### COMMUNICATIONS.

M. P'S LOSING THEIR INDEPENDENCE (To the Editor of The Post).

Mr. Editor,-You will have noticed that Mr. McLean, M.P., South York, has again introduced the bill to reduce duce passenger fares on railways from 3 bents to 2 cents a mile, and that it has received its second reading without a division. Mr. Borspent New Year's day with her par- lits most important offices, having den, leader of the Opposition, is also it looks now as if Mr. McLean's persistent efforts were about to bear this gold headed cane as a slight tok- fruit, and that we are within measurable distance of a 2 cent rate.

While public opinion in the constituencies is fast driving the old members in opposition to the railways in this matter, we find our own member against this reduction of fare, and to strengthen this position he stated in a speech in -the House, "that the people of Victoria, do not want a 2 cent rate" and actually went so far as to threaten the people with the dire vengeance of the gown of grey creps do chene over railway companies if the mileage rate pink silk and her going-away dress

compelled all railway companies in the pass to all telephone offices. In four bride. years they have raised their own indemnities from \$1,000 to \$2,500. They have now a bill before the House to compell navigation companies to carry them free. As stated by the Mail and Empire, all that is left is to compell hotels to board them free. In face of all this they insist on their constituents paying outside figures of 3 cents and 3 1-2 cents per mile. Fortunately this is not a party question, but a direct issue between railways and the people-a question on which there is a conflict of opinion between our member and his leader. I would therefore suggest that a mass meeting of the people of Victoria be called and this measure of vital importance to us all be fulconsidered while Mr. McLean's bill is before the House. J. MacKAY.
