

TORTURED BY CONSTIPATION

"Fruit-a-tives" Cured Paralyzed Bowels and Digestion

ST. BONIFACE DE SHAWINIGAN, QUEBEC, Feb. 3rd, 1914.

"It is a pleasure to me to inform you that after suffering from Chronic Constipation for 2 1/2 years, I have been cured by 'Fruit-a-tives'. While I was a student at Bertier College, I became so ill I was forced to leave the college. Severe pains across the intestines continually tortured me and it came to a point when I could not stoop down at all, and my Digestion became paralyzed. Some one advised me to take 'Fruit-a-tives' and at once I felt a great improvement. After I had taken four or five boxes, I realized that I was completely cured and what made me glad, also, was that they were acting gently, causing no pain whatever to the bowels. All those who suffer with Chronic Constipation should follow my example and take 'Fruit-a-tives' for they are the medicine that cures."

MAGLOIRE PAQUIN

"Fruit-a-tives" are sold by all dealers at 50c. a box, 6 for \$2.50, trial size, 25c. or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

R. CHAMBERS, Prop.

The man who made his pile in the South American trade advertised for a valet. He looked the first applicant over. Have you valeted long? he asked. Me? replied the applicant. Why I'm a regular valetudinarian. He got the job.

PRESENTMENT OF THE GRAND JURY MATTERS OF INTEREST DEALT WITH

The following presentment was made by the Grand Jury on Wednesday to Justice Meredith, who presided over the session of the Supreme Court of Ontario:—

May it please your Lordship: The Grand Jurors of our Sovereign Lord the King assembled at the sittings of the Supreme Court of Ontario for the County of Victoria beg to make their presentment as follows:—

They desire to thank your Lordship for the informing and inspiring address with which you opened the proceedings of the court.

The County of Victoria is proud to bear the name of the illustrious Queen that will stand in history as a synonym for purity of life, justice and true liberty.

This is the constituency of the Honorable the Minister of Militia and Defence, and the fact has peculiar significance and interest these days.

Your Lordship may be assured that the people of the county are mindful of the part they are called upon to perform in the struggle for the mastery of right over might now being enacted by our Empire and her allies.

Victoria will be represented by her citizens in every contingent of soldiers needed from Canada to strengthen the forces of the Empire.

The County has already undertaken the maintenance of the resident dependents in the electoral division of Victoria and Haliburton, of soldiers who go to the front, without regard to the locality in which they enlist. In addition to the claims of our own dependents the generosity of the county is being extended liberally to the brave and suffering people of the little Kingdom of Belgium.

They have visited and inspected the gaol and found the premises in good condition. Some improvements have been made recently to ensure the better protection from fire, and the building is now warmed by steam in a satisfactory manner from a central heating system. There were three prisoners all men, two undergoing sentence for vagrancy and one the man against whom a true bill was returned yesterday. The vagrants have been committed to the Central Prison for a term of six months, and it is desirable that they should be removed to the Provincial Institution without undue delay.

The House of Refuge has been visited. There were 55 inmates, 39 men and 16 women. All the conditions are satisfactory, and evidently the county is discharging the duty in relation to the aged indigents in the municipality.

The Grand Jurors have had the experience of their predecessors in visiting the Ross Memorial Hospital. It is an institution more and more appreciated because of the superior equipment, and the efficiency of the service rendered by the superintendent and nurses. There were 447 patients who received treatment and care in the past year and at the time of the visit there were 21 patients in residence.

The officials of all the institutions have shown the utmost courtesy and readiness to give any information that was required.

All of which is humbly submitted.

RICHARD HOKWINS, Foreman.

Grand Jury Room, Lindsay, November 11th, 1914.

PROBLEMS OF THE COMPENSATION ACT

Employers throughout the Province are now beginning to realize what a stupendous task lies before the Workmen's Compensation Board in administering the system which is to go into operation on the 1st of January. There is probably not a single employer in the Province who has not within the last few weeks been obliged to wrestle with one or more of the following questions:—

What about the office staff? Do the stenographers, accountants, etc. come under the Act? What if they are in the same building as the rest of the plant? What if they are on other premises just as dangerous? What if they are on premises not so dangerous? What about the manager? What if he rarely, or never, goes into the plant? What if he does go into the plant? What about the president, directors, etc., of an incorporated company? What if the president, directors, stenographers, office boys, etc., are generally or sometimes engaged in work other than "clerical"?

MEANING OF "CLERICAL." What does "clerical" mean? Does it mean what the dictionary says, namely, "of pertaining to, or characteristic of, the clergy, or a clergyman; suitable for the clergy; of or relating to a clerk or copyist?" Does it include salesmen and saleswomen who are commonly called "clerks" in this country? Does it include persons engaged in handling goods in a warehouse establishment? Does it include the man whose "clerical" work consists solely in signing cheques? Does it include shipping clerks?

What about the commercial travellers? Are these engaged in "clerical" work? Are they "exposed to the hazards incident to the nature of the work carried on in the employment?" Is the hazard of travelling by rail or steamboat one of the hazards "incident to the nature of the work carried on in the employment?"

What about employees not exposed to the hazards "incident to the nature of the work carried on in the employment" but not engaged in "clerical" work? What about needlewomen, seamstresses, milliners, dressmakers, cooks and table waiters?

BRANCH ESTABLISHMENTS What about branch establishments? The Act provides that "employment shall include employment in any industry or any part, branch or department of an industry." What if a manufacturer has a wholesale or retail department or branch either on the manufacturing premises or elsewhere? What about branches outside the Province; employees injured outside the Province are in some cases entitled to compensation? Does this support the view that branches or departments outside the Province are under the Act?

As to persons engaged in "clerical" work and not "exposed to the hazards incident to the nature of the work carried on in the employment" it must be observed that the two qualifications must occur before the person is excluded from the Act. The work must not only be "clerical," but the employee must not be exposed to the hazard, and conversely, the employee must not only be exposed to the hazard, but the work must be "clerical."

The meaning of the word "clerical," that is to say, the legislative meaning—the meaning which the legislative (not the Retail Merchants' Association, or the drafting Commission, or even the Cabinet) intended—is presumed to be the ordinary or dictionary meaning unless the contrary is shown. The root meaning referring to the clergy has been extended to cover matters generally connected with copying or writing, but it would be difficult if not impossible to maintain that a correct use of the word would include the salesmen, saleswomen, floor walkers, office and messenger boys, porters, janitors, sweepers, scrubwomen, and the infinite variety of persons engaged for instance in a large department store or wholesale warehouse.—F. W. Wegenast, Industrial Canada.

People nowadays do a lot of shopping where they are invited to shop.

"WILL MEET YOU IN BERLIN" MAJOR-GEN. HUGHES TO SOLDIERS

LOCAL MAN SAW TURKISH PRISONERS

Mr. J. D. McMillan, G.T.R. trainmaster, was in Belleville on Thursday and while there saw one hundred and twenty-five Turks (prisoners) pass through from Brantford to Kingston. They were all able-bodied men.

The population of Fort Henry was Thursday night increased, making a total of over three hundred and fifty prisoners in the stronghold. The prisoners are natives of Turkey who had settled in Brantford and neighboring farms. The men all appeared to be in good spirits and seemed to welcome their incarceration.

The majority of the Turks were of the laboring class and at the time of their arrest they were out of work and they did not seem to dislike their trip to Kingston. In coming to Kingston, they were certain that all would be found for them and that there would be nothing to worry about.

One of the biggest fears that the authorities in Brantford held before the exit of the Turks was a quarrel between the latter and some three or four hundred Armenians that are in that city. Although the Armenians are Turkish subjects, it is well known that they have always been in a state of rebellion and it was thought that they would make trouble for their fellow countrymen. Their loyalty to the British crown when they reside on British territory is well known and it is generally conceded that they will not be bothered.

There are still in Brantford a number of German, Austrian and Hungarian subjects and it is quite possible that before long they will be brought to the Fort until such time that it is deemed safe to allow them at large.

The prisoners are true sons of the Ottoman Empire, and their leader, who is a staunch Mussulman, conducts the prayers at regular intervals. It is not likely that while they are in the Fort they will overlook their prayers to Allah.

LORNEVILLE JCT.

(Special to The Post.)

The Lorneville branch of the W. I. met at the home of Mrs. J. McAlpine last Thursday. Owing to the disagreeable day not so very many were present. However, a good meeting was held. Mrs. McAlpine in the chair. Business was transacted about sending the box of clothing and pillows to the Red Cross Society, which would be packed and sent this week. Miss Grace Walker then gave a brief paper on attending McDonald College at Guelph. Then the question drawer was opened and some very helpful questions were answered. Next meeting was decided to be at Mrs. Walker's as a social afternoon, each and every one to bring some needle work or give new ideas in Xmas gifts. Refreshments will be served by the committee appointed. Meeting was closed with God Save our King.

Mr. Herb Coad is wearing a smile now. A handsome boy arrived one day last week.

The Eldon anniversary services on Sunday and Monday were a decided success. Sunday morning and evening an excellent crowd gathered and on Monday the building was packed, and all enjoyed the hot fowl supper provided by the ladies, and the concert. Everyone says it was the best Eldon ever had. Thanking Orilla, Uxbridge and Kirkfield friends for their excellent talent.

Of course, said young Mrs. Topkins, reproachfully, it's easy for a man to adopt an attitude of patient superiority toward the food. A man does not have to realize the increase in prices as a woman does. What makes you think that? I have been making an investigation. A 10 cent cigar doesn't cost a bit more than it used to.

There, said the amateur strategist, is how I'd end the war. What do you think of it? I can't help thinking, replied the little man slowly, how lucky the Kaiser is that you are over here.

Major Gen. S. Hughes, Minister of Militia, reviewed the overseas expeditionary forces of Kingston division on Friday. The 21st Battalion numbering 1118 men, and the overseas battery of 120, and the Queen's Engineers of about 40 men were drawn up in separate detachments and presented one of the finest military spectacles ever witnessed in Kingston. A large crowd assembled on the sidewalk facing the field, and when Major-General Hughes drove up in company with Col. Hemming in an automobile he was given an enthusiastic reception. The Minister wore his military uniform and presented a very striking and soldierly appearance. He met and shook hands with every officer presented and inspected the troops carefully.

ADDRESSES OFFICERS Following the review, he called the officers about him and gave them some strong practical advice, the keynote of which was efficiency. The Minister expressed his satisfaction with the condition of the troops, and advised the officers that, owing to the fierce and brutal nature of the fighting in the present war, it was necessary for the men to be thoroughly trained and to be taught to keep under cover and be able to crawl from one position to another.

According to reports from wounded officers, the Germans were making great use of the bayonet and to cope with this, Maj. Gen. Hughes stated that he was working 'on plans which would render the bayonet more efficient. Rifle training was most necessary and he pointed out that the first practice of the Canadian Contingent had resulted in the excellent average of 87 per cent.

URGES SOBRIETY. The Minister strongly condemned intemperance, and warned his hearers against this evil. "I have never seen the place where a drunken man fits in" the speaker stated, and expressed the hope that there would be no trouble of that nature here. He further cautioned the officers against abusing or exercising petty tyranny over the men under their command, and stated that the soldiers could be disciplined through some other course than that of punishment.

"We are fighting now," he said, "against a great system of tyranny, which must be broken if it takes every man in the empire to do it."

In closing his address Maj. Gen. Hughes stated that if things went right he hoped to meet the troops at the front and if not there then in Berlin.

LITTLE BRITAIN

(Special to The Post.)

Mr. and Mrs. John Trick, of Royal Oak, were the guests of Mr. and Mrs. Richard Avery on Sunday last.

Mrs. C. S. Thompson, of Toronto, spent last week with her mother, Mrs. Richard Oliver.

Mr. Lewis Irwin, of Bowmanville, arrived here on Saturday with a carload of selected apples for our villagers. He returned again on Monday.

Mr. and Mrs. Laurie Kennedy spent Monday in Lindsay.
