To prove unquestionably, and beyond any doubt that Catarrh of the nose and throat can be cured. I am furnishing patients through druggists, small free Trial Boxes of Dr. Shoop's Catarrh Cure. Ido this because I am so certain, that Dr. Shoop's Catarrh Cure will bring actual substantial help. Nothing certainly, is so convincing as a physical test of any article of real, genuine merit. But that article must possess true merit, else the test will condemn, rather than advance it. Dr. Shoop's Catarrh Cure is a snow white, healing antiseptic balm, put up in beautiful nickel capped glass jars at 50c. Such soothing age its as Oil Eucalyptus, Thymol, Menthol, etc., are incorporated into a velvety, cream like Petrolatum, imported by Dr. Shoop from Europe. If Catarrh of the nose and throat has extended to the stomach, then by all means also use internally. Dr. Shoop's Restorative. Stomach distress, a lack of general strength, bloating, belching, biliousness, bad taste, etc. surely call for Dr. Shoop's Restorative.

Strikes St Petersburg Prefect of Police In Base of Brain.

LAUNITZ A PETTY DICTATOR

Was Attending the Consecration of Institute Chapel on Invitation of Prince Alexandrovitch, Husband of Grand Duchess Olga, Young-

est Sister of Czar-His Assassin Was Killed by an Officer.

St. Petersburg, Jan. 4.-Major-General Von Der Launitz, prefect of po-lice of St. Petersburg, was shot and killed by a young man at the Institute of Experimental Medicine yesterday Von Der Launitz, at the invitation

of Prince Peter Alexandrovitch, Duke of Oldenburg, husband of the Grand Duchess Olga, youngest sister of Emperor Nicholas, was attending the consecration of the institute chapel. During the services there and while standing near several high officials the prefect was approached from the rear by a young man who drew a re-volver and shot him in the base of the brain.

Assassin Cut Down. As the assassin turned to flee, one of the officers present drew his sabre and cut the man down and killed him. The identity of the assassin has not been established.

After dissolution of the Russian Parliament, powers little short of those of a petty dictator were conferred upon Von Der Launitz. He issued a long proclamation, explaining the Government's reasons for dispersing the legislators. Last September Von Der Launitz refused to legalize the Constitutional Democratic party on the ground that its program did not clearly show its political views and refused to legalize the Octoberist party because of the omission in its petition of the address of its headquarters.

Made 588 Arrests In Three Days. Some idea of his activity may be gathered from figures which he caused to be published Dec. 28 last. It was then announced that the "flying section of the secret police" had made 588 arrests in St. Petersburg during the three days preceding Dec. 29. The prisoners, who, including thirty-three women, were charged with "revolutionary activity and illegal election agitation." It was added that further arrests and searches were proceeding vigorously.

On Nov. 23 last, Von Der Launitz, acting, it was said, under a hint from a higher authority, dispersed a meeting of Constitutional Democrats in St. Petersburg, which he himself had previously sanctioned. The police authorities complained that the speakers would not confine their remarks to answers to their political opponents.

On Nov. 14 last Von Der Launitz suppressed The Russ of St. Petersburg because of the publication of an article of M. Karavaeff, a well-known jurist, who deplored what he termed "the debasement of all moral con-

sciousness in Russia. Vladimir Von Der Launitz came of an old family of the German nobility, in the Baltic provinces. He served with distinction during the Turkish War of 1887-88, was decorated for bravery, and, in addition to holding the rank of major-general, he was one of the equerries of the court. Von Der Launitz was Governor of Tambov for three years. He stood high in the

favor of the Emperor. Dr. Dubrovin, president of the reactionary League of the Russian Police, was attacked by a revolutionist on the street Wednesday night, several shots being fired at him without

Strange Shooting Affair. Hamilton, Jan. 4.—There was a strange shooting affair last night about 10 o'clock. Strathcona's Ferirement. London, Jan. 4.—(C. A. COAL FAMINE'S CAUSE.

U. S. Commissioner Finds Railways Failed to Prepare For Movement of Grain - Evidences of Boycott.

Washington, Jan. 3.-The causes of, but not the cure for, the car shortage in the northwest, and the consequent coal famine in North Dakota, have been determined by the members of the Interstate Commerce Commission, who participated in the recent hearings at Chicago and Minneapolis. Franklin Lane, chairman of the investigating commission, finds that it is a fair inference from all the testimony that the real cause of the coal scarcity in North Dakota, was such an abundance of west-bound traffic at the head of the lakes that cars were not available in the congested state of that terminal for carrying coal to

North Dakota. Mr. Lane says that the report will be followed in due course by the special recommendations of the commission as a whole as to whatever legislation, if any, may be deemed advis-

Referring to the report that the coal shortage was due to the presence of a trust or combination between dealers in coal, who fixed prices in the northwest, and refused to sell to "outsiders" and "irregulars," the report says: "The commission has gained indisputable proof of an agreement be-tween coal dealers to maintain prices and to boycott all who do not so agree; but there is no evidence at all justifying the contention that this combination is chargeable with the coal shortage prevailing, nor that the railroads were party in any way to

such a conspiracy." Financial loss to a large percentage of the people of the northwest is shown to have been caused by the failure of the railroads to prepare for a large movement of grain. Mr. Lane shows that the railroads tapping the great grain belt of the northwest seem to have been overwhelmed by this year's crop, although, in fact, the crop scarcely exceeded that of 1905, nor did it equal that of at least one other preceding year.

Portsmouth, Eng., Jan. 4.-The fire which broke out Wednesday night among the camp and equipment stores on the Gun wharf here caused damage, according to the official estimates, to the amount of \$1,250,000. The entire equipment of an army

KILLED IN BIG FIRE.

Property Loss In Montreal Fire \$700, 000-Exciting Features. Montreal, Jan. 4 .- One life lost and property to the extent of more than

\$700,000 destroyed was the result of a fire here yesterday. The dead man is Hormidas Gagnon, who was crushed in his own home by a falling wall when trying to rescue his son, who escaped without injury.
Following is a list of estimated damage: Two buildings of G. W. Stephens estate, \$300,000; I. Mistiken

Co., \$10,000; Cheeseborough Manufac-turing Co., \$60,000; Otis Tenson Co., \$250,000; Smith Patterson Co., \$50,000; Graham Co., \$40,000; Gillette Safety Razor Co., \$35,000; Stewart McDonald, \$10,000; Woodburn Sons Co., \$30,-000; Hudson Bay Smelting Co., \$50, 000; Thos. C. Doyle, \$2,000; Montreal Cotton Co., \$2,000; Allan Duplicating Co., \$3,000; Telson Co., \$15,000; Standard Clothing Co., \$40,000; Beaver Rubber Co., \$5,000; Bargain Clothing \$10,000; Dodge Pulley Co., \$20,000.

The St. David's lane wall crashed down and many of the firemen were injured, and it was there that Gagnon met his death. The injured firemen are John Dupuis, Patrick Hamel, John Livingstone, J. Brosseau, Michael McGrab, James Messett. None are very seriously injured. Fully three-fourths of the firms

affected have been burnt out, but it is understood that the majority the losses are covered by insurance. Brennan, the caretaker, told wife to get a box containing \$500. In her excitement she picked up a clock, leaving the cash to burn. With his family, he had to run from his room, and before he could reach the street

it was necessary to smash two doors. The insurance covering the losses amounts to \$334,000, well divided, not including the Gorham Co. and Smith-Patterson Co., whose insurance is carried in the United States and will come close to a total of a quarter of a million
