DEATHS DUE TO TRESPASSING

Through a letter sent out at the instructions of the Attorney-General for Ontario the justices of the peace are having their attention called to the fact that during last year 132 persons were killed, and 62 persons were injured in Ontario by being run down by railway trains while in the act of trespassing upon railway tracks.

DOUBLE DROWNING AT COBOCONK

(Special to The Post) Cobocok, Dec. 19.—Thursday Willie White, aged fourteen years, and his brother, Davie, aged eleven were drowned in White's Bay, an inlet of Big Mud Turtle Lake. The boys were skating, and got farther on the lake than any of the many skaters who have frequented the bay for days, and broke through. No one saw the accident. They were missed shortly afterward by their father, Mr. J. B. White, who was returning home from work, and found their rubbers where they had donned their skating boots, and not seeing his sons, became anxious, and on going farther down the bay discovered where they had broken through. Help was secured and Willie was soon brought to the surface. Davie was found this morning. The blow has cast a shadow over the whole neighborhood. Much sympathy is felt for the bereaved family.

ARRESTED FOR "RAISING" CHECK

Minden Echo: Donald Thompson, a boy under sixteen years of age, was brought before Police Magistrate Delamere on Friday last at Dorset, charged with raising his time bill from the lumber shanty of \$13.82 to \$23.82, and disposing of the same in Dorset for the higher sum. The discovery of the crime was not made until the "time" had been presented to the bank by the holder thereof, when steps were taken to hunt up the boy, who was arrested in Orillia and brought back by Constable A. McKay to answer to the charge. The boy pleaded guilty to making the alteration on the suggestion of a man whose name he did not know, but who said he resided in Toronto. The Magistrate allowed the boy out on parole on suspended sentence, and made arrangements whereby the boy was to get work in the shanty, his wages going towards making restitution and paying the costs incurred in making the arrest, the boy receiving some wholesome advice from the Magistrate as to his future conduct, and explaining the serious consequences which would result if he were detected in any further crime.

MONSEIGNEUR CASEY.

Monsigneur Casey was ordained on May 24, 1872. For the first two years of his priesthood he was curate in Peterborough—from 1872 to 1874. After a brief curacy in Kingston he became parish priest of Gananoque. Afterwards he was advanced to Campbellford, where after fifteen years' faithful ministry, he was translated to Peterborough, becoming Rector of the Cathedral, and being elevated to the dignity of Archdeacon. Monsigneur Casey has been 41 years in the priesthood, and it will be remembered that in 1897 his silver jubilee was celebrated, the priests of the diocese presenting him with valuable gifts and an illuminated address. In January 19th, 1902, he became Rector of St. Mary's Church, Lindsay, succeeding the late lamented Monsigneur Laurant. His labors in this parish have been blessed and he enjoys the love and esteem of the entire congregation. He also enjoys the esteem and respect of all classes who will join with the Post in extending congratulations, coupled with the hope that he may long be spared to wear the purple.

BEAVERS BUSY AT BOBCAYGEON

Peterboro Times.—Mr. Spence, one of the Trent Canal engineers, has returned from a business trip to Bobcaygeon. In conversation with the Times yesterday, Mr. Spence remarked that beavers are trying to build a dam at the mouth of the Bobcaygeon river when it enters Pigeon Lake. Early last November he noticed that a big tree standing by the river's edge was cut at the base partly through. He thought some child with a blunt axe or hatchet had hacked the trunk. A few days ago a friend of his in that village asked, "Spence have you seen any trace of beavers in the river?" Mr. Spence quietly slipped down to the scene where he had witnessed the aforementioned attack on the tree. The tree had been completely felled. Others in the same spot also lay in the river. Their limbs were as neatly cut off as though a man armed with an axe had been busy.

CATTLE DROVER GORED BY BULL

Port Hope, Dec. 17.—Mr. William Giddy, cattle drover, Ridout St., met with a very serious accident yesterday morning. While going along the ganeway in the Montreal cattle yards, he was knocked down by an enraged bull. The horn of the infuriated beast pierced Mr. Giddy's thigh, inflicting a long gash. Mr. Giddy also suffered painful injuries about the back and side. The timely arrival of two men with pitchforks no doubt saved him from fatal injuries. Mr. Giddy is resting quite comfortably today and his many friends hope for a speedy recovery.

May Close Bars on Saturday

Toronto, Dec. 19.—To have the bars close at 10 o'clock on Saturday afternoon is the latest move in the campaign against the liquor traffic, if rumor around the Parliament Buildings, in Queen's Park, is to be believed. No official information is available on the subject, but it is understood that legislation for this purpose will be introduced at the next session, and an effort will be made also to stop delivery of liquor from retail stores after 7 o'clock on Saturday evenings, and to close the bars on all legal holidays.

In Sunay Florida

The Post is in receipt of a post card from Mr. Isaac Deyell from Eustis, Florida, dated December 12. It states that Mr. and Mrs. Deyell are both well. Oranges by the train loads are in evidence on all sides. The fruit sells for 75 cents a box on the trees.
