

25 Cents to Stop That Itch

Does it not seem strange that so many people suffer year in and year out with eczema?

A 25 cent bottle of a simple wash stops the itch and will surely convince any patient.

This wash is composed of mild and soothing oil of wintergreen mixed with thymol and glycerine, etc., and known as D.D.D. prescription. It is

not certain how long the D.D.D. laboratory will continue the 25c. offer, as the remedy is regularly sold only in \$1.00 bottles, and has never been put on the market in Canada on any special offers.

If you want relief at once get a bottle at 25c. from your druggist or direct from D.D.D. laboratories, Dept. PL. 49 Colborne-st. Toronto.

GRANT MADE TO CHRISTMAS FAIR

At last night's session of the council a deputation consisting of Messrs. John Carew, Jas. Begg, E. L. McLean, and A. L. Campbell interviewed the council on behalf of the Christmas Fair and asked for a grant in aid of that worthy object.

The members of the committee addressed the council and pointed out the value and importance of this annual event to the community.

Ald. Smale, in moving a resolution that \$50.00 be granted said that he could not be accused of supporting every special grant, as he had always contended that the sum total voted under this head was too large. He felt that it was good business to aid in bringing one thousand people to the town.

Ald. McWatters seconded the motion, which was carried unanimously.

PROPOSED PARK IN EAST WARD

At last night's session of the council Ald. McWatters brought up the proposition of the purchase of the C.P.R. of the Queen-st. church, as well as the acquisition by the town of the other adjacent property, and the conversion of the square into a park site. The Queen-st. church authorities were prepared to dispose of the property to the C.P.R. if satisfactory terms could be arranged. A great many people were also in favor of the park proposition.

It was moved by Ald. Smale and McWatters that a committee composed of His Worship the Mayor and Ald. Horn and Gray be appointed to confer with the Board of the Queen-st. church re the purchase of the church building by the C.P.R.

Chimney Fire

The fire brigade responded to an alarm from the south ward last evening at a quarter to seven. Over the telephone it was said that a house was on fire, but on arriving it was found that a burning chimney was the only cause of the excitement.

A watchful eye was kept upon it until the danger was over and it had burned itself out. The house belonged to a Mr. Lamb, at the corner of Ridout and Water-sts.

When the average man does make an honest confession he makes it in strict confidence to himself.

FOUR MEN RELEASED.

Charges Against Labor Officials at Indianapolis Not Sustained.

Indianapolis, Dec. 3.—Argument that those who already have confessed alone caused the illegal transportation of explosives on passenger trains to blow up non-union iron and steel jobs, was followed in the examination at the "dynamite conspiracy" trial yesterday of Frank M. Ryan, president of the International Bridge and Structural Ironworkers' Union.

After the testimony of its 549th witness, the Government closed its case, and on its own motion had four of the forty-five defendants dismissed. The men dismissed were:

W. K. Benson, East Galloway, N.Y., former president of the Detroit Federation of Labor.

Moulton H. Davis, Westchester, Pa., former member of the executive board of the International Association of Bridge and Structural Ironworkers.

John R. Carroll, Syracuse, N.Y., former official local Ironworkers' Union.

Spurgeon P. Meadows, Indianapolis, Ind., business agent of the local council of the International Brotherhood of Carpenters and Joiners.

Mr. Ryan testified that neither he nor the executive board members knew of any money having been expended by McNamara for dynamiting purposes. All the letters written by him to business agents in various cities, which the Government charges contain veiled instructions about jobs to be blown up, Ryan said, simply referred to work upon which non-union men were employed and upon which it was desired to put union men.

"Did you ever talk to Ortie E. McManigal about dynamiting, or tell him to change his appearance often, so he would not be recognized?" asked Attorney Harding.

"I hardly knew McManigal, and certainly never knew he was employed as a dynamiter for McNamara or anyone else."

He stated he never had visited a vault in the ironworkers' headquarters in Indianapolis where nitro-glycerine and dynamite had been kept and he never had proposed, as charged, that J. J. McNamara, then secretary of the union, take Hockin's place as head of the "dynamiting crew." He denied he had urged vigilance in the union's strike called seven years ago and which is still on.

Questioned why he enclosed in a letter a newspaper clipping giving an account of an explosion, he explained it was sent to McNamara as a matter of news. He denied he had told Edward Clark, the confessed dynamiter, about blowing up a job in Cincinnati.

Eleven Years Silent.

New York, Dec. 2.—The story of eleven years of married life during which not a word was exchanged between husband and wife is told in papers on file in a separation suit in the state supreme court. The pair, Mr. and Mrs. Carl Mintz, were married in 1884. For thirteen years they lived happily together with their four children. Eleven years ago they quarreled. The dispute was over some trivial matter, it is said, but the wife declared that she would never address another word to her husband so long as she lived. He declared that the arrangement was satisfactory to him. Mrs. Mintz asserts that both adhered to the agreement. Seven years ago their daughter Dorothy died, but even at the funeral services the vow of silence was not broken. Mr. Mintz is now seeking a separation.

To Go to Mount Clemens.

Detroit, Mich., Dec. 2.—The ten Detroit aldermen charged with conspiracy to accept a bribe and receiving a bribe in connection with a Wabash railroad street closing case and former councilman clerk Edward Schreier, also charged, will be tried in Mount Clemens, as the result of a decision handed down Saturday by Judge Phelan of the recorder's court. Judge Phelan granted a change of venue upon application of Prosecutor Shepherd, who charged that it would be impossible to obtain a fair trial in Wayne County, because of the publicity of the cases and the evidence disclosed at the police court examinations of the defendants.

Tart!

In the days when Mrs. George Cornwalls West was Lady Randolph Churchill she mixed considerably among politicians and political affairs, and a story told of her shows how she scored off Mr. Joseph Chamberlain and the late Sir William Harcourt. They were chaffing her about some paintings she had done. "But why not paint us?" one of them asked. "Where can you find more attractive models?" Lady Randolph exclaimed. "I could never paint you black enough!"—London Tit-Bits.

Deal in Horseflesh

We hear that Mr. W. R. Kelly, who resides on the first concession near Fenelon Falls, sold a couple of fine heavy spans of horses to Mr. John Carew for nearly \$1,000. They were two dandy pair, and Carew is a man that is a good judge of horses, and knows the kind that are wanted for his lumber camps.—Independent.

MARRIED

VANSTONE—McKee—At the Methodist parsonage, Woodville, on Tuesday, Nov. 12, Mary Etta, only daughter of Mr. Andrew McKee, was united in matrimony to Jas. Henry, eldest son of Mr. John Vanstone, all of Hartley. The ceremony was performed by Rev. W. R. Archer, B. A.

FORESTERS MADE A PRESENTATION

Last evening Mr. and Mrs. Richard Hepburn were tendered a surprise by the members of Courts Lindsay No. 181 and Star of Prosperity 731 I.O.F. when they visited their residence and made a pleasing presentation. Mrs. Hepburn was the recipient of a beautiful rocker and Mr. Hepburn a pair of slippers and a neck scarf. The presentation was totally unexpected and Mr. Hepburn after recovering from his surprise acknowledged the gifts in a few well chosen words. The evening was pleasantly spent in social intercourse, and a dainty lunch was served.

Conductor Was Dismissed

The conductor of a G.T.R. freight train was arraigned before the Peterboro police magistrate Friday morning charged with obstructing the crossing at Lock street on the 21st inst. for eight minutes. The Magistrate accepted the explanation of Trainmaster McMillan, saying that a broken knuckle caused the delay, and discharged the accused.

Dep. Reeve Dobson Explains

Deputy-Reeve Dobson at last night's session of the council in discussing the proposed installation of ten arc lights on the business thoroughfares, thought that the suggested arrangement should hold for all time, and not for three years as stipulated in the agreement entered into between the Seymour Power Co. and town. No action was taken in the matter.

Conductor McCarthy Succeeds

Conductor Boudy, who has retired from active service on the G. T. R., and will benefit by the pension fund, will be succeeded on his run by Conductor M. McCarthy.

GERMANY GIVES WARNING TO RUSSIA WILL STAND FIRMLY WITH AUSTRIA

Berlin, Dec. 3.—Germany stands firmly with Austria-Hungary in the conflict which has arisen between that country and Serbia, or for that matter, in any conflict which may be forced upon the dual monarchy.

In a brief, pointed speech in the Reichstag yesterday, the Imperial Chancellor, Dr. von Bethmann-Hollweg, made this declaration, which is taken to mean unquestionably a warning to Russia, although Russia was not named. All the party leaders, except the Socialist, who followed the Chancellor, expressed approval of the Government's position.

Herr von Kiderlin-Waechter, Secretary of State for Foreign Affairs, also won approval, when in replying to the references of the Social Democratic leader, Herr Ledebur, to alleged discord with Great Britain, he said:

"These remarks offer a welcome occasion to state that during the whole late crisis our relations with Great Britain have been especially marked by mutual trust, which has not only brought about a most gratifying intimacy in our relations, but has also performed good services towards an understanding among all the powers. I can express the certain expectation that they will continue to do this."

The effect of the speeches in the Reichstag yesterday was heightened last evening when it became known in Parliamentary circles that an agreement had been reached for a renewal of the Dreibund.

Dr. von Bethmann-Hollweg declared that the belligerents in the present war did not dispute the right of the great powers to have a word to say in the final settlement of the Balkan question, in which their interests were all involved.

He said the wishes of the powers would carry greater weight if they were presented collectively. Negotiations with that end in view were now proceeding and he hoped they would result successfully.

Germany, he said, like several of the other great powers, was interested in preserving Turkey as a powerful economic and political factor.

He was able, he said, to deny reports that the great powers, or several of them, were planning the acquisition of Turkish territory as a result of the war. It was assumed the Imperial Chancellor was referring to the report that England was about to proclaim a formal protectorate over Egypt.

The vigorous tone adopted by the Imperial Chancellor surprised the House, which was expecting the usual diplomatic assurance that everything was going well.

Forty Thousand Starving.

London, Dec. 3.—The E-fia newspaper of the Times says: "There are 40,000 refugees at Saloniki, all in deplorable condition. After the arrival of the troops they were ejected from the mosques and other buildings and driven to the open spaces around the town, where they were without shelter, exposed to the cold and drenching rain, starving and wallowing in filth. Numbers died from exposure and hunger, while smallpox and other diseases had already appeared. The Turkish prisoners in the concentration camps were living under similar appalling conditions. Although the Turkish Red Crescent was well equipped, the Turkish military hospital was in a terrible condition, without bandages, medicines or comforts."

Truce Goes Slowly.

Sofia, Dec. 3.—The plenipotentiaries held a meeting at 3 o'clock yesterday at Baghtche, but it is considered doubtful if any definite conclusion regarding the armistice will be reached before Tuesday night or Wednesday. The important points of the armistice have already been settled, such as the retention by the respective armies of the positions they now occupy.

London, Dec. 3.—The Imperial German Chancellor's statement on the European situation, together with that of Herr von Kiderlin-Waechter, the German Foreign Secretary, confirming

that Great Britain and Germany are co-operating amicably in favor of peace, is regarded in the European capitals as reassuring and as calculated to have an effect when the peace delegates come to discuss terms.

FELL INTO TWENTY FOOT EXCAVATION

One of the horses at work on the Sussex-st. storm sewer fell into the twenty foot excavation this morning. It was at work with a scraper filling in the ditch from the banks of earth at the side, and in some manner got so far down on the yielding slope that it slid all the way to the bottom, where it sat with its back up against the straight side of the excavation, unable to move.

Ropes were procured and fastened around its neck and under the tail, and a team hauled the animal quickly out of the hole, none the worse for the experience.

WIRING HANDICAP TO FIREMEN

At last night's session of the council Ald. Horn objected to the manner in which the wires had been placed by the different companies in fear of business blocks. In case of fires the efforts of the brigade would be seriously handicapped owing to such obstructions, and serious loss to property would result.
