

KENDALL'S SPAVIN CURE

USED FOURTEEN YEARS WITH GOOD RESULTS.

711 E. 14th St., New York, Sept. 9, 1902.

DR. R. J. KENDALL CO.

Gentlemen—I have used your Spavin Cure on my horses for the past fourteen years and it has always given me good results in every particular. I also have one of your books that I have found very useful. If you have any later edition of this Treatise on the Horse and his Diseases, will you kindly send me one.

Respectfully yours,
R. F. FRISBIE

It is an absolutely reliable remedy for Spavins, Splints, Curbs, Blows, etc. Removes the humors and leaves no scar. Price \$1.00 per bottle. As a guarantee for your money we have no equal. Your credit for KENDALL'S SPAVIN CURE, also "A Treatise on the Horse," the book free, address:
DR. R. J. KENDALL CO., ENOSBURG FALLS, VT.

THE OPS COUNCIL INAUGURAL

A LOT OF BUSINESS DEALT WITH AT LAST MONDAY'S SESSION.

Strong Objections to the Closing of Part of the Onneme Road.

The members of the Ops Council met at 11 a.m. on Monday, 11th inst., and after making the prescribed declarations of qualification and office, respectively, adjourned till after dinner. Council assembled again at 1.30 and at once began the work of 1904.

Communications.

A letter from W. R. Tiffin, Superintendent G.T.R., in reference to lodging water complained of by Mr. Reid, Reaboro.

From the Hospital for Sick Children, Toronto, soliciting a grant.

From the Clerk of Manvers, re-bondary work.

Applications for the office of auditor from N. Q. MacEachern, Jas. Farrelly, Wm. Sluggett, Wm. Elliott and J. E. Graham.

Applications for assessor from J. T. Carrin, Wm. Elliott and William Sluggett.

A letter from John Kennedy, treasurer, resigning office, which he has held for 24 years.

An application from Peter Kennedy for the office of treasurer, giving bonds for \$15,000 security.

Appointment of Officers.

After carefully examining the applications for auditors, those of N. Q. MacEachern and Jas. Farrelly were accepted, and they were, on motion of Messrs. Coulter and Hawkins, appointed. Some of the others, having done township work, were disqualified.

On motion of Messrs. Hawkins and Roche, John Thos. Currin was appointed assessor.

On motion of Messrs. Best and Roche, John Kennedy's resignation was accepted, and on motion of Messrs. Hawkins and Roche, Peter Kennedy was appointed treasurer, with Spenser McLaugh, F. Connolly and John Kennedy as bondsmen.

Mr. Thos. Calvert was re-appointed a member of Ops Board on motion of three members of Council of Messrs. Hawkins and Coulter.

Road Matters.

Mr. John Hickson was permitted to address the Council, and said that the lat. q. con. 6, was usually flooded every spring to a depth of 3 or 4 feet, and requested that the Council repair it. On motion of Messrs. Hawkins and Best, the matter was left for Mr. Coulter's consideration.

Mr. Chas. Cornell, on motion, addressed the Council on the propriety of closing any part of the Onneme road, which, he considered, should be regarded as a leading County road. He then produced a petition, signed by 35 ratepayers intersecting the road, and said he could procure 200 names, if necessary, objecting to the closing of any portion of it. He requested that the resolution passed some time ago at the instance of certain ratepayers, to divert public money and statute labor from the portion of the said road crossing the 8th and 9th cons., be rescinded, and that the road be kept in good repair.

Mr. F. D. Moore said he was requested by Mrs. Moore, of his daughter, to inform the Council that they never signed a petition to close any portion of the road, that the closing of it would be detrimental to their farm, and that their tenant would not remain if the road were closed. Mr. Moore added that he doubted very much if the Council had power to close the road, owing to it being a leading road for such a long time.

Councillor Best contended that all by-roads should be closed when the regularly surveyed roads were fit for public travel.

Mr. Patterson said the piece of road under discussion was one of the best in the township and should not be closed or allowed to get out of repair.

Mr. Fox contended that those objecting to the closing of the road could easily reach the Hillhead road from Reaboro without inconvenience, distance being very little greater.

The Reeve then said that the Council had no intention of closing said piece of road until the 8th cons. became a good road, and that he had directed the statute labor for the purpose of improving the regular roads, but that the said piece of road would not be neglected. It was well known that the duty of Council was to serve the best interests of the public generally, and as by-roads are being done away with in every municipality, Ops should follow suit if public interest required it. The petition was received and filed, but owing to the pressure of business no further action was taken.

Mr. F. C. Magaby also presented a

petition praying that the 40 rods of by-road from Gohsen's corner to the 4th q. con. 7, be closed. "It is a continuation of the 'Logie road,'" said Mr. Magaby, and is no longer needed." The Council instructed Mr. Best to view it when the snow goes off and then the Council may decide on it.

Moved by Mr. Hawkins, seconded by Mr. Best, that \$750 be appropriated for stone and other material for 1904, and that it be equally divided among the five Road Commissioners for expenditure.—Carried.

Other Matters.

On motion of Messrs. Hawkins and Best, the Clerk was instructed to forward to the County Clerk a copy of the resolution passed at last meeting re the E.C.C. bridge. The by-laws confirming the appointment of officers were read and the usual readings were passed and signed as By-laws, Nos. 609, 610, 611, 612.

Mr. Jas. Shaw desired to know what Council would do for Wm. Gold, a feeble old man. He had kept him for a year and thought he ought to be sent to the Home for the Aged. Mr. Shaw was granted \$3.50 a week to take care of the old man till further notice.

The Clerk said that public officials having high salaries were generally provided with fuel for their offices; he thought the Council should pay at least a portion of his fuel bill, if not all. In response to his request fourteen dollars per annum was on motion, granted.

The Clerk was instructed to send for six copies of the Municipal World and Assessors' Guide of 1903, if procurable.

In a committee of the whole the members examined and passed some accounts which were paid on motion of Messrs. Hawkins and Roche, viz., D. R. officers and poll clerks, \$56.00; G. W. Beall, \$11.20; Dr. Poole, \$1.00; John Kennedy, \$16.00; John Kennedy, \$5.41; Wm. Milligan, \$3.00; J. G. Edwards, \$1.20.

On motion of Messrs. Hawkins and Coulter, the Council adjourned, to hold a special meeting on Feb. 23rd next, when a resolution will be passed under Sec. 85a of the Municipal Amendment Act, of 1903, re the formation of County Councils.

W. F. O'Byrne, Clerk.

A DELIGHTFUL CONCERT.

Mrs. Bertha Cushing Child and Her Artists Heard at the Academy.

The concert given in the Academy of Music Jan 14th was not as largely attended as it should have been, owing to counter attractions. Those who were not there missed one of the best musical treats of the season. The audience, though not large, was appreciative and enthusiastic. Owing to the lateness of the train the company did not arrive until 8.35.

Mrs. Bertha Cushing Child gave the first number, which delighted the audience, receiving an instant ovation, to which she kindly responded. Her voice is very pleasing, and possesses power, and sweetness and compass seldom heard.

Miss Turner, the young violinist, is one of the cleverest artists in her profession that has ever visited Lindsay. Her voice is also possesses remarkable ability. Her different numbers were gems, and each received an ovation.

Miss Leonard, the reader, though a stranger to a Lindsay audience, was not slow in finding a warm spot in their hearts, and each of her numbers were most enthusiastically received. Her character sketches were realistic and her elocution most perfect.

Mr. Spenser Jones, the accompanist, performed his part, as usual, in a perfect manner.

Mason & Nisch pianos were used by the company.

Great Satisfaction.

Randolph, Ont., Sept. 9, 1903.

Dr. B. J. Kendall Co., Enosburg Falls, Vt.

Gentlemen—Will you kindly send me a copy of your "Treatise on the Horse and his Diseases." I must say that your KENDALL'S SPAVIN CURE IS BEING USED HERE, AND WE GET GREAT SATISFACTION. It is very good as a household remedy. Trusting that you will send me your book soon, I beg to remain, Yours respectfully, W. Diaper.

\$500 REWARD FOR WOMEN WHO CANNOT BE CURED.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhoea, or Falling of the Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

The Vice-President Independent Order of Good Templars.

An experience which many women have had is that the best of the 21st East 23rd Street, New York City, as follows: It had very poor and dreary to me. Had headache, backache, also pain, my sleep was broken and I longed for health. Tried several medicines but none were of any lasting benefit until I took Doctor Pierce's Favorite Prescription. I soon realized that I had found the right remedy. It helped nature to throw off the poison, saturated the digestive organs, and brought the roses of health back to my cheeks. This medicine occasionally keeps the system in perfect condition, helping it to throw off the disease and consequences of exposure to dampness. I am pleased to give it my endorsement.

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of 31 one-cent stamps for the paper-covered book, or 50 stamps for the cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

BABY'S FUTURE

Something for Mothers to Think About

Lives of Suffering and Sorrow Averted

And Happiness and Prosperity Assured by

Cuticura Soap, Ointment and Pills When All Else Fails.

Every child born into the world with an inherited or early developed tendency to distressing, disfiguring humors of the skin, scalp and blood, becomes an object of the most tender solicitude, not only because of its suffering, but because of the dreadful fear that the disfiguration is to be lifelong and mar its future happiness and prosperity. Hence, it becomes the duty of mothers of such afflicted children to acquaint themselves with the best, the purest and most effective treatment available, viz., The Cuticura Treatment.

Warm baths with Cuticura Soap, to cleanse the skin and scalp of crusts and scales, gentle applications of Cuticura Ointment, to allay itching, irritation and inflammation, and soothe and heal, and mild doses of Cuticura Resolvent, to cool the blood in the severer cases, are all that can be desired for the speedy relief and permanent cure of skin troubles in infants and children, and the comfort of worn-out parents.

Millions of women use Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, scalp, hair and hands, for annoying irritations and weaknesses, and for many sensitive, antiseptic purposes which readily suggest themselves.

Cuticura Resolvent, Soap and Ointment are sold throughout the world. Depot, Lindsay, Ont., by Messrs. J. B. Brown, 121 Columbia Ave. Retail Druggists and Chemists. "Be sure you get the genuine." See the "How to Use Cuticura" Pamphlet.

THE PORT PERRY RACES.

Drifting Snow and a Heavy Track interfered with the Second Day's Events—Minnie Keswick in 3rd Place.

An unusually large crowd attended the meet and was a great success. Only two races were run yesterday, and in these competition was keen, and the finishes in the various heats being the races at Port Perry Jan 13th, close and exciting. Mr. Frank Smith, of Buffalo, was starter and gave satisfaction. Following is the summary:

250 class.

Sandy B.....	1 1 1
Harry Mack.....	2 2 3
Pearl Wilkes.....	3 3 2
Time:—2:27 1-2, 2:26 1-2, 2:24 1-2.	

221 Class.

Bertie Hays.....	1 1 1
Rob Roy.....	2 2 2
Sailor Boy.....	3 3 4
Jenny Scott.....	4 4 3
Time:—2:23 1-2, 2:25 1-4, 2:24 1-2.	

In this race Rob Roy, Mr. Simpson's fine stepper, was a close competitor for first place. To-day the free-for-all and other events were run off.

Despite the stormy day another large crowd attended the second day's races in Port Perry, and great interest was taken in the two events. The track was very heavy, which hampered the speed of the horses, but nevertheless the races were close and exciting and the best of feeling prevailed among the crowd.

Free-for-All.

Martin's Gypsy Girls.....	1 1 1
Dr. Forst's Looking Glass.....	2 2 2
Jackson's Black Joe.....	3 3 3
Pick's J. B. F.....	4 4 4
Time: 2:26, 2:27 1-2, 2:23 1-4.	

230 Trot.

McKerrall's Lora Roberts.....	1 1 1
Collins' Daisy Scott.....	2 2 2
Minnie Keswick.....	3 3 3
Time: 2:30, 2:41, 2:44.	

There being a large number of visitors from Lindsay and vicinity, the great interest was centred in the 230 trot, because Minnie Keswick, Mr. Curtis' fast driver, the horse that made a name for itself on the Eastern Circuit—competed. Minnie was driven by Mr. Curtis, but much to the surprise of those who had backed her well, she seemed to lack her usual speed on the heavy track, and was only able to finish in third place. With the class of horses competing in this event Minnie would, with a cleaner track, have made a better showing.

New Waterproofing Method.

Saturday Evening Post: The recent discovery of a method by which any ordinary cotton cloth can be made as waterproof as sheet tin is regarded as a marked achievement in chemistry. Subjected to the new treatment, the flimsiest of fabrics becomes so impervious to water that if folded or in the shape of a bowl or pocket it will hold water for days without letting a drop escape through its meshes.

Wedding Bells in the Far East.

The Calgary Herald of Dec. 30th contains the following interesting item: On Monday evening the marriage was celebrated of A. E. May and Miss Isidore Jones, of Lindsay, Ont. The ceremony was performed at the home of Mr. and Mrs. T. T. Bowers, by the Rev. John A. Clark, Ont. The young lady is a daughter of Mrs. Jones, Cambridge-st., and her many friends in town will wish her every happiness and prosperity in matrimonial alliance.

MERRY WEDDING BELLS.

Mr. T. J. Begley and Miss Bernadette M. Murphy.

January 12th at eight o'clock a.m., a pretty wedding was solemnized in St. Mary's church, Lindsay. The bride was Miss Bernadette Magdalen Murphy, daughter of Mr. P. J. Murphy, town, and the groom Mr. T. J. Begley, of Peterborough. Venerable Archdeacon Casey officiated at the wedding, which was attended by a large party of friends. The bride was daintily gowned in cream voile over tulle, trimmed with insertion, and black picture hat to match. She carried a white prayer book and pearl rosary. Miss Costello, her cousin, was bridesmaid, and wore a very becoming gown of similar creation. Mr. Will Crowley, of Peterborough, assisted the groom as best man, and the ushers were Mr. P. C. Murphy, of Lindsay, and Mr. Jaek McCabe, of Peterborough. The wedding march was played by Miss Brady, organist of St. Mary's church.

A pleasing reception and wedding breakfast was held at the residence of the bride's father after the wedding, and at 6.20 Mr. and Mrs. Begley left for Toronto and other points west, accompanied by many good wishes. They will take up residence on Aylmer st., Peterboro.

Brethour—Windrum.

A very pretty wedding took place January 13th at 10 o'clock, at the residence of Mr. and Mrs. James Harvey, corner of Cambridge and Melbourne-sts., when Miss Etta Windrum was united in marriage to Mr. Wesley D. Brethour, traveller for the Noxon Mfg. Co. The ceremony was performed by the Rev. G. W. Henderson in the presence of immediate friends. The bride looked pretty attired in a gown of brown zibeline also trimmed with white morgan, persian blouse and medallion trimming. She wore a white persian hat trimmed with sable and orange carnations, and carried a bouquet of cream carnations. The bride was assisted by her cousin, Miss Prithard, of Toronto, who was prettily gowned in a cream tulle-made suit with blouse of paris and carried a bouquet of pink carnations. The groom was supported by his nephew, Dr. E. Barker, of Stouffville. The bride entered the drawing room, leaning on the arm of Mr. Harvey, to the strains of Mendelssohn's wedding march played by Miss Pearl White.

After the ceremony congratulations were extended to the newly wedded couple, and the party sat down to a sumptuous wedding dejeuner. The house was prettily decorated with palms, lilies, smilax and chrysanthemums.

The groom's gift to the bride was a beautiful piano, and to the bridesmaid a gold bar brooch with initials set in pearls. The presents to the bride were numerous and costly, which is an indication of the high esteem in which she is held by a large circle of friends. Mr. and Mrs. Brethour left on the 6.20 train for a trip to Detroit, and will be absent a week, after which they will reside in town. The Post joins with their many friends in wishing them years of happiness and prosperity.

Saturday's Market

On account of the stormy weather and bad roads the market last Saturday wasn't very well attended by the farmers. The offerings inside were small but outside the farmers drove a brisk trade in dressed beef, there being about fourteen rigs filled with beef, pork and lamb. Prices were about the same as last Saturday.

RUTS

The walking sick, what a crowd of them there are: Persons who are thin and weak but not sick enough to go to bed.

"Chronic cases" that's what the doctors call them, which in common English means—long sickness.

To stop the continued loss of flesh they need Scott's Emulsion. For the feeling of weakness they need Scott's Emulsion.

It makes new flesh and gives new life to the weak system.

Scott's Emulsion gets thin and weak persons out of the rut. It makes new, rich blood, strengthens the nerves and gives appetite for ordinary food.

Scott's Emulsion can be taken as long as sickness lasts and do good all the time.

There's new strength and flesh in every dose.

We will be glad to send you a few doses free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

SCOTT & BOWNE,
Chemists,
Toronto, Ontario.
50c. and \$1. all druggists.

BOARD OF EDUCATION FINAL

BUSINESS FOR 1903 WOUND UP LAST FRIDAY EVENING.

Chairman Thos Stewart the Recipient of a Complimentary Motion, and in Reply Refers to the Desirability of Sympathy Between the People and the Board.

The closing meeting of the Board of Education for 1903 was held Friday night in the Council chamber, commencing at 8.10 o'clock. The members present were Chairman T. Stewart and Messrs. J. G. Edwards, W. Devitt, Dr. Blanchard, Jos. Staples, Jas. Dsason, R. Kennedy, P. G. Pilkie and Dr. Jeffers.

The minutes of the last meeting held in November, were read by Secretary Spier and were duly confirmed.

School Attendance.

Principal Harstone reported 162 students on the roll of the Collegiate Institute for December; average attendance, 139. The school opened after vacation with all teachers present and a fair attendance of scholars, but the classes were dismissed for the afternoon owing to the freezing of some of the water pipes—Fyler.

Principal Broderick, of the Public Schools, included in his report a summary of the yearly attendance reaching back as far as 1898, when there were 250 children on the rolls of the various schools, the average attendance being 516, while in 1903 the average number on the rolls was 1117, and the average attendance 801—Fyler.

Social Purity.

In a communication Mr. A. W. Best, of the White Cross Branch of the W.C.T.U., asking permission to address the boys pupils of the Collegiate and Public Schools on the subject of "Personal Purity." He submitted a number of testimonials from led by "donationists," including School Inspector J. L. Hughes, of Toronto, and on motion of Dr. Blanchard permission was granted, subject to arrangements to be made with the Finance Committee Report.

Mr. Staples, chairman, presented a report recommending payment of the following accounts:

Peddie & Emerson.....	\$ 115
A. Lumsden.....	140
A. Mosley.....	150
Geo Hartwick.....	509
Geo Mills.....	255
J. Sutcliffe & Sons.....	180
A. Lumsden.....	90
Bathurst Co.....	175
F. Thompson.....	909
A Campbell.....	208
Bell Telephone Co.....	35
Kells & Morrison.....	35
United Typewriter Co.....	325
Light, Heat & Power Co.....	678
A. Cullion & Son.....	153
E. A. Gregory.....	54.32
Miss Lavelle.....	150.00

The committee also recommended that the salary of F. J. Frampton, caretaker of the Union School, be increased from \$525 to \$840, to date from Jan 1st, 1904.—Adopted.

Chairman Complimented

On motion Mr Stewart vacated the chair, which was taken by Dr. Jeffers. Col. Dsason then conveyed the thanks of the Board to Mr Stewart for his during the year, and the good judgement evinced in dealing with all matters coming before the members for consideration. Mr. Staples seconded the motion, which was adopted by a standing vote.

In his reply Mr Stewart said he felt very grateful for the kind resolution, which far exceeded the merit of his services. He had felt for years that it would be a good thing if the public could be stirred up to take a livelier interest in school affairs. He had planned to do this by endeavoring to bring this about, but his efforts had not been successful. If this could be accomplished the Board would receive more credit than has been the case heretofore. The Board had been describing an easy-going organization—it was not. They had their difficulties, as every member knew, but if a piece of machinery or the business of a department works smoothly it generally means that the men concerned with it know their duties and look after them properly. Members of the Board differed strenuously, but they behaved always like gentlemen and never used ill language which should not be used. It would be most desirable to have a feeling of deeper sympathy between the Board and the people whose educational interests they were serving to the best of their ability—their would thereby be enabled to do the right thing with greater efficiency. Education is a great force and there never was a time when it was not important or when the need of it was greater than now, and in no country is there a more pressing need for a wide diffusion of intelligence than in Canada, with a comparatively small population surrounded by boundless natural resources (Applause).

The reading of the minutes concluded the business of the Board for 1903.

A Sensible Decision.

(Toronto Globe.)

Mr. Justice McMahon has settled for the time the old vexed question whether in a libel suit against a newspaper the plaintiff has a right to be furnished with the name of the writer of the alleged libel. The contention on the side of the press has always been that so long as the management is held responsible for any damage done by an article, the writer of it should be left free from responsibility. In Canada as in British journalism, the names of writers are not appended to their articles; in view of the fact that they are thus deprived of whatever prestige they might otherwise have won by their literary work it would be unfair to drag them before the public. Whether anonymous journalism is or is not the best system, it has long been the one in vogue here and is not likely to be changed. If a writer through malice and falsehood gets his employers into a libel suit it is open to the management to expose him, but there should be no compulsion and no inducement to betray a staff secret to the public.

THE CANADA LIFE ASSURANCE CO.

A BUSINESS PROPOSITION.

We offer you a better investment than Government Bonds

Better for three reasons.

1st.—Canada Life 5 per cent. Gold Bonds yield a much higher rate of interest than Government Bonds.

2nd.—They are paid for by instalments—thus placed within the reach of men without capital.

3rd.—They are insured. That is, should the investor die before paying only one instalment on his bonds, all his future payments the Company would be immediately cancelled and the benefits of investment would at once become available.

Ado to all these advantages the very material one that the investor or shares in the surplus earnings of this leading Company, and you have an opportunity for safe and profitable investment rarely equalled. A handsome booklet, giving a full explanation, will be sent on request.

W. R. WIDDESS, AGENT, LINDSAY.

BLOOD DISEASED MEN

If you ever contracted any blood disease you are never safe unless the virus of poison has been eradicated from the system. Have you any of the following symptoms? Sore throat, ulcers on the tongue or in the mouth, hair falling out, itching sores, itches on the skin, sores or blotches on the body eyes red and smart, dryness, itching of the scalp, nervousness, indications of the secondary stage. Don't ruin your system with the old fogey treatment—mercury and potash—which only suppress the symptoms for a time only to break out again with more force. Our New Method Treatments is guaranteed to cure you. Our guarantees are backed by bank bonds, that the disease will never return. Thousands of patients have been already cured by our New Method Treatment for over 20 years. No names used without written consent.

Mr. E. A. C. writes: "Your remedies have done me more good than any other medicine. I have not felt any of those pains or seen any ulcers or blotches for over seven years and the outward symptoms of the loathsome disease have entirely disappeared. My hair has grown in fully again and I am married and happy."

CONSULTATION FREE. BOOKS FREE. WRITE FOR QUESTIONNAIRE FOR HOME TREATMENT. CURES GUARANTEED OR NO PAY. 25 YEARS IN DETROIT.

GOOD PUMPS

The day of iron pipes and cast iron cylinders is past, as public know from experience what you want when you buy a pump is galvanized iron pipe, brass cylinder and steel rods, which do not rot or taint the water.

We are making a large bore brass cylinder and steel rod pump which will outwear and throw more water than any pump on the market.

Our practical man, Mr. J. Dennis, looks after all orders and repairs, and we can guarantee satisfaction.

Mail orders receive prompt attention.

SYLVESTER M'F'G CO

From Tomisconingue.

Orill: Times: Mr. William Murray, of New Liskeard, Tomisconingue, was in town on Monday, having some business dealing with Aid W. G. Goffatt, Mr. Murray was the first settler in New Liskeard and the founder of the town. He went in fourteen years ago from Halliburton, and has done very well in the real estate business. The town now has a population of fifteen or sixteen hundred, with a list of three hundred voters. The railroad is still sixty miles distant, but it is hoped the first train will steam in not later than August next. Bridge building is being energetically pushed this winter. There is a daily stage from the railroad terminus, with a tri-weekly mail service. This winter has been an unusual severe one, the mercury falling to 42 degrees below zero the day after Christmas, against 30 degrees below zero, the lowest recorded the previous winter. The snow is light, but more than fifteen inches, making work in the winter months difficult. Like other municipalities it is 612 feet above sea level, and therefore not as cold as some places much farther south, but at a higher altitude Mr. Murray has great faith in the future of the district, and returned north the same day.
