BLOOD DISEASES CURED

Drs. K. & K. Established 20 Years

NO NAMES USED WITHOUT WRITTEN CONSENT

He was surprised at how the sores healed—*I took your New Method Treatment for a serious blood disease with which I had been afflicted for twelve years. I had consulted scores of physicians taken all kinds of blood medicine, visited Hot Springs and other mineral water resorts, but only got temporary relief. They would help me for a time, but after discontinuing the medicine the symptoms would break out again—running sores, blotches, rheumatic pains, looseness of the hair, swellings of the glands, palms of the hands scaling, itching of the skin, dyspeptic stomach, etc. I had given up in despair when a friend advised me to consult you, as you had cured him of a similar disease 8 years ago and I became encouraged. I continued the New Method Treatment for four months and at the end of that time every symptom had disappeared. I was cured 7 years ago and no signs of any disease since. My boy, three years old, is sound and healthy. I can truly recommend your treatment with all my heart. You can refer any person to me privately, but you can use this testimonial as you wish.* W. H. S.

We treat NERVOUS DEBILITY, VARICOSE VEINS, VITAL WEAKNESS, BLOOD, SKIN and SECRET Diseases, URINARY, BLADDER and KIDNEY complaints of Men and Women.

READER Are you a victim? Have you lost hope? Are you intending to marry? Has your blood been diseased? Have you any weakness? Our New Method Treatment will cure you. What has done for others it will do for you. Consultation Free. No matter who has treated you write for an honest opinion Free of Charge. Charges reasonable. Books Free—(Illustrated) on diseases of Men.

NO NAMES USED WITHOUT WRITTEN CONSENT. Everything confidential. Question list and cost of Home Treatment FREE.

G.T.R. Men Under Arrest

(Special to The Post)
Orillia, Dec. 1.—Several G. T. R. employees here were arrested this morning on the charge of trespassing on property belonging to the town while warrants were issued for Mr. P. J. Lynch, Supt. at Allandale, and two others in the same connection. The railway, for the past three years, has endeavoured to get control of a strip of land owned by the old Northern Railway and the main line, and three times recently, it is alleged the lines were torn down and moved in on the town's property. The authorities promptly moved it out to the original lines. This morning the fence was moved again, with the result that arrests were made and warrants issued as stated above.

Dairy Meeting In North Ops

The annual General Meeting of the North Ops Cheese and Butter Association was held in the factory on Monday, Nov. 28, 1910.

Officers present were, President, Mr. T. Flynn, Directors Messrs. J. Hutchison, Wilson Hamilton, and G. Endicott; Secretary, Mr. James Agnew.

The meeting opened the minutes of the last annual meeting were read and adopted.

The secretary then gave his report for the season of 1910 which was as follows:

Total lbs. of milk received 883,657, Total lbs. of cheese made, \$2,821, average number lbs. milk per lb. cheese 10.66, average price per lb. of cheese 10¢, average price per 100 lbs. milk, 79.40¢, total amount of money received 8,898.

It was moved and seconded that a hearty vote of thanks be accorded Mr. John Carew for the use of timber and ties used in moving the factory—Carried.

An election of officers resulted in all the retiring officers being re-elected.

The season of 1910 was the best in the history of the factory, an increase of 12,820 lbs. of cheese from the season of 1909. The factory has been moved to an ideal site and a handsome brick structure takes the place of an old frame building, various other improvements both inside and out tend to show that the patrons of the North Ops Cheese Factory are awakening to the fact that a good building and equipment are one of the factors of successful dairying.

Mr. J. C. Cumiskey, of Fleetwood factory, was present at the meeting.

They Operated In This County

Advocate—Of late a number of farmers have lost their fowls by thieves. On Tuesday night last the hen house of Arthur Carruthers, 6th. con. was raided and sixteen of his hens stolen. Don. Smith, townline, Eldon, on the same night had a quantity of grain stolen out of his granary. Next morning a track of a one horse wagon was traced to the premises of Roy Holden, 7th. con. Thorah. Constables A. W. Scott and D. McMillan, along with Mr. Carruthers went to Holden's on Wednesday, the 24th. inst., with a search warrant issued by Major Patterson, J.P., where they found the stolen fowl. Roy Holden and Gabe French were arrested. They were brought before Major Patterson, J.P. and pleaded guilty and committed for trial. Constable Scott took the prisoners down to Whitby gaol on Monday morning.

Constable Dumond from Woodville, who held a warrant for the arrest of the same parties for stealing grain from Don. Smith, of Eldon, found the grain in Holdeo's stable and now these parties have to face two charges, one in Victoria and another in Ontario county.

Maripasa Loses Important Case

In the arbitration proceedings of Samuel Broad, of Chesterton, against the Township of Maripasa, His Honor Judge Harding has made his award, giving the Plaintiff \$400 for one-half acre of land expropriated for a gravel pit and ordered the Township to pay all the costs of the proceedings including the solicitor's cost and arbitrator's fees. The action arose out of the Township of Maripasa expropriating one-half acre of land and a right of way into it, for the purposes of a gravel pit and they offered Mr. Broad \$225, which he refused to accept and there was an arbitration then, which awarded him \$225, and which award was set aside by McLaughlin, Peel, Fulton & Stinson, who acted for Mr. Broad, and a new arbitration proceedings was taken, which was held before His Honor Judge Harding as a sole arbitrator, with the result that Mr. Broad now gets \$400 and his costs.

McLaughlin, Peel, Fulton & Stinson acted for Mr. Broad throughout and Stewart & O'Connor for the Township.

Queen's University Alumni Banquet

At a brilliant dinner given at the Hotel National, Peterboro, on Friday by the Queen's University Alumni Principal Gordon, of Queen's University, delivered an inspiring address. The officers of the Alumni for 1911, were elected as follows:

Hon. Pres.—Hugh Waddell, Esq., Peterboro.
President.—Rev. James Wallace, M. A., B.D., Lindsay.
Vice-Presidents—Richard Lees, M.A., Peterboro; J. F. Harvey, B.A., Peterboro; Mr. George Brown, B. A., Campbellford; Dr. Haig, Campbellford.
Secretary—L. J. Pettit, B.A., Peterboro.
Associate Secretary—T. A. Kirkconnell, B.A., Lindsay.
Committee—R. G. Lawlor, B. A., Norwood; Rev. G. W. Best, B.A., of Beaverton; Dr. C. H. Amys, Peterboro; Miss Ethel Alford, M. A., Peterboro; Miss Teskey, B.A., of Peterboro; D. A. McKay, B. A., Lindsay; J. E. L. Goodwill, Peterboro.

Children Cry FOR FLETCHER'S CASTORIA

We are all anxious to have better civic conditions and also willing that the other fellow should win laurels by doing the necessary hard work.

MRS. CURRIE SUES CITY

A recent issue of a Montreal paper states: "An action for \$75,000 was yesterday against the city by Dame Elizabeth Johnson Currie, widow of the late Robert Bruce Currie, who, on Nov. 13th. was killed by the falling of a telephone pole at the corner of Dorchester and St. Dominique streets. Plaintiff alleges that the city was responsible, inasmuch as the pole in question was proven to be unsound."

Painful Accident To Local Lady

Last evening Mrs. Wm. Ware, a resident of the east ward, was unfortunate enough to break her arm by a bad fall on the slippery street. She was returning from the song service at the Academy and had just walked a few steps in front of Mr. Calvert's butcher shop when she slipped on some ice and fell on her arm, breaking it badly at the wrist. A number of spectators picked her up and hurried her to a local physician, where her injuries were attended to.

Has Plenty of Undeveloped Power

In an article which appeared in The Post Saturday evening referring to the power proposition to be submitted to the Council to-night, the statement was made that the Light, Heat & Power Co. have marketed practically all its power. Mr. W. E. Reesor, the manager, informs us that such is not the case. The company has still plenty of undeveloped power which will be marketed at Lindsay at any time when required. We gladly make this correction.

Local Lady Won the Prize

At the graduation exercises at the Nicholls Hospital, Peterboro on Friday evening Miss Della I. McGill, of Lindsay, was presented with the bandaging prize of the class of 1910. The Review says:

"Miss Della I. McGill was presented with the bandaging prize of the class of 1910, the presenting being made by Dr. Frederick with a few suitable remarks. Miss McGill seemed to be a favorite with the audience and she received hearty applause."

Her many friends will congratulate her on her success.

Dropsey Given up by Doctor

"I had dropsey, and was told by my family physician that there was no chance for me. My family also gave me up. My limbs and body were swollen one-third larger than natural, water collected around my heart and I had to be propped up in bed to keep from smothering. I took Dr. Miles' Heart Remedy until I was entirely cured. This was in 1902, and I am now able to do any kind of work on my farm. My cure was certainly marvelous."

L. TURLEY CURD,
Wilmore, Ky.

Dr. Miles' Heart Remedy has been wonderfully successful in relieving heart trouble. Its tonic effect upon the heart nerves and muscles is a great factor in assisting nature to overcome heart weakness.

Price \$1.00 at your druggist. He should supply you. If he does not, send price to us, we forward prepaid.

DR. MILES MEDICAL CO., Toronto.

Stop Children Attending Shows

Mail: It is probable that the Provincial Government will pass a law to prohibit children under sixteen years of age from attending moving picture theatres. In view of the fact that several cases have come to the attention of the authorities of young boys attending these shows and then going out to imitate the deeds done by the figures shown on the canvas, it has been thought advisable not to allow young children to attend the shows whatever. A circular is now being sent out by the Government to all children's aid societies in the Province, asking if they think it advisable that young children be not allowed to attend the moving picture shows. Mr. J. J. Kelso, superintendent of Neglected Children, is gathering the information and will make a recommendation to the Government.

INTERESTING LETTER ON CARP IS A MUCH MALIGNED FISH

To the Editor:

Sir.—In your issue of Nov. 28 is an article taken from the Peterborough Examiner written by a party signed himself "Deckhand." In it he says that carp are killing the lunge and bass in the Trent waters. He also says the frogs are disappearing from the same cause. It is very evident Mr. Deckhand does not know what he is talking about. The carp, or German carp, as they are usually called, are not a flesh eating fish, and do not live on either fish or frogs. They are strictly vegetarians—the shape of their mouth easily demonstrates this. No doubt the rice beds might suffer if the carp became very numerous; so also would the rice beds suffer if the ducks became very plentiful. I am rather inclined to think that the lunge and bass are their own worst enemies, with Mr. Man a close second.

The writer was pleased to see in your issue of the 36th ult. another article, also taken from the Examiner, in defence of the carp. This disciple of Isaak Walton is evidently better informed as to the habits of this perhaps undeservedly maligned fish. The Scientific American is authority for saying "that the carp is of the gold fish species," and originally came from China, and was introduced into Germany, where they were very successfully propagated, hence their name, German carp. They have been known to grow, under favorable conditions, to weigh seventy (70) pounds or over. The first time they were introduced into Canada, so far as the writer knows, was some thirty years ago, when ten only small fry were secured from the late Seth Green, fishery commissioner for the State of New York. These fish were kept in a small tank all winter; in the spring seven fish were placed in a private pond, three having died during the winter. From these seven fish no doubt Lake Simcoe has been stocked. As to the carp being termed crafty, the writer is more inclined to believe it is their unwillingness to take the usual bait, minnow or worms, that makes them hard to catch. A crust of bread is more likely to tempt him. After the American fish companies have depleted our Canadian waters of trout and white fish, we Canadians may possibly be glad to give even German carp to fall back upon for our table supply of fish.

Respectfully yours,
"Another Disciple of Isaak Walton."
Lindsay, Dec. 3rd, 1910.

Only a Tea Kettle of Hot Water is needed with Surprise Soap

Don't boil or scald the clothes. It isn't necessary. The clothes come out of the wash clear white, perfectly washed. The dirt drops out, is not rubbed in.

Child's Play of Wash Day.

Use Surprise the ordinary way if you wish but we recommend a trial the Surprise way.

Read the directions on the wrapper. Surprise is a pure hard Soap.

Local Lady Won the Prize

"Miss Della I. McGill was presented with the bandaging prize of the class of 1910, the presenting being made by Dr. Frederick with a few suitable remarks. Miss McGill seemed to be a favorite with the audience and she received hearty applause."

Her many friends will congratulate her on her success.

Lindsay's New Grocery Firm

On Wednesday the old established grocery store on Kent-st. which has been carried on for some time by Mr. T. Brady will be taken over by Messrs. Michael Fox and Frederick Nugent, who have purchased the business.

The members of the new firm are experienced men, Mr. Fox having been in the employ of Spratt & Killen for seven years, while Mr. Nugent has been connected with the same firm for four years. They are both well and favorably known throughout the district, and no doubt will receive a general share of public patronage.

Mr. Fox is a son of Mr. M. Fox, of Ops township, while Mr. Nugent is an Omemeo boy.

The new firm will open up for business on Wednesday, with a complete stock of groceries, flour and feed, and the Post trusts that they will be most successful in their business career.

In the retirement of Mr. Brady, Kent-st. loses one of its best known merchants. He was formerly a member of the firm of Brady and Hurley, but during the past twelve years has conducted the business himself.

BORN

STODDART.—At Fenelon Falls, on Friday, November 25th, 1910, the wife of Mr. Chas. Stoddart, of a daughter, (stillborn).

BROWN.—At Powles' Corners, Monday, Nov. 28th, 1910, the wife of Mr. John Brown, a daughter.
