The attention of contractors is directed to the advertisement of the Raven Lake Portland Cement Company, Limited, asking for tenders for different kinds of work in connection with their buildings at Raven Lake and Elliott's Falls. The Company have been delivering large quantities of building material at their Raven Lake building site, and the indications all point to great activity there when the snow and frost leave the ground.

On the evening of Feb. 19th the Board of Trade will tender a complimentary banquet to the officials of the Grand Trunk Railway. General Manager Hays has promised that the management will be well represented, and that he will be present in person if possible. Lindsay seems to manifest a desire to offer a cold shoulder in place of a banquet, as an important request made by Supt. Tiffin is being continually shelved. It will also give some of our people a chance to learn that the banquet tickets are \$1.50 each.

TO CURE A COLD IN ONE DAY. Take LAXATIVE Bromo-Quinine Tablets. This signature is the mark of every box, 25c. B. J. Brown's ONLY A SLIGHT COLD.

Yet It May Lead to Consumption and an Early Grave. If your blood is poor or watery a touch of cold or influenza will settle in your lungs, and the slight cough of to-day may turn to the choking cough of to-morrow.

Stop that cough by enriching your blood and strengthening your lungs with Dr. Williams' Pink Pills. They make new, rich, red blood. They act resistive power to the lungs. They have saved hundreds from a consumptive's grave. Here is a possible proof that Dr. Williams' Pink Pills cure where other medicines fail.

Some months ago I got caught in a rain storm, and the wetting was followed by a cold. I had paid but little attention to it, but as the cold clung to me and finally developed into a hacking cough, I became alarmed and consulted a doctor, who gave me a bottle of medicine. Unfortunately it did not help me, and I began to grow pale, lose in weight and my appetite completely left me. I was now regularly under the care of the doctor, who told me my lungs were affected and that I was threatened with consumption. The doctor's treatment did not seem to benefit me in the least, and I steadily grew weaker, and finally was compelled to remain in bed. At this time a friend urged me to try Dr. Williams' Pink Pills, and even brought me three boxes before I finally consented to take them. I have reason now to bless my friend's persistence, because I felt better before all the pills were gone, and I gradually continued the treatment, and was soon able to get out of bed and make a walk each day. I am now in the best of health and weigh ten pounds more than I did before I took the pills. I feel that I owe my life to Dr. Williams' Pink Pills, and hope my experience will benefit some other sufferer.

All diseases which come from poor blood or weak nerves can be driven from the system by the use of Dr. Williams' Pink Pills, which may be had from any dealer in medicine, or will be sent post paid at 50c per box or six boxes for \$2.50 by writing direct to the Dr. Williams' Medicine Co., Brockville, Ont. Remember that substitutes and quack medicines said to be "just as good" do not cure.

No Matter What You may require in the printing line, it may pay you to consult the Post Job Department. The fine plant and equipment make it possible to give you the best city establishment.

Last spring Redmond McGrath, along with Geo. Walker of the east ward, burglarized a couple of hotels in Midland, securing \$50 in cash and several valuable rings and watches. He was let off on suspended sentence on agreeing to make restitution by giving security for the amount of goods. McGrath went over to Uncle Sam's domains, but thinking the trouble had blown over he came back to Lindsay last week. Chief Nevison heard of his arrival and going to his home at 6 o'clock in the morning awakened him from his peaceful slumbers. He was taken to the Midland yesterday by Constable Richards, of that town, to stand his trial.

A FEBRUARY WEDDING.

Mills-Stinson. A very pretty wedding was solemnized at 2.30 on Friday afternoon at the residence of Mr. and Mrs. Wm. Stinson, Janetville, when their daughter, Wilma May, was united in marriage to Mr. Wm. J. Mills, a prosperous young farmer of Holland, Man. The ceremony was performed by the Rev. Mr. Howard, pastor of the Methodist church, in the presence of about 100 invited guests, including relatives and friends. The bride looked charming, dressed in white violon train, trimmed with white silk and applique. She carried a bouquet of white carnations. The bridesmaid was Miss M. Cairns, of Lifford, who looked prettily attired in organdie trimmed with valencienne lace and chiffon and carried a bouquet of flowers. The groom was supported by Mr. Wiloughby Stinson, brother of the bride. Miss Ada Wilson of Lifford played Mendelssohn's wedding march as the bride entered the parlor leaning on the arm of her father. After the congratulations had been extended to the happy couple the party repaired to the dining room where a sumptuous wedding dinner was served. The presents to the bride were handsome and numerous; which is an indication of her popularity among her friends. In addition to those present from Lindsay, Lifford, and other places, were Mr. and Mrs. H. Stinson, Mr. and Miss Matchett, of Treburn; Mr. Jos. Paul, of Holland, Man.; and Mr. W. J. Robinson, of Wiampag. A strange incident in connection with the marriage is that this is the third daughter of Mr. Stinson that has married into the Mills family, the third daughter marrying the third son. Mr. and Mrs. Mills will spend a couple of weeks with Lindsay friends before going to their home in Holland. The Post and their numerous friends join in wishing them a long and happy married life.

OBITUARY.

The Late Thomas Hutton. Thomas Hutton, who was buried in the Roman Catholic cemetery on Monday, Feb. 2nd, came with his parents from Dumfriesshire, in Scotland, in the year 1829, when he was about two years of age. His father, Francis Hutton, settled on lot 21, in the 2nd concession of the township of Lindsay, and it was on this lot that Thomas Hutton lived and died. At the time when he came to this country there were not more than twenty settlers in the township, and about half-a-dozen log shacks marked out the town of Lindsay. Purdy's Mill had not yet been built, and any flour or meal required had to be brought from Peterboro, which was then a village of nearly 1000 inhabitants.

Several of the people who came into the township in connection with the opening of the Scougey river, which offered the only means of communication. A bag of wheat carried to Peterboro on the shoulders of the hardy pioneer, or slung across the back of the ox team, had to be ground into flour and brought back by the same means, was the only luxury indulged in for several years after his arrival. In 1837 two of his uncles and an aunt came to live in the same neighborhood. The vessel on which they had crossed the Atlantic was stopped at Quebec by news of the rebellion, and the young people had to make their way down the River St. Lawrence, and after leaving the waterway, by many weary days' travel through the wilderness, to their future home. Mrs. Hutton's mother, Captain Diamond, and a relative of the Thomas Hutton, was one of this party.

About this time there was a considerable influx of population. The Post marked out by the foot passengers was being widened to accom-
