

TRAMPED 60 MILES TO SAVE HIS CHUM

Prospector at Larder Lake Got Back with GIN PILLS Just in Time.

LARDER LAKE, ONT., MARCH 26th, 1911. "I am writing to tell you the good GIN PILLS did me. I had been suffering for some time with my Kidneys and Urine. It was constantly passing water which was very scanty, sometimes as many as thirty times a day. Each time the pain was something awful and no rest at night. I began to feel worn out."

WELCOME RELIEF.

I heard of your GIN PILLS and decided to give them a trial at once. I sent my chum out to get them (about 60 miles) and I am pleased to inform you that in less than six hours, I felt relief. In two days, the pain had left me altogether. I took about half a box and to-day I feel as well as ever and my kidneys are acting quite natural again. Thanking you for the pills which I always intend to keep by me. Yours respectfully, SID CASTLEMAN.

We have never received a letter that pleased us more than this one. When we realize what GIN PILLS meant to this sick man, lying on a bed of pain miles away from a doctor in the frozen north, and how they helped him, we feel that our efforts to prepare a standard preparation for Kidney and Bladder Troubles have been crowned with success.

GIN PILLS is a wonderful solvent for uric acid. It instantly neutralizes the hot, scalding urine, allays the burning pain, soothes the irritated bladder and heals the kidneys. Take GIN PILLS on our positive guarantee of a cure or your money back. 50c. a box, 6 for \$2.50. Free sample, if you write mentioning this paper, The National Drug & Chemical Co. of Canada, Limited, Dept. B Toronto.

NATIONAL LAZY LIVER PILLS are a positive cure for Constipation, Biliousness, Sick Headache and Sour Stomach. Excellent for Indigestion. 25c. a box.

M. H. McGEOUGH BUILDS FINE RESIDENCE PROPERTY OF MR. DANIEL TWOHEY

Mr. M. H. McGeough has just completed the finishing touches to a handsome new residence for Mr. and Mrs. Daniel Twohey. It is situated on St. Lawrence-st., South, and is said to be (by those in a position to judge) one of the finest houses ever erected in Lindsay.

It is constructed in Gothic style, of architecture, is of white brick and is a credit to Mr. McGeough, who was both contractor and architect. He is naturally proud of the new structure.

On the first floor a large roomy hall is entered with winding stairs, of solid oak, running from the south east corner to the up-stairs apartment. On the left of the hall are two beautiful double parlors with folding doors. The dining room can be entered from the hall as well as from the rear parlor. This room is a splendid one with large bay windows to the south. The kitchen is in the rear of the dining room with a pantry on the north side.

The floors and woodwork are all quarter cut oak the cupboard in the pantry being of the same material. A cosy

verandah can be reached from the kitchen on the south side of the house and a neatly designed arch marks the entrance from the kitchen to the dining room.

The up-stairs apartments leaves nothing to be desired. There are three bright roomy bed rooms to the front of the house, with a fine bath room and sewing room in the rear. A door leads from the latter to a balcony on the south side of the house, where a fine view can be obtained of the surrounding country. The floors are of solid oak, while the woodwork in the apartments are executed in cream white and sea green. A fine wide hall runs the length of the floor and a rear stairs leads to the kitchen.

The top floor or attic runs the full size of the house with a flooring of pine.

The cellar runs the whole length of the house and is divided into three apartments. A modern furnace is installed in the cellar, the residence being steam heated and lighted by electricity. Externally the house presents an imposing appearance. A fine large verandah extends from the front around to the south side, the huge pillars being of cypress. It is painted black with a ceiling of white and presents a marked contrast to the style in vogue on other verandah decorations. Two cement walks run from the residence to the street. The shingles on the entire structure have been dipped in dark green which not only acts as a preservative, but adds greatly to the appearance of the house.

The new home of Mr. and Mrs. Twohey is a model one in every particular. They are moving into it this week and are receiving the congratulations of their many friends.

LINDSAY LADY LOOKING AFTER FORTUNE IT IS ESTIMATED AT \$4,500,000

Brantford, Nov. 15.—Josiah Armistage, acting for his sister, Mrs. J. J. Perrin, of Lindsay, is here looking up members of the Perrin family, the members of which, according to a recent despatch from San Jose, Cal., are heirs to four and a half millions, which have accumulated in England in the past two hundred years. Mrs. Perrin is the wife of the late John James Perrin, said to have been a cousin of Drs. Charles and Thomas Perrin, who are direct heirs to the estate. Prior to the announcement made from California, she had sent a lawyer to England to inquire into the fortune. Mrs. Perrin says that direct trace of her family is available back as far as 1777.

LINDSAY FAMILY MAY COME IN FOR SHARE OF BIG ESTATE IN ENGLAND

From Friday's Post. In connection with the despatch published in last night's issue regarding a Lindsay lady and an English fortune an error occurred. The despatch stated that Mrs. J. J. Perrin is the wife of the late John James Perrin. Mr. Perrin is alive and is a respected resident of the East Ward. Mrs. Perrin's grandfather was a cousin of the English relative of the same name who left such an immense fortune. There are nine heirs to the estate. A son of Mrs. J. J. Perrin informed the Post this morning that outside of the error referred to, the despatch was correct in every particular. The family felt satisfied that they are members of the Perrin family referred to, as a direct trace of the family is available back as far as 1777.

CAVAN RESIDENT WELL KNOWN HERE FATALLY HURT AT MILLBROOK THURSDAY

(Special to The Post) Millbrook, Nov. 16.—While delivering a horse to a buyer yesterday afternoon, the horse led got his foot entangled in the hind wheel of the buggy, raising it forward and throwing Mr. Edward Fallis against the heels of the driven horse, which kicked him and bruised his skull. Mr. Fallis attended to his business as usual, and remained in town until four o'clock, when he drove home with his son, who is attending the village school. He went to the table at tea-time, but was unable to retain food. He laid down on the lounge and became unconscious. The doctor was summoned, and finding the case a serious one, was obliged to return for surgical instruments. Before again leaving his office a telephone message came that Mr. Fallis was dead. The late Mr. Fallis was a prosperous farmer living about three miles from the village. His wife died a little over a year ago, leaving a family of orphans.

LOCAL HUNTERS HOME FROM CHASE GOT THEIR FULL QUOTA OF DEER

From Friday's Post. The deer hunting season is over for the year 1911. Yesterday and to-day the parties which have been in the woods for the last few weeks, returned to their homes. They all report a good time, the rugged camp life and fare agreeing with them. The strenuous sport of tramping through the woods, following the deer, with or without hounds, has its enjoyments. Then too, there is the camp life. Each evening they gather around the fire to spin yarns, and tell stories of their hunts. The hunters say that it was hard to get the deer to take the water. Messrs. John W. Anderson, E. Gregory and Rev. Dr. Shorey were with the following: Rev. Geo. Henderson, Peterboro and Messrs. R. Neil, Felix Browns (Ombe), J. D. Collins F. Mason, Peterboro, A. Mansell Irwin, Cannington, E. McCallum, Cobourg, W. E. Beman Newcastle, James Shannon, Toronto. The party was camped on Green Island in Lake Memesagaminge, Parry Sound. They went in via North Bay and Lake Nipissing to Chaudiere Falls, and then across the Reserve to the camp. The party succeeded in securing their full number of deer, reporting a good time. Everything was all right but the weather, which behaved rather badly in the section where the party was hunting.

DEAD CLERGYMAN WAS KNOWN HERE

Sault Ste Marie, Nov. 16.—Within a few hours after he had officiated at the funeral of John Collins death came without warning to Rev. J. J. Connelly, S.J., at the priest's house here at midnight. The charity ball was in full swing just opposite the house when the proceedings were halted by a call for Coroner McCoig and Dr. Quaid to go across the street to the stricken priest. He was dead when they arrived. Death is ascribed to heart failure.

Father Connelly was one of the best known Jesuit priests in Canada, and has been in the Soo twice, filling pastorates in Port Arthur and Guelph in the interim. He is also well known in Montreal, where he was for many years. He was aged 63.

The deceased clergyman was well known in Peterboro diocese, where he organized the League of the Sacred Heart in several parishes. He visited Lindsay some time ago, in the interests of the League.

TRENT NAVIGATION PRACTICALLY ENDED

Times.—Navigation on the Trent Canal, in so far as the points where the railway bridges cross the canal, with one exception, be closed for navigation on Tuesday, the 21st. inst. As a matter of fact the Nassau drawbridge has already been closed, there being no object in keeping it open in view of the fact that the Peterboro Hydraulic Lift Lock is laid up for the season. The G.T.R. draw bridge below Peterboro and the G.T.R. draw bridge at Fenelon Falls will close on the above date. The G.T.R. drawbridge just above Hastings will remain open for a short time longer.

Dr. White has returned from Ottawa, where he attended the Military Conference, presided over by Hon. Col. Hughes.

Children Cry FOR FLETCHER'S CASTORIA

15 YEARS A DYSPEPTIC

Forced to Live on Stale Bread and Porridge.

"FRUIT-A-TIVES" CURED HIM

AVONDALE, N. B., October, 15th. "I have been a great sufferer from Indigestion for fifteen years. I was forced to deny myself all such hearty foods as beans, meats, potatoes and could not drink tea or coffee. For the past two years, I lived on porridge, stale bread, etc. I had treatment from two doctors, and tried nearly every kind of medicine, but got worse. "Finally I saw a testimonial of "Fruit-a-tives" and concluded to give them a trial. I took nearly four boxes of "Fruit-a-tives" and they have made me feel like a new man. I can eat all kinds of hearty foods without suffering, and am no longer constipated."

Many people look on "Fruit-a-tives" as a miraculous medicine. It has indeed performed what have seemed like miraculous cures in hundreds of cases of chronic Indigestion, Dyspepsia, Constipation and Biliousness. "Fruit-a-tives" is the only medicine in the world made of fresh fruit juices and valuable tonics. 50c. a box, 6 for \$2.50, or trial size, 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

MILITARY AFFAIRS TO BE DISCUSSED

Ottawa, Nov. 15.—The agenda for the conference of militia officers on Thursday, invited by Hon. Col. Hughes to discuss various matters relating to the militia of Canada, includes the following subjects:—"The canteen in training camps or officers' messes; how to stimulate interest in recruiting regulations for military bands; physical and military training in schools; the training of boys in brigade or divisional camps; cadet corps and how to make them efficient; arms for cadet corps and boys generally; the transport of troops; gun drill for all officers; armories for companies, regiments and brigades, rewards and prizes for rifle-shooting; officers' uniforms and the system of military training generally. About one hundred officers from all parts of Canada will attend the conference, which will begin on Thursday morning in the Railway Committee rooms of the House of Commons.

BALLASTING FINISHED IN WEEK'S TIME IF THE WEATHER STAYS FAVORABLE

The Toronto Construction Co., in spite of unfavorable weather conditions, has made splendid progress with the ballast work on the Georgian Bay and Seaboard Railway. There is a stretch of about ten miles to raise yet, and if the weather remains open this will be finished at the rate of two miles per day. This means that the road will be completed in about five or six days. Those who are in a position to judge, state that the line is a marvel of perfect construction work. It is believed that in the course of a very short time the road will be continued in a southerly direction, and will connect with the new line which the C.P.R. will build along the front. The C.P.R. will start moving its grain trains, immediately after the road is approved by the government inspectors, and single mogul engines will be seen drawing grain trains of sixty cars through Lindsay. No official announcement has been made as yet regarding the passenger service over this line. However, it is believed that the C.P.R. intends putting on some first-class passenger trains and will give a service that will be greatly appreciated by the citizens and will add to Lindsay's importance as a railway centre.

POLITICS IN WHITNEY GOVERNMENT IN THE ADMINISTRATION OF LICENSE LAW

Another instance of Sir James Whitney refusing to be led by even the progressives in his own party is supplied by the Premier's recent attitude towards removing the license system out of politics. It will be remembered that prior to the defeat of the Ross Government a non-partizan license administration was one of the strongest planks on which Sir James Whitney stood, and was really the gist of the opposition leaders reply to the temperance party in Ontario, which advocated legislation much more radical. "We will remove politics from the license administration and enforce the law," replied Mr. Whitney. Has the license system been removed from politics? Not a bit of it. In fact, it is now regarded as an integral part of the political machinery of the Conservative party in this province. Not only has the license system not been removed from the political atmosphere, but according to the Premier's recent denial to Toronto press reports, it is not going to be. Hon. Mr. Hanna was not quite so emphatic. Legislation to appoint a provincial non-partizan commission, will not be passed next year, said Mr. Hanna.

HORSE THIEF AND HIS MANY ALIASES

Cornwall, Nov. 15.—(Special)—Having pleaded guilty to the charge of stealing a horse and rig from George Markell, of Wales, Chester McMahon of Paisley Ont., alias McCann, alias McIntyre, of New York, alias Darragh of Lancaster, alias Wright, of Montreal, was charged to-day with forging the name of a well known Gleggery farmer to an order of \$1865 on J.R. McLachlan, a Lancaster storekeeper.

He pleaded guilty and was remanded till Saturday by Magistrate Hill Camp bell. Judge O'Rielly remanded him till next Tuesday for sentence in connection with the horse stealing.

This is the man Constable Thornbury is anxious to get in connection with the theft of a horse at Lorneville.

The Commission plan has been adopted in many places in the United States, but it has yet to prove that it is any better than the system discarded for it. In Chelsea, Mass., municipal government by commission was adopted two years ago with high hopes for its success. To-day Chelsea has returned to the old system of aldermen.

Our municipal system as it at present exists has been the result of centuries of development. Perhaps it is just as well to be in no hurry to tear it up root and branch; though that is not to say that it cannot be vastly improved and that Government by commission would in many cases be a decided improvement upon existing conditions.
