> FOUR NEW AND FOUR OLD ALDER-MEN CHOSEN

The Cas Co. Proposition Carried by Good Majority.

The result of Monday's voting proves that the people followed the advice given in our editorial in Saturday's issue of The Evening Post and made a careful choice between the candidates offering for Council for 1906, the result being that Dr. Vrooman has been elected as Mayor for 1906, and has been given the following assistants to aid him in looking after town affairs fon the year: A:dermen Begg, Fisher, O'Rielly, Rea, Eyres, Maundey and McFadden. The defeated candidates are Robson, Duke and McNabb. The Council is a strong one and much will be expected from it.

The contest was carried on very quietly, although considerable interest had been manifested in the outcome for some days, Dr. Vrooman's large majority may be attributed to his personal popularity, but with more certainity to the general impression that he is a man of action and ideas, which inspired the hope that he would be able to introduce a new order of things and inaugurate | a campaign for the general cetterment of the town's interests in several directions. We believe this can be at comp lished, and in striving to -Miss Orr, of Bobcaygeon, was in bring it about the Dr. will have the cordail support of all level-headed

We regret the defeat of Mr. Mc-Nabb. He possesses good ideas, and his Scotch incisiveness would have acted as a curb in case any of the members allowed themselves to be carried away by excess of enthusiasm. His turn will come, however. The result of the polling is as follows;
