COLLINGWOOD IS IN MOURNING

Crew of Ill Fated Wexford Lived There

COLLINGWOOD, Nov. 12.—The news of the loss of the lake freighter Wexford, which was received here yesterday afternoon, has shrouded the town in a sadness such as has not prevailed for many years. So many wives and families have been bereaved that the whole town mourns. The crew of the steamer included six or seven from this port, all being vigorous and experienced mariners.

The bodies of five drowned men, all with lifebelts on, four of which had marked on them "Wexford," and the other "London," were found on Lake Huron beach, five miles south of St. Joseph, according to advices from that village yesterday, by Robert Turnbull, a farmer. The bodies were not far apart. All the men were young.

Captain Bruce Cameron, who was master of the ill-fated steamer, belonged to a family of mariners. He was the second son of the late Captain Alex. C. Cameron, and was born in Collingwood about twenty-six years ago. He had sailed on the lakes during the past ten years, and had successfully filled various positions on different steamers sailing out of this port. He was married last spring.

Archibald Brooks, second officer of the Wexford, was a young man and had sailed for several seasons. Last year he occupied the same position on this boat.

James Scott, chief engineer, had been on the lake steamers for several seasons. Scott was married and leaves a family of three children in Collingwood.

Richard L. Hughes, assistant engineer, had also had some years' experience and had occupied positions on different boats on the lakes. He was married to Miss Dickenson of Collingwood.

Allan Dodson, watchman, was a young unmarried man, a son of Charles Gordon of this town. He was on the Wexford last year in the same position.

George Willmott, an Englishman, who had been in Collingwood but a short time, was another member of the crew. He had charge of the steward's department. Mrs. Willmott was with him on the vessel. He, with his wife, contemplated returning to Bristol at the close of the season.

HURON SAFELY RELEASED.

PORT ARTHUR, Nov. 12.—The Huronic got off the bar at Whitefish at three o'clock yesterday afternoon without damage. The Alberta left Whitefish to cross Lake Superior westward at nine a.m. The local wireless station at 3.30 p.m. received a report that wreckage of the steamer Waldo had been picked up at Keeweenaw Point on the south shore of Lake Superior.

FOWL SUPPER AT GLENARM

The Glenarm congregation held their annual anniversary and fowl supper on Sunday and Monday of this week.

Rev. Mr. Bryden, of Woodville, had charge of the Sunday services, and despite the inclemency of the weather a large number were present. Mr. Bryden will always be welcomed to Glenarm.

On Monday evening a hot fowl supper was served. The Orangemen kindly allowed their hall for the purpose. Although the weather was very unpleasant a large crowd was present. After all had done ample justice to the excellent supper provided by the ladies, all went to the church where a concert was given. The Rev. Lord of Fenelon Falls, Archer, of Woodville, Watt, of Oakwood, were present and gave excellent addresses. Miss Dynes, Elocutionist of Whitby, gave several well rendered selections. Cambray male quartette was also present and their singing was much enjoyed. Mr. and Mrs. Osborne and daughter, of Fenelon, were also present and delighted the audience with their music. Special music was given by the choir. Mr. Steel filled the chair in his usual capable manner. The proceeds of the evening amounted to \$96.

MAIL CLERK SHOTS MONSTER DEER

Mr. Lee L. Sedgewick, mail clerk on the Lindsay-Halliburton train, shot a monster buck at Clear Lake, Halliburton County, last Saturday. The animal tipped the beams at 245 pounds.

BOTH HIS EYES WERE DESTROYED

Belleville Workman Was Frightfully Injured

BELLEVILLE, Nov. 12.—Thomas Cooper, an employe of the rolling mill here, was yesterday the victim of an accident which in all probability will prove fatal. He was assisting in breaking up some large plates, using dynamite. He had placed two charges which did not go off as quickly as he expected, and as he went to the plates the caps exploded. Pieces of the plate struck him in the face, lacerating it in a terrible manner, and both eyes were destroyed. In addition, the right arm was broken, the hand torn and other injuries inflicted. He was removed to the hospital. Cooper has a wife and grown up family of nine children in Montreal.

RESIDENCE BURNED AT OMEMEE

Omemee, Nov. 12.—Guy Fawkes night has come and gone, and long will it be remembered by many. Strangers who were in our town on this occasion would think it quite a lively spot.

Small children and grown ups appeared on the street in masquerade costume, and some of them were very laughable indeed. The calithumpian parade took place on the main street, after which the crowd followed to a vacant lot to the south of King street, where Guy Fawkes was once more burned to death.

When the people had nearly all dispersed to their respective homes, the cry of "Fire" was raised, and it was not long before a goodly number had gathered at the scene, which was the residence belonging to Mrs. A. Toole to the west of the village, opposite the station corner.

With great effort on the part of the young men, the stable was saved, but the dwelling was burned to the ground. The cause is a mystery, as the house has been unoccupied for some time.

PUBLIC DEBT GROWING RAPIDLY

Ottawa, Nov. 11.—During October the net public debt of the dominion increased by \$1,540,262. During October of last year it decreased by \$4,022,098. The difference of these figures indicates the accelerated spending ability of the government. At the end of last month the net debt stood at \$301,127,537.

The official figures of the financed department in regard to customs revenue for the past month are at variance with the figures given a few days ago by the customs department to the conservative press. It was then stated that the decrease in customs revenue for the month was some thirty thousand dollars under the million mark, while for the first seven months of the fiscal year the revenue still showed a gain of over one million. According to the official figures of the finance department the decrease in customs revenue for October was \$1,061,133, while for the seven months the net increase has been only \$338,858.

BORN

HUTTON—In Lindsay on Tuesday, Nov. 11, 1913, to Mr. and Mrs. T. Hutton, Sussex-st., a son.

Builders and Plasterers, Attention
Flavelles Ltd. have just received one car Pulpstone, Wood-Fibre, Hard Wall Plaster. This is one of the best preparations on the market today, all ready to mix and apply in 100 lb. bags. Has no equal for repairing. Many contractors are finishing houses throughout with this material.

THE DOMINION BANK

SIR EDMUND D. OSLER, M.P., PRESIDENT. W. D. MATTHEWS, VICE-PRESIDENT.
C. A. BOGERT, General Manager.

Use The Mail For Banking

You will find our system of Banking By Mail a safe and convenient way of transacting all your banking business.

Deposits may be made and cash withdrawn by mail without delay or trouble.

LINDSAY BRANCH: ROBERT ROSS, Manager

WAS TAKEN FOR HORSE THIEF

Lindsay Man Had an Unpleasant Experience

From Wednesday's Post.
To be taken for a horse thief, left on the road side and deprived of a night's fun at tripping the light fantastic, was the experience of a driver of a local grocery delivery last evening.

The party in question hired a horse at Isaac's livery, for the purpose of driving out to a dance in West Opp, held in honor of a recent matrimonial event. The trip was uneventful until the outfit reached a point some distance in the country, when the driver, it is claimed, seemed to be losing control of the horse. At this juncture a man happened along, and talking in the situation, came to the conclusion that the driver was a horse thief and was getting away with the goods. No time was lost in taking the outfit from the Lindsay man, who was left on the roadside, while the horse and buggy was brought back to town and handed over to Mr. Isaacs.

What became of the Lindsayite whose visions of a night's indulgence in the Terpicorean art were so rudely disturbed, is not known. He did not show up at the dance, anyway. To be taken for a horse thief is bad enough, but to be deprived of the pleasure of tripping the light fantastic was the unkindest cut of all.

HOTEL MEN IN MILK BUSINESS

Determined not to pay five cents per quart for milk, Hamilton hotelkeepers have practically decided to enter the milk business themselves. This, in effect, was the information given out Tuesday by Mayor Allan, who, in turn, secured the news officially from the hotelmen themselves.

The Wentworth Mineral Water company, which sells pop, soft drinks, etc., and which has a large plant, is owned by fifty local hotelmen, who hold all the stock. It has a complete delivering equipment, with many horses and wagons. The effect of the mayor's announcement is that the hotelmen, disgusted with the increased price of milk, have practically decided to add a milk department to the mineral water company. J. L. Council, the company's solicitor, is applying for authority to increase the capital stock by \$40,000, and it is the hotelmen's intention to use part of the increased capital to start the milk branch of their mineral water company.

PLEASANT POINT

(Special to the Post)
We are sorry to learn that little Molly Hamilton, daughter of Mr. and Mrs. Wilson Hamilton of here, is at the present time very ill at the Ross Memorial Hospital to which she was moved a few days ago. We all hope for a speedy recovery.

Mr. and Mrs. Neil Grey and family, of Lindsay, were the guests of Mr. Thos. Endicott, of Lakeview Farm, lately.

Miss Eva Greer, of this place, spent a few days in town recently. The cold, wet, wintry weather has almost put a stop to the field work for this year. However, most of the farmers are well up with their work and can now afford to lie off.

Winter Opening and Sale
All the latest winter millinery of the very best quality now on sale at Miss Mitchell's.
