In diseases of the lungs and respiratory organs, for instance, it is the custom to assume that there is no cure for the cough, no help for the hemorrhage, no healing for the lungs. The scarecrow, Comsumption, is set up, often taking the form of some inexperienced and unskillful practitioner who denies hope or help to the

victim of disease. Yet the records go to show that stubborn coughs have been cured, that persistent hemorrhages have been stopped, and that weak lungs have been made strong by the use of Dr. Pierce's Golden Medical Discovery.
