

# "PROGRESS" Tuxedo Suits

For informal dinners, "stag" events, and all functions where ladies are not in evening dress.

There's a richness and elegance—a grace and smartness—to "PROGRESS" Brand Tuxedos that make them universally worn by well-dressed men.

Soft worsted, lined with silk, cut in the newest London and New York styles, and faultless fitting.

Dealers have "Progress Brand" Tuxedo Coats and Vests, as well as the complete suits.

M. J. CARTER, - 40 Kent-St.

## IN AN ANGELIC CALM

Situation Without Precedent in Ireland's History.

### NO FUN AT ALL IN ERIN

In Seventy-Eight out of Her One Hundred and Two Constituencies No Chamberlainite Nor Poe of Labor Dare Intrude His Political Nose—Churchill on the Irish Home Rule—Morley's Views.

London, Jan. 6.—Ireland's fate in the present election fight raises an interesting problem. While the Conservatives are doing their utmost to forestall the country against the Liberalism on the ground of their home rule tendencies, a tacit agreement, it would seem, has been arrived at between the Liberal and Irish leaders to defeat the tactics of the Conservatives. Ireland itself remains in the dark.

Michael Davitt, speaking at St. Helens last night, said: "Ireland is in a state of angelic political calm. In no less than 78 out of her 102 constituencies, not a Chamberlainite nor any form of labor dare intrude his political nose."

While the Irishmen are thus avoiding any excitement of public feeling the Liberal leaders are speaking also in one voice to the effect that home rule is impossible in the next Parliament, in fact that it is impossible altogether until the country has had an opportunity of giving a special mandate on the question. Mr. Birrell, president of the Board of Education, Bristol, and Winston Spencer Churchill, at Manchester, both last night expressed this view, Mr. Churchill making this interesting pronouncement on the question: "Time has largely vindicated the views held by Mr. Gladstone in 1874. What has never was a time like the present, when the great mass of opinion is arrayed against anything in the nature of a startling plunge in the Irish policy, there never was a time when a greater number of sensible, patriotic people were prepared to give fair and unprejudiced consideration to Irish affairs, to admit that a wrong system of Government prevails in Ireland, and to approach without passion one of the most difficult but the most attractive of the riddles of British statecraft."

John Morley, Secretary for India, speaking at Arbroath, Scotland, last night, said that personally he believed the only effective method of reform for Ireland would be an elective representative body which would control Irish affairs under the direction of the Imperial Parliament. However, he stood ready to co-operate in any scheme involving a less radical departure if it could be shown that such a scheme would assure the reforms needed.

David Lloyd-George, president of the Board of Trade speaking at Croydon last night, quoted from the Board of Trade returns which have not yet been published. He said these returns would show that the exports of manufactured goods from the United Kingdom had increased since 1903, when Joseph Chamberlain said the country was going to the dogs, the increase in manufactured goods exported, had amounted to \$175,000,000. Mr. Lloyd-George said the returns would show that the United Kingdom exported more manufactured goods than Germany and the United States together.

Britain in Morocco. The Standard this morning says it learns that Sir Edward Grey, the Foreign Secretary, has formally announced through diplomatic channels his intention to carry out the policy of his predecessor, Lord Lansdowne, with regard to Morocco. Therefore, the paper adds, the apprehensions entertained abroad concerning the attitude to be assumed by Great Britain under the Liberal Government has been removed with satisfaction to the interests concerned.

Wind's Havoc in Chicago. Chicago, Jan. 6.—Thomas Henderson was killed by a falling sign, a score of persons were injured and \$100,000 worth of property destroyed by a windstorm, which struck Chicago yesterday. At one time the wind blew 60 miles an hour. In South Chicago, an open hearth furnace under course of construction by the Illinois Steel Co. was blown down. The steel company's loss is \$50,000.

Brother-in-Law Arrested. New Haven, Conn., Jan. 5.—Hiller, brother-in-law of Charles A. Edwards, the New York man who was killed Tuesday night while at the home of Charles A. Hiller, last night for a short time was locked up at police headquarters by order of Coroner Mix. The coroner has found that Mr. Edwards had often told his friends that Macey Hiller had made threats against him.

Harpers Give In. New York, Jan. 5.—The publishing house of Harper & Bros. acceded yesterday to the demands of their striking printers for the 48-hour week and the closed shop. More than 100 printers employed by the house will return to work at once.

Cuban Murderers Garrotted. Havana, Jan. 6.—Bonifacio Boocourt, an old negro, and Victor Molina, a mulatto, were garrotted at the prison here yesterday morning. Both men were regarded as "witches" by their associates. Their crime was the hideous murder of a white baby, whose body was found, smoked and salted, weeks after the crime.

Gags Agree With Schiff. New York, Jan. 6.—Lyman J. Gage, former Secretary of the United States Treasury, said yesterday that he agrees with Jacob H. Schiff in the opinion that a great panic is inevitable unless steps are taken to remedy the inequality of the existing currency system.

## REBELLION IS OVER.

Morales Defeated and Caoceres Apparently Successful—Jimenez a Candidate.

Washington, D. C., Jan. 6.—Advises received at the State Department from naval sources yesterday as to the collapse of the Morales' rebellion in San Domingo and the resulting conditions are as follows:

"The rebel gunboat Independencia was seen Thursday night off Puerto Plata. Desultory firing all day. Caoceres apparently successful. Thirty men killed and sixty wounded on Caoceres' side. On the other side unknown. Medical assistance is being sent from the American warship to the wounded ashore under the red cross flag. The death of Rodriguez was a great blow to the party. Seven American citizens have been taken aboard the Scorpion. No casualties among the Americans. Hostilities have ceased."

Defeat Was Complete. Cape Haytien, Hayti, Jan. 6.—Further advice received here yesterday from the scene of hostilities between the troops of the temporary president of Santo Domingo, Gen. Caoceres, and the forces of the fugitive president, Gen. Morales. It is said that the defeat of the latter before Puerto Plata Jan. 3, during which Gen. Demetrio Rodriguez, the Morales commander, lost his life, was complete.

About 150 men were killed or wounded. The remainder of Morales' followers embarked on board the gunboat Independencia.

Gen. Jimenez, the former president of Santo Domingo, has left Puerto Plata for Monte Cristo and, it is understood, will with the assistance of Morales, compete for the presidency of the republic against the other candidates for that office.

According to the reports brought here by messengers a large part of the population of northern Santo Domingo is in favor of Gen. Jimenez.

### COMPANY IS INSOLVENT.

Southern Light and Power Co., Limited, May Be Wound Up.

Toronto, Jan. 6.—The crisis in the affairs of the Southern Light & Power Co., Limited, came yesterday morning, when, at a meeting of the directors, a resolution was carried declaring the company insolvent and that the same should be wound up.

Having been authorized by the President of the York County Loan to the extent of \$25,000, the step is one of great significance and must have its bearing on the winding-up of the loan company. This amount has always been included in the published statements of assets of the York County Loan.

Shortly after the meeting Mr. Joseph Barrett, President of the Southern Light & Power Co., sent an affidavit to Mr. Paul Lett, Auditor of the Ontario Court, setting forth the facts in connection with the meeting as given above.

Events Moved Rapidly. Within an hour an application arrived at the Hall on behalf of the Dominion Portland Cement Co., creditors for \$1,700, who asked for an order winding up the Southern Light & Power Co. A few minutes later another application for a winding-up order was filed by Edward Gegg of Toronto, a creditor for \$1,408. The applications were brought hurriedly before Justice Teetzel, who declined to consider them in his private chambers. The hearing will, therefore, take place on Tuesday morning.

Alaskan Explorer Dead. Montreal, Jan. 5.—The famous Alaskan explorer Francis Merzier, died yesterday, aged 68 years. Merzier is a French-Canadian who went to Alaska forty years ago, acted as intermediary when the country was ceded by Russia to the United States. He also explored the Behring Straits in a canoe in the interest of the French Geographical Society, as the latter wished to support its theory that the North American Indian had come over China.

## AN AWFUL SKIN DISEASE

Sores Covered Neck and Cheeks—Itched Day and Night—Nothing Did Me Any Good—Was Growing Worse—Immediately Relieved and

SPEEDILY CURED BY CUTICURA REMEDIES

Miss Nellie Vander Wiele, of Lakeside, N. Y., writing under date of April 15, 1904, says: "I do wish you would publish this letter in the newspapers, so that others suffering as I have may see it and be helped. I suffered for many months with an awful skin disease, sores covering my ears, neck, and cheeks. Scabs would break and they would swell, and itch day and night. Then they would break open and blood and matter run out. I had tried many different remedies, but none of them did me any good. I was growing worse when I tried the Cuticura Remedies. The first application helped me, and when I had used two cakes of Cuticura Soap, three boxes of Cuticura Ointment, and three bottles of Cuticura Resolvent, I was completely cured."

TORTURING, DISFIGURING Humours, Eczemas, Itchings, and Chafings—Cured by Cuticura

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalded head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants, and anxiety of worn-out parents, as in milk crust, tetter, and salt rheum—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proven beyond all doubt by the testimony of the civilized world.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Beware of cheap imitations. The name is Cuticura, not Cuticura Soap, Ointment, or Pills. The name is Cuticura, not Cuticura Soap, Ointment, or Pills. The name is Cuticura, not Cuticura Soap, Ointment, or Pills.

## PULL VARIOUS WAYS

Friction of a Serious Nature in Immigration Service.

### MAY OVERHAUL THE STAFF

Commissioner Preston and Secretary Griffiths Are on Unfriendly Terms—Mr. W. T. R. Preston Submits Documents Showing Officials on Other Side Have Been Collecting Expenses Improperly.

Ottawa, Jan. 6.—Reports as to friction between Mr. W. T. R. Preston and the immigration agents in Great Britain are not wholly devoid of truth. Things have not been harmonious between them for some time and it is said that matters have reached an impasse. Unless the differences are speedily arranged, somebody will have to go. The fault is believed not to rest entirely with Mr. Preston. His friends say that there is no more energetic man in the Government service, and it is conceded that he is entitled to considerable credit for the remarkable expansion in emigration from Great Britain and the continent during the last five years.

On the other hand, Mr. Preston is impetuous and quick-tempered and the immigration agents may find it hard to pull with him. Mr. Preston had the confidence of Mr. Sifton, who endorsed his policy of a bold emigration propaganda. Since Mr. Sifton left the Government complete harmony has not prevailed in the emigration branch, and emigration has slackened somewhat.

May Overhaul Staff. A thorough overhauling of the staff to secure more cordial co-operation is probably nine months ago the emigration branch in Great Britain was placed in charge of Lord Strathcona. This may or may not have been a wise step. At any rate, Mr. Griffith, Secretary at the High Commissioner's office, and formerly emigration agent at Cardiff, and Mr. Preston do not seem to be getting along very well. Both men are quite jealous of their privileges.

Lord Strathcona is a diplomat and might have been able to reconcile the disputants had he perceived the trouble in time. However, it is believed the existing differences will be adjusted before his return to London.

Trouble For Officials. Results of a serious character for some of the immigration officials in England are likely to follow the visit of Mr. W. T. R. Preston to Ottawa and his conference with the Ministers. It is said that he has submitted documents showing that certain officials on the other side have been collecting traveling expenses improperly, and that the practice has been going on for some time. If the charges are sustained the offenders cannot be allowed to remain in the Government service.

Mr. Preston's friends say that any discord and lack of co-operation with him which may exist is the result of the discovery and exposure of accounts for expenses which should never have been presented. There has never been any friction between Lord Strathcona and Mr. Preston. On the contrary, the latter maintains that their relations have been most cordial, and he has always given Lord Strathcona loyal and hearty support. Mr. Preston went to Montreal yesterday afternoon, and will be in Toronto to-day. Lord Strathcona and he will meet the Prime Minister again on Monday.

DEATH OF SEYMOUR GOURLEY. Picturesque Figure in a Recent Parliament Passed Away.

Halifax, Jan. 6.—Seymour E. Gourley, ex-M. P. for Colchester, died yesterday at Truro from cirrhosis of the liver. He sat only in one Parliament, being defeated in 1904.

He was lawyer by profession, and made his name as a speaker in the House, and on one occasion he declared that Canadians and Britishers were continually giving way to the people of the United States for forgetting their own names. He urged Canadians to stand by their guns, whether Yankees liked it or not, and he announced that he and his family were willing to die in the last trench in defence of Canada.

WILL BE TRIED FOR MURDER. Green, the Indian, Dead From the Shot Wound—Gangrene Developed.

Brantford, Jan. 6.—Alexander Green, an Indian, who was shot in the shoulder on Christmas by John Hill, another Indian, at the dance at Fairfield Plains, near this city, is dead.

The weapon Hill used was a shot gun filled with bird shot. The wound was several inches long. Gangrene developed, causing death.

Had blood existed between the two men. Coroner Fissette empaneled a jury and will hold an inquest Jan. 13.

The shoulder of the dead man will be cut out to show the jury at the inquest. Hill now awaits trial on the charge of murder.

Dan Gallery Will Appeal. Ottawa, Jan. 6.—Dan Gallery of Montreal, who has been unseated and disqualified for the manner in which his election as M. P. was gained in St. Anne's division last winter, will appeal to the Supreme Court, "but not for the purpose of retaining my seat in Parliament," he says, "or to draw the seasonal indemnity. I shall never take my seat until such time as my character shall have been vindicated."

Corey Stops Taking Rebates. Cleveland, Ohio, Jan. 5.—The accepting of rebates and special rates from railroads by the United States Steel Corporation, and its subsidiary companies, has been ordered stopped by President W. E. Corey.

Capt. Dunn Remains. Windsor, Jan. 5.—The crew of the Vigilant deny the story that Capt. Dunn has resigned his position. Ottawa authorities declare no recent appointments have been made to the cruiser.

A Daring Robbery. Sturgeon Falls, Jan. 5.—The Canadian Pacific depot was burglarized at noon and one hundred dollars taken. The burglar escaped. He was tall and fair, with a moustache and wore a black overcoat, with brown fur collar.

COCOA The Most Nutritious and Economical.

## AFTER ELECTIONS THE EMBARGO

New British Minister of Agriculture Will Then Consider It.

London, Jan. 6.—(C. A. P.)—"Encouraging, but not definite," was the answer Lord Carrington, the new Minister of Agriculture, gave yesterday afternoon to a large delegation urging the removal of the embargo on Canadian cattle. He viewed the subject in the Imperial as well as national aspect, but said he could not decide in the hurry of the general election. After the election he would bring it before his colleagues, keeping in mind always the importance of protection against disease. In his remarks his lordship cited the resolution of the Dominion Parliament with a strength which much impressed them.

Disagrees With Earl Grey. He referred also to the recent speech by Earl Grey at Guelph, who is reported as saying that the embargo was the election for British greatness. With this view, that the restriction was to keep up the price of store cattle here, Carrington emphatically did not agree.

DENNIS-EDWARDS CASE. Libel Proceedings at Calgary Await Arrival of Mr. Whyte.

Calgary, Alta., Jan. 6.—For the third time the libel proceedings brought against Robert Edwards of The Eye-Opener, asked and secured an adjournment of a week.

The case has now been pending more than a month and the High Court has issued a subpoena for William Whyte, second vice-president of the C. F. R. The case cannot go on until that official comes to Calgary, when the defence has declared its purpose to enquire into the instructions issued by Dennis during the election.
