Christmas visitors were entertained yesterday mostly by sight seeing walks around town, short cutter rides and visiting on all friends. The day was an ideal one and the cleas open air was very enjoyable. Numerous automobiles spent part of the day driving around the streets and many cutters were also out.

Unfortunately the curling rink ice was not yet ready for use devotees of that game had to seek other channels for their energies. There was no ice on the skating rink either but a small number spent the afternoon roller skating.

Some good ice was discovered on some nearby ponds and a number tried out their Christmas skates

There were many small house entertainments in the evening.
