WIDE-AWAKE BANK OF HAMILTON

Chartered Institution Made Itself as Solid as Possible Before the Crash Came-Cyrus Anderson's 880,000 Swallowed Up-Depositors Determined to Have Bank of Hamilton's Mortgage Cancelled.

Oakville, Jan. 6 .- There are 481 depositors, representing an aggregate of \$240,000 in the bank of Anderson & Son, and not a cent remains to be divided! That is the condition revealed yesterday as a result of a conference of Assignee Clarkson and a committee representing the creditors. Every scrap of security, all available assets are in the vaults of the Bank of Hamilton. To-day the depositors will assemble in the Town Hall to receive the formal announcement of the broken bank's status from the assignee. Briefly, this is the disnal story of the finish of the Anderson private bank.

The committee which conferred with Assignee Clarkson yesterday was composed of John MacDonald George Andrew and D. O. Cameron At the Murray Hotel they went over the books and discussed the situation informally preparatory to giv-Ing to the depositors to-day the information. The books show that Bank of Hamilton. Then \$11,000 was scaled off of the securiwhich were thought uncollect-This leaves \$75,000 in the form of notes, mortgages and other collateral security held by the Hamilton bank.

The Bank of Hamilton bases its claim on an alleged payment of some \$60,000 for the Andersons on the indebtedness of Anderson & Scott private bank at Palmerston, which was wound up a year ago, and an advance of some \$20,000 since to tide over the Oakville bank.

To secure themselves the Bank of Hamilton took a blanket mortgage on all the Anderson real estate in Halton and Wellington Counties and in Hamilton and Toronto. This mortgage was executed Dec. 13, 1901, but was not filed for record until Dec. 11, 1902.

Those representing the depositors say this transaction will be inquired into at once. Suit will be brought requiring a full explanation. A mighty legal effort will at once

be made to force the assets back into the assignee's hands to be realized upon for the benefit of the creditors and depositors. Other litigation will develop in the form of suits for several thousand dollars drafts alleged to have been sent by different people to the Bank of Hamilton on the Anderson Bank. These were held for two weeks to a month, it is alleged, and then returned dis-

The meeting of depositors held the Council chamber last evening, to discuss a tine of action to be taken at the general mosting to-day, largely attended. According to brief statement given out chairman, John MacDonald, the outlook is not very promising for dividends. Mr. MacDonald stated that he, with Mr. Cameron and Mr. George Andrew, had been with Mr. Clarkson, the assignee, all the afternoon, and from the statements shown him the depositors may expect but very little if any dividends at all. From what he could see at the present time there was only some \$3,000 or \$4,000 left for all the depositors. The Bank Hamilton would scarcely have enough to pay their own claim. motion was moved recommending committee to be appointed as inspectors at to-day's meeting, and take the very best advice possible to probe the whole matter to the tom, and see where the money rone. Mr. MacDonald pointed out if they could render invalid the blanket mortgage given the Bank of Hamilton over a year ago, when to all appearances the firm must have been insolvent, then there would be something for the depositors. To-day's meeting, it is expected, will be largely attended by the townspeople well as the farmers all over the township. IPPINCOTT'S never becomes a back number. The complete novel, its distinguishing feature, is always good, and with LIPPINCOTT'S you do not have to wait for the novel to come out in book form. It comes complete every month, and not the ordinary magazine kind of a story, but a copyrighted novel by a prominent author, and most of these novels are afterwards published in book form and sold for \$1.50 a volume.

In LIPPINCOTT'S first appeared in this country "The Light That Failed," the story that made Rudyard Kipling famous. It was in LIPPINCOTT'S also that James Lane Allen's "Choir Invisible" was first printed.

Amélie Rives's "The Quick or the Dead?" which stirred every reader of fiction in the United States, was a complete novel in LIPPINCOTT'S. Other distinguished names associated with LIPPINCOTT'S are:
