

Our Sixty-First Year—No. 2

LINDSAY, ONTARIO, FRIDAY, JANUARY 12, 1906.

Terms—\$1.00 per year in Advance.

80c is Worth a Dollar Here Now

And there is a Whole Store Full of Goods to Choose From

Our 10-day 20 per cent Discount Sale, now in progress, offers you more numerous opportunities to save money than any store here about.

Because we are giving you 20c off every dollar you spend here from Wednesday, January 10th, to Saturday, January 20th, just because we want to reduce stocks; we want to sell from all departments; fixtures are the only things storekeepers like to keep at this season of the year.

We make but two exceptions that are not subject to the discount and that is Cottons and Cotton Threads.

Are you interested. Why, the whole town and county ought to be interested. Such an excellent opportunity to choose what you want from our regular full stocks of Furs (for Men, Women and Children), Millinery, Dress Goods, Silks, Linens Staples, Men's Furnishings, Women's and Children's Ready-to-Wear Garments, Gloves, Hosiery, Underwear, Smallwares, etc.

Read these bargains, no further discount off these:—

THE SEASON'S GREETINGS.

DUNOON'S DRUG STORE

INAUGURAL MEETING OF OPS COUNCIL.

Strong Protest Against Closing Part of the Omemece Road—Several Deputations Heard—Wire Fence Bonus System Not Working Satisfactorily—Summer Assessment Advocated.

The members-elect of Ops Council met at 11 o'clock a.m. on Monday last, 8th inst., and after making the prescribed declarations of office and qualifications, Reeve Hopkins briefly addressed the members, expressing a hope that every member would do his duty for the best interests of the township.

THE OMEMECE ROAD.
The Council then adjourned till 1.30 p.m., and on the arrival of the Clerk at 1.25 the corridor leading to the Council chamber was crowded, and in two minutes more the Council room was filled. The cause of the rush was the Omemece road trouble. A by-law closing said road across the 8th and 9th cons. was passed at a meeting of Council on the 15th, and since then two petitions have been gotten up praying that the new Council repeal said by-law.

Mr. F. D. Moore, on behalf of the petitioners, read the petition and the names attached thereto. Mr. Best objected to some of the names as not being genuine. Mr. Moore spoke in a humorous strain and elicited the applause of the ratepayers, the majority of whom were evidently opposed to the closing of the road.

To swell the crowd still more, a deputation from Lindsay Board of Trade wedged its way in, and in turn addressed the Council on the desirability of making every road and avenue leading to Lindsay as short and

consideration of the Logie road by-law be postponed until the side road adjoining it be put in better condition.—Carried.

Most of the ratepayers then withdrew and the Council proceeded with other business.

COMMUNICATIONS.
A letter from Montreal Bank, with statement of cash on hand.

A letter from County Treasurer, with statement of amounts paid by him to the township treasurer.

From J. Ross Robertson, of the Sick Children's Hospital, Toronto, asking for grant.

From Municipal World, asking for renewal of subscription.

Applications from Wm. E. Agnew, Wesley Deyell and Thos. Downey for the office of auditor.

Application from John Deyell, jr., for the office of assessor.

On motion of Messrs. Coulter and Wilson, Messrs. Wm. E. Agnew and Wesley Deyell were appointed auditors.

THE ASSESSMENTS.
The Reeve then said that, owing to many being dissatisfied with last year's assessment he was of opinion the time for assessing should be changed to May and June, and he had called on Mr. McNeillie with a view of getting the County Council to authorize the same at their January session. Mr. McNeillie had informed him that they would likely do so. Then either one or two assessors might be appointed, as the Council might decide, and perhaps one assessment might do for two or three years.

Mr. Roche moved, seconded by Mr.

THE BOARD OF WATER COMMISSIONERS.

as convenient as possible. They had been endeavoring to make the road to Fenelon Falls shorter, and the important as that from Omemece, some of which, in case the road were closed, might be diverted to Peterboro. They contended that whatever benefit Lindsay was also a benefit to Ops. These gentlemen were Messrs. Kennedy, Horn and Carew. Some of them had a misconception, however, of the difference in the length of roads to Reabro, some stating it was about four miles and some less, though it is actually about three-fourths of a mile.

Another party gentleman, in the person of Ald. McFadden, addressed the Council on behalf of the Town Council, saying that the closing of the road would be very detrimental to the welfare of the town.—Carried.

The validity of the by-law was brought into question, but Mr. Stewart, township solicitor, said he had no doubt as to its validity, but it was in the power of the Council to repeal it or any by-law and open up a roadway where they liked, so long as private interests were satisfied, and said piece of road had been deeded to the landowners adjoining.

Mr. Joe. Davies complained of his roadway cut, saying he had been blocked up at both ends.

The Messrs. Reid and Mr. Fox said they were quite willing to leave the roadway open all winter, so long as it would not prejudice their rights to close it in the spring.

The members, after briefly discussing the matter, passed the following resolution: Moved by Mr. Coulter, seconded by Mr. Wilson, that the Reeve get legal advice from the township solicitor and from some other lawyer, if necessary, in connection with the by-law in question, and that this Council adjourn to meet at the call of the Reeve within 24 hours after receiving notice.

Mr. Wm. Isaacs Reid then spoke, saying the Board of Trade men did not know what they were talking about. Ops did not interfere with Lindsay in municipal matters, nor with Emily, as to what roads they should close. Over two-thirds of the people directly interested in the road in question had signed a petition to close it, but some of them had since changed their minds.

LOGIE ROAD BY-LAW.
Mr. Wm. H. Wilson moved, seconded by Mr. Roche, that the further

Coulter, that the Reeve get the required permit from the County Council, and that the appointment of assessor be deferred until the next regular meeting.—Carried

SUNDRY MOTIONS.
Mr. Roche moved, seconded by Mr. Coulter, that Jas. Connolly be appointed a member of Ops Board of Health for two years instead of Jas. Cayley, and that Richard Jackson be re-appointed for three years.—Carried.

By-laws were then passed confirming the appointment of auditors, Board of Health members and Road Commissioners.

It was moved by Messrs. Best and Wilson, that the Council apply to the County Council for the use of the stone crusher about 24th of May next.—Carried.

Moved by Messrs. Coulter and Roche, that the Clerk send for six copies of the Municipal World for use of Council.—Carried.

Moved by Messrs. Coulter and Wilson, that \$750 be appropriated for stone and other road material, and that each Commissioner have control of \$150.—Carried.

On motion of Messrs. Coulter and Best, orders were issued in payment of the following accounts: Wm. Milligan, posting election notices, \$3.50; Geo. W. Beall, stationery, etc., \$9.92; S. J. Fox, tile, J. Cayley, \$100; D. R. officers, poll clerks and booths, \$56.00; Jas. McLean, work lot 21, \$2.

OFFERED GOOD ADVICE.
Before the close of the meeting Messrs. E. H. Hopkins, S. J. Fox, M. P. P., and Newton Smale each addressed the Council. Mr. Hopkins said their wire-fence by-law was defective; that many wire fences were built where they were not much needed; that the building of every wire fence should be by authority of the whole Council and not by one Commissioner who, experience had shown, was ready to pay a bonus to any man desiring a wire fence. He would do away with the bonus system and let the Council order and enforce, if necessary, the building of wire fences, where most needed, and give such assistance as might be agreed on.

The Reeve asked him if he would accept the 35c. bonus for his fence. He replied, "No, I'd leave it to arbitration."

Mr. Fox said that it was the in-

ention of the legislature to restore the old County Council system with some modifications, and it was to be hoped that a new County road scheme, acceptable to local municipalities would then be inaugurated. He approved of the intended action of the Council regarding assessment and presented them with a few copies of the Act.

Mr. Smale, who had advised the summer assessment at the nomination, clearly showed the advantages to be derived from it by appointing a good man from each side of the river, and having the two go together and make a thoroughly impartial assessment, as the Act requires. He believed in paying every competent township officer fair pay for the services rendered. No man, however capable could afford to make a good assessment of the township for a salary of \$60 because of the time necessary. He hoped that they would appoint the best they could get and pay a fair salary.

On motion the Council adjourned, to meet at the call of the Reeve.

W. F. O'BOYLE, Clerk.

TRAINS RUN FOR PROFIT.

"We Don't Run Them for Fun in This Country," Says a C. P. R. Official.
Prompted by a newspaper despatch to the effect that on Christmas day, a passenger train on the Pennsylvania Railroad travelled over 450 miles of the best permanent way in the world without a single passenger, namely, from New York to Pittsburgh, a Toronto reporter interviewed some of the Union Station officials as to the possibility of a similar occurrence in this country.

"The nearest approach we can show to the Pennsylvania's exploit on Christmas day," said a C. P. R. man, "was the Owen Sound train, which left here at 8.15 a.m. with three cars. She drew out without a single passenger, but I heard that several embarked at Toronto Junction. For the whole distance she carried on an average about fifteen people. This was unusual because that train generally has a full complement of passengers."

"Can you name any other trains which are poorly patronized?"
"Well, with our regular trains I should say that the Bobcaygeon takes the lead during the winter. Three trains leave every day and make about seven stops. Mr. Average fluctuates a good deal, but I have seen them leave with only nine or ten passengers. Just imagine two coaches and one baggage car going nearly a hundred miles with such a small number. Of course in the winter months the traffic is something enormous."

"The only train coming into the depot on our line," he continued, "that is very light, is the train from Guelph, I have seen it come in with only seven passengers."
The Grand Trunk have a train on their system which appears to make a useless journey to Sutton daily. "I have seen this train leave here with only four passengers," said one official. "She carries two coaches and makes between 12 and 13 stops on a 25-mile journey. Her average is very poor—it is generally about five."

This train accomplishes the distance in a little over three hours, traveling at the rate of eight miles per hour.

MARRIAGES.
