Children Cry FOR FLETCHER'S

PRESENTATION OF MEMORIAL ORGAN

(Continued from Page 9)

pit platform (which had been beautifully banked, with floral bloom and dotted plants) and asked Mr. J. D. Flavelle, Dr. Clarke, Recording Steward, and the members of the Quarterly Board and Trustee Board of the church to take up positions on the platform.

MR. FLAVELLE'S REMARKS
Mr. Flavelle spoke as follows:—
As the oldest living member of our family, my brothers and my sister have asked me, on their behalf, to accept the pleasant duty of presenting the organ just installed. The Trustee Board have intimated they would appreciate something in writing in commemoration of this event, so that it could be filed away among the archives of the church.

In pursuance of this request, we have written a letter addressed to the chairman of the Board, our esteemed pastor, Rev. Dr. Shotey, formally tendering the gift. I will read you this letter, but before doing so, would like to say a few words. I assume that the general consensus of opinion is that the gift is made by the Flavelle brothers and their sister, and the credit for such gift is due to them. This, while technically correct, conveys an erroneous impression.

Judged from the higher and more correct standpoint, the credit is due to, and the gift is made by our mother, who was removed by death a few years ago. Her mortal body has passed away, but her spirit yet remaineth; while she is truly dead, she yet speaketh.

Nay, farther, we are to be congratulated upon the opportunity afforded us, inasmuch as the church's necessity has opened an avenue that enables us to show devotion to the memory of our mother and in such manner as we know would meet her warmest approval.

Mr. Chairman, with your permission, I would like to digress a moment and say to the boys and girls, particularly those who are just budding into young manhood and womanhood, that critical period of life when they are most likely to fear ridicule. You may be tempted to do something that your conscience does not approve of, by the all too common sneer that you are tied to your mother's apron string. Accept such sneer as one of the highest compliments that could be paid you.

Remember nothing is nobler and nothing will provide a greater safeguard than acceptance of, and obedience to the ties that are wound in and around you by a wise and good mother. Young men and young ladies, never allow a sneer at your mother to pass unchallenged.

I may frankly state what is probably known to a goodly number in this audience, that whatever success in life may have been attained by the members of our family, whether it be from a financial standpoint, or whether perchance we possess in some measure, qualities that are conducive to good citizenship, the enlargement and development of same are attributable in the largest possible measure to the influence exerted upon our lives by a wise, devoted and loving mother.

In conclusion, I would say to the worshippers in this church, if they derive any pleasure or profit, either now or in the years that are to follow, from the installation of the organ now being presented to them, we are amply repaid.

PLAID TRIMMINGS MAKE SMALL FROCKS GAY

Short coats are favored quite as much as the longer ones, many of the new imported models showing them very effectively. These costumes are highly attractive worn with draped or tucked skirts and trimmed with fur or vested with a rather brilliantly figured silk, as shown in 8037-7956.

Tete de negre brown duvetyn is used as shown here with a colored vest and bone buttons as the only trimming aside from the drapery in size 36 it requires 2 yards of 36 inch material for the blouse (8037) and 2 1/2 yards of 42 inch material for the skirt (7956).

Whereas dull colored wools are used a great deal for small folks they are trimmed as in the grownup fashions with bright plaids and figured silks.

This effective little dress is made of dull blue ratine, and the girle and trimming bands are of the gayest possible heart of any little miss.

The blouse is in peasant effect; the skirt is a straight little model attached to a sleeveless underwaist.

In size 12 3/4 yards of 36 inch material is required to make this dress, with 3/4 of a yard of plaid for trimming.

No. 8037—sizes 32 to 42.
No. 7956—sizes 22 to 30.
No. 8042—sizes 6 to 14.
Each pattern 15 cents.

To obtain either pattern illustrated fill out this coupon and enclose 15 cents in stamps or coin. Be sure to state number of pattern and size, measuring over the fullest part of the bust. Address Pattern Department, care of this paper.

J. Sutcliffe & Sons

gregation in their hymns of praise to God, in whose service she found abiding peace.

We will be grateful if you will convey to the trustees our desire that they will accept the organ for the church and in this simple manner permit us to honor the memory of a mother whose devotion to her children placed them under a loving obligation which no service they can offer will repay.

Faithfully yours,
J. D. FLAVELLE,
W. FLAVELLE,
MARGARET T. MILNER,
J. W. FLAVELLE.

GIFT ACKNOWLEDGED.
Dr. Clarke, Recording Steward, then read the following acknowledgment:—
John D. Flavelle, Esq.,
Lindsay, Ont.

Dear Sir:
At a joint meeting of the Trustee and Quarterly Official Boards of this church, held a week ago, the responsibility was laid upon me of accepting on behalf of the Church, this Pipe Organ, which has been presented by your sister, your two brothers and yourself, as a memorial to your mother.

The Board has instructed me to convey to the donors, the deep sense of gratitude with which it accepts this splendid memorial to the life of one of the beloved and revered members of this congregation.

The excellence of the quality of tone of the organ has been ably demonstrated tonight, and the design of finish has been much admired by all our people.

As a Church, we feel deeply touched by the beautiful spirit expressed by the gift itself, and also in the kind words which you have just spoken.

We can conceive of no gift which would more worthily serve to perpetuate the memory of an honored mother, and we trust that this organ may add inspiration to the musical part of our services, and thereby increase the enjoyment and blessing to

members of the Quarterly Official Board:—

- Rev. Thos. Brown, W. B. Sparring, W. W. Staples, Jas. Boxall, John Way, F. W. Sutcliffe, John Hore, J. F. Maunder, J. E. Adams, E. Thurston, Jos. Maunder, G. H. Wilson, B. F. Reesor, N. Smale, A. M. Fulton, J. C. Mark, F. C. Taylor, W. J. Carlyle, Dr. A. E. Vrooman, M.P.R., C. E. Weeks, C. C. Forsythe, E. Maxson, Dr. Neeldans, John Arnold, I. Deyell, H. J. Lytle, Jas. Hart.

THE CHAIR LOFT.

To properly place the choir after the installation of the new organ it was necessary to rearrange the choir loft of the church. This has been done to great advantage and is a big improvement over the old arrangement. The chairs have been done away with and handsome Flemish oak curved benches with comfortable backs take their place. The rear benches are raised on platforms a little above those in front so that the true tone and effect of the singing reaches the congregation properly. The floor has been handsomely carpeted. Another improvement is that passages have been left at either side of the pulpit so that access can be had to the choir loft from the pulpit platform during concerts or church entertainments. At ordinary services they are concealed by two large chairs which the clergymen uses. The choir still enters from the rear but by new doors cut through the wall.

The dark oak woodwork of the organ and the frosted electric lights complete a very artistic effect.

COMMITTEE WORK COUNTY COUNCIL

Thursday, Nov. 27.
The sum of \$7.99 will be paid to the township of Somerville, being one half the amount expended in repairing the north approach to Union Creek Bridge on the boundary between Somerville and Galway, in Peterborough County.

Fenelon Falls received permission to suspend a water main under the County Bridge in that village.

The question of rebuilding the Head River Bridge on the boundary between Rama and Ontario County and Dalton was deferred until January.

The Overseer of County Bridge will be requested to examine Mitchell's Bridge in Somerville and report as to its condition at January session if possible.

Mr. Mulligan wished to know the law in regard to threshing machines passing over wooden and concrete bridges.

It was explained that planks were supposed to be carried, and placed under the wheels and the bridge was to be strengthened if necessary to prevent any injury to it if the machine weighs over 10 tons. A person traveling over a bridge without properly protecting the roadway from the wheels, whether injury was done or not, was liable to a fine of \$5 to \$25.

Thursday evening Reeve Devitt made a strong appeal to the council to take over Mud Lake Bridge, now known as Precott's Bridge, and he succeeded in having a committee of Messrs Rogers, Fee, Tiers and the Warden to investigate the structure and see if it could be taken under the wing of the county. Reeve Devitt believes the conditions will readily place it as a county bridge, and the committee will report in January what they think about it.

The recommendation of the County Engineer that a reasonable grant be made to the Township of Eldon towards the rebuilding of Staple's Bridge will be accepted.

The action of the Clerk and Treasurer in supplying the Provincial Highway Commission that the plan and proposed By-law for a County Road System, compiled in the year 1904, was approved.

An invitation to attend the Annual Convention of the American Road Builders' Association in Philadelphia, a request for subscriptions to "Good Roads Canada"; an offer from the Central Steel and Wire Co. to sell fresh concrete reinforcement; and a proposal from Messrs Fuce and Scott to prepare bridge plans were filed.

The Clerk and Treasurer has informed the committee of the prosecution of an owner of a traction engine for crossing the Cobocook Bridge without laying down planks for the protection of the floor as required by Statute. Your committee would express approval of the action of the Clerk and Treasurer in this regard, and assure him of the support of the council, in any effort he may make to protect the valuable property of the county in bridges.
