Every Dollar you spend here has a string to it. If you are not satisfied with your purchase, bring it back. M. J. CARTER, The Clothier, Lindsay.

town this morning to spend a few days with friends. He has been visiting friends at Lakefield and other points east for the past couple of weeks.

Mr. D. Moore, typograph operator on The Times staff, Woodstock, was called here on account of the death of his brother, the late Victor Moore, returned to Woodstock last Monday. He was accompanied by his wife.

Messrs. J. McCarty, Chas. Johnson, Max Clendinning and T. Hacker, former employees of the G.T.R. here, left on Tuesday for Vancouver, B.C., where they have secured positions with the C.P.R. They will twist snakes on the run between Revelstoke and the Coast.

Mr. Alex Ross, who was called to Winnipeg a couple of weeks ago on account of the death of his brother-in-law, Mr. J. H. McLean, returned on Tuesday night. It was his first visit to the Prairie Provinces, and he is greatly impressed with that country. He visited Holland, which is a thriving town in South-Western Manitoba, Killarney and other towns.

The Late Inspector Reazin. Citizens of Lindsay and hundreds of Victoria County and South Muskoka people were very much grieved to hear of the death of Mr. Henry Reazin, of Linden Valley, Mariposa, Public School Inspector for West Victoria for over thirty years, after a short illness of only a couple of weeks, duration. The sad event occurred on Saturday, Jan. 17th, at the Toronto General Hospital, and came as a great surprise to his numerous friends throughout the county. The deceased had been in very good health until about three weeks ago, when he was taken suddenly ill and went to the hospital for treatment, where on account of his advanced age, he slowly sank until relieved by death.

The late Mr. Reazin was one of the best known men in the County of Victoria, and was liked by all who enjoyed the pleasure of his acquaintance. He was born in 1831 on a farm on the Kingston Road, in the township of Pickering, Ontario County, receiving his early education at the public school in Pickering and the Friends' boarding school at Westlake, in 1852 he entered the Toronto Normal School, and being a quick, honest and diligent student, he made many friends. Among the teachers at the latter institution were Professors Hind and Robertson, two of the ablest teachers that ever blessed the Province of Ontario. Being a devoted seeker of the pure white light, he went to Harrie, studying under Mr. Checkley, M. A., an eminent classical scholar, and Mr. Thos. Kirkland, M. A., who afterwards became principal of the Toronto Normal School. After this Mr. Reazin entered Toronto University, where he qualified as a High School teacher. He first taught the school in the vicinity of his father's residence in Pickering for a couple of years. After this he was engaged as a teacher for the Dryden School in Whitby township, and at this school his career as a successful educationist began. He also taught in Whitby, Oshawa, Manilla and Lindsay, at the latter two places being principal of the Grammar Schools. In 1879 he was appointed Inspector of Schools for West Victoria, which position he held until his death. Had he lived until 18th of February next he would have been 72 years of age.

Mr. Rezin was twice married. The fruits of the first union being five children—three daughters and two sons—four of whom survive; Dr. Roy Rezin; Mrs. J. E. Bryant, of Philadelphia; Miss Louisa, residing with Mrs. Bryant; and Miss Libbie, who is teaching school in Chicago. Two children blessed his second union—a son and daughter. The son was accidentally killed about a year ago. In religion Mr. Rezin was a member of The Society of Friends, and in politics was a long Conservative. The body was laid to rest in the Friends' burying ground at Linden Valley on Tuesday, Jan. 20th the funeral being largely attended by prominent citizens from all over the County.

COMMUNICATIONS. A "WORKING MAN" DEFINED. (To the Editor of The Post.) Sir,—Your Correspondent, "Workingman," gives a very poor definition of a workingman. Because a man does not or cannot belong to a labor union seems to me to be a very flimsy reason for denying the right of anyone to be classed as a workingman.

It is a well known fact that in this age very few employers of labor are in a position to set the price to be paid the employed. The boot is rather on the other leg, and it is the rule to be paid. As a matter of fact, all businesses that are not of a monopolistic nature, and which should from that fact belong to and be run by the public, there is not a difference of 25¢ a day per man employed between the employer and bankrupt. If the union should take it into their heads to want that 25¢ and they very often do, there is nothing for the employer to do but close down. As for the parties mentioned in my former letter, I don't know that either of them employ high-priced men to manage the financial end of their business; if they did, and close to work, as we know both of them do, why should that debar them from being called workingmen, and having all the sympathy that would entitle them to know thoroughly the workman's "law" for the labor party to set the wages and meet?

Your correspondent then asks several questions as to whether the employed have as good a table, a lawn and sundry other questions. There is nothing in the world to hinder them from living as comfortably if they will start in and live within their income, and in the course of years they will doubtless have all the comforts they want. I am not in a position to say, but if either of the gentlemen mentioned have any little extra comforts I have no doubt that is the way they came, and they did not all come in a year, or ten years.

Your correspondent then asks several questions as to whether the employed have as good a table, a lawn and sundry other questions. There is nothing in the world to hinder them from living as comfortably if they will start in and live within their income, and in the course of years they will doubtless have all the comforts they want. I am not in a position to say, but if either of the gentlemen mentioned have any little extra comforts I have no doubt that is the way they came, and they did not all come in a year, or ten years.

Workingman's definition is evidently this—a workingman is one who first and primarily belongs to a union—that is essential—must never aspire to be anything else than a mere worker at his trade; take the same wages as the man next to him even if he is a botch never save anything and always taunt any of his fellows who have ambition to get and, enjoy some of their sweets of existence, even if it is a good book from the Public Library. I am afraid I have transgressed on your space, Mr. Editor, and if so, ask pardon. I have been a workingman all my life but never belonged to a union, and don't know that I ever shall. It gives me a pain in the neck when I see such arguments used as those of our mutual friend, whoever he may be. I would recommend him to read Bobby Burns' poem, "A man's a man for a' that," whether he is poor or rich.—Yours, ONE WHO WORKS.

DEATHS. MALONEY.—In Ops. on Friday, Jan. 23rd, 1898, Rebecca Maloney, aged 63 years. Lindsay, Jan. 18th.

A CHAPTER OF ACCIDENTS.

North Country Lumberman Crushed by Rolling Logs—Local Mishaps. Monday morning about daylight a man named Pat Sweeney, employed in one of the Dickson Co's camps, about 20 miles from Gooderham, met with a very serious accident. He was driving a team attached to a big load of saw logs, and while descending a small declivity the rolling chain gave way and the logs rolled off the sleigh. Several of them fell on Sweeney, and pinned him down in the snow. When released it was found that his back had been severely sprained, and indications pointed to internal injuries as well. He passed through town yesterday on his way to his home near Peterboro.

Mr. Wm. Muir met with a peculiar accident a few days ago, while acting as fireman on the Cobocook train. Air pressure, or some other force, caused the lid of one of the water tanks to fly up, the edge striking him over the right eye and cutting a gash one and a half inches long, reaching to the bone. Dr. Shier was called in and had to put four stitches in the wound. Saturday last, while playing in the barn of Mr. Lynch, near Cross Creek bridge, Oja, Ernest Henry, son of Mr. Thos. Henry, had the misfortune to trip over a rail and dislocated the elbow joint, rupturing the ligaments so badly that when reduced it would not remain in position. Dr. Shier was summoned and attended the sufferer.

Lindsay Benson House, Tuesday, Feb. 10. Ladies and Gentlemen, see Prof. Dorenwend's beautiful Wigs, Toupees, Bangs, Ways and Plain Fronts, Switches in every length and shade, etc. His Hair Goods Styles when properly adjusted protect and ornament the head, soften and beautify the expression of the face and consequently tone up aged appearance. Prof. Dorenwend has for this season many new and pretty designs. He has added a number of New York, London and Paris patterns. Be sure to see tags and not forget day and date.—w2.
