops here is again in circulation and is said to have come from a reliable railroad man. There is probably nothing in it, although the G.T.R. had a good deal of surveying done in the vicinity of their station during the past summer, but for what purpose has not been given out. It is also rumored that the G.T.R. station is shortly to be moved closer to the centre of the town and the survey may have been in connection with this."

HORSE THIEF WHO OPERATED HERE IS IN THE TOILS AT CORNWALL

Charles McMahon, the man who, during September, stole a horse and rig from Mrs. Maddison, Lorneville, afterwards selling it to Mr. R. P. Spratt, of town, has been arrested at Ogdensburg, N.Y., on a similar charge. His home is in Paisley, Bruce County, Ont. Magistrate J. P. Clements of Chesterville, sent McMahon up to stand trial at the next assizes at Chesterville.

On the night of November 8th, a man representing himself to be Mr. Geo. Markell, drove into Chesterville with a fine horse and rig. The same evening he sold the outfit to Mr. Lawrence Jordan, who later sold it to Mr. P. Ellis, another resident of the village. The next morning when Mr. Ellis went to see his purchase he became suspicious, as he had paid a low price for the outfit. He saw Mr. Jordan, who stopped payment on the check he had issued. "Markell" told them to telephone the village where his standing could be ascertained. This was done, everything apparently being all right. The check was paid, the information received being to the effect that Mr. Markell was a responsible farmer.

The genuine Mr. Markell turned up later looking for his horse, which had been stolen. It was found out that the bogus Markell had been at Morrisburg where he had spent his money freely. He was finally located at Ogdensburg. On being arraigned before Magistrate Clements, of Chesterville, he said his name was McMahon and that his home was in Paisley, Bruce County. He pleaded not guilty and was sent up to Cornwall for trial.

Constable Thornbury, who has been actively engaged in following up the man received word from Chief of Police Griffith, of Perth, regarding McMahon, who also enclosed a photo. Constable Thornbury says he is the man he is looking for on the charge of horse-stealing at Lorneville.

When the authorities at Cornwall are through with him, Constable Thornbury will bring him to Lindsay to stand trial on the charge of horse stealing. During the past summer a number of horse thieves have operated in this district, but only one of them succeeded in evading the authorities, which speaks well for the diligence and perseverance of the officers of the peace in this district.

DR. EMMONS

The following obituary notice of Dr. Emmons, we copy from the Daily Tribune, of Winnipeg.

Dr. W. E. Emmons, a dental practitioner, well known in Winnipeg a few years ago, died in Vancouver on Sunday. While in Winnipeg Dr. Emmons built around himself one of the best and largest practices ever enjoyed by a dental practitioner in Western Canada. He was one of the most expert operators ever seen on this side of the Great Lakes.

Owing to overwork his health broke down about seven years ago and he was compelled to leave his practice, and go west to the coast, where, after a year or two spent recuperating, he settled down in the city of Vancouver. This was about five years ago, and men who knew him best, tell that he again built around himself so large a practice that the overwork killed him.

Dr. Emmons is survived by two children, Frank and Edward and his wife, who, before her marriage, was a Miss McCrossan, daughter of Thos. McCrossan. Twenty years ago Mr. McCrossan was one of the best known men in Winnipeg. He built, owned and did business in the building at present known as the Winnipeg theater, which was known in those days as the Victoria Hall.

Dr. Emmons was born in Belleville, Ont., and received his primary education in the public schools of that city. Later he went to Lindsay and became a dental student in an office there. He came west to Winnipeg as a lad about twenty years ago and completed his student work in the dental office of Dr. J. M. Benson. After the practical training in these dental offices, he went to Chicago, where he completed his education in the Chicago College of Dental Surgery. After graduation he came back to Winnipeg to practice his profession and for many years he enjoyed an unrivaled practice in the city of Winnipeg. The overwork incident to his large practice was the cause of his first breakdown in his health and of his leaving this city, and the overwork accompanying his large practice in Vancouver was finally the cause of his death.

His death is much regretted by his friends in Winnipeg.

The deceased was well known to many in this town and district. During his residence here he was with Dr. Neelands.

Opening Up Drain

At a recent meeting of the Town Council that body ordered Chairman Babcock of the Board of Works to have the drain which crosses Victoria Park opened. Men are now engaged on the work. Several pieces of hose and a nozzle were borrowed from the fire-hall for the purpose of cleaning it out under the Grand Trunk track on Victoria Ave. All along the bottom of the drain through the park there is a deep accumulation of mud, etc. It will be left open until the floods are over in the spring.

ANOTHER GRANDFATHER

To the Editor:— Sit:—In reading the manifesto of the Liberal party I am a little surprised at what it does not say, and still seems to want to say it. However it is young and spry and a favorable contrast to the vainglorious manifesto of the old man, inasmuch as it has to say, as for instance, it will at once do away with that un-British, three-fifth clause, which denies the right of British subjects of a "fair field and no favors." So now, Mr. Canuck, you of the Liberal faith, get a move on you and see what you can do. There is a real good show for your winning, and you are going to get a lot of help, and help, too, from good old Tories, who do not like the idea of piling on a man, who is beaten and down, to give him another beating, which the action of the Whitney Government in bringing on the elections just now very much resembles.

Yours etc. A GRANDFATHER.

The Shadow of Poor Health

Dispelled Through the Use of Dr. Williams' Pink Pills

When the shadow of poor health falls on your life, when hope begins to fade and friends look serious, then is the time you should remember that thousands just as hopeless have been cured and restored to the sunshine of health by Dr. Williams' Pink Pills. These pills actually make new, rich, blood which brings a glow of health to anaemic cheeks, cures indigestion, headaches and backaches, drives out the stinging pains and rheumatism; and neuralgia, strengthens the nerves and relieves as no other medicine can do, the aches and pains which only women folk suffer from. In any emergency of poor health, give Dr. Williams' Pink Pills a trial and they will not disappoint you. Here is a case that will bring hope to many a weary sufferer. Mrs. F. K. Sanders, St. Thomas, Ont., says:—"About four years ago I took a severe cold which I neglected thinking that I would soon be all right again but instead I found myself in a weak and run-down condition. I seemed to have no ambition. To do anything, and my heart and nerves became so bad I was forced to bed. The doctor, who was called in, said the trouble was chronic rheumatism, but in spite of his skilled attention I was unable to sit up and eat, but had to be fed with a spoon. One day a visiting friend suggested my trying Dr. Williams' Pink Pills, and I sent for half a dozen boxes. In a short while I began to eat better, and feel better, and by the time the pills were used I felt altogether different; my heart did not bother me, my lips and cheeks regained their natural color, and everybody who saw me remarked on how well I was once more looking. Wishing to be on the safe side, I took two boxes more of the
