

"Pure soap!" You've heard the words. In Sunlight Soap you have the fact.

SUNLIGHT SOAP

REDUCES EXPENSE
Ask for the Oceanic Bar.

NOT THE THING.

Depend upon it, ready-made garments won't satisfy you, though to read the advertisement the dealers you may be led to fancy that clothing made of shoddy and cut with a buzz saw is superior to all other kinds.

If you stand in need of a NEW SUIT or OVERCOAT you will save dollars by coming here for it. We give every man the worth of his money, and the sewing won't rip the first time a strain comes on the garment.

We have a grand range of English, Irish, Scotch and Domestic Cloths to choose from. If you want new clothes for Spring, please your order now.

CATHRO & CO.

The Weekly Post.
LINDSAY, FRIDAY, FEB. 20, 1903.

COLLEGIATE STUDENTS 'AT HOME.'

Nearly 300 Guests Entertained.
The Collegiate Institute Literary Society held an "At Home" last Friday in the Assembly Hall, which was a great success. Hundreds these social gatherings have been confined exclusively to the students, but on this occasion the ex-students and friends of the students were invited. The hall was profusely and artistically decorated. At 8 o'clock the guests and students, numbering close to 300, were cordially received by Mr. and Mrs. Horstone. Mr. C. D. L. McAlpine, president of the society, occupied the chair. The program consisted of eight memoranda, interesting with the following selections: literature by the Band orchestra, conducted by Mrs. Jackson, Messrs. Taylor, Dugg, Denison and Reznick, which rendered excellent music; two selections by the G.I. male quartette, comprising Messrs. Palmer, Staples, Sheroff and Burns, introducing many local bits, which won the applause of all; a violin solo by Miss Alice Coe Walters, which were well received, and two songs by the quartette. Former President Parlin, in an interesting impromptu speech, read his respects to the society and Mr. Col. Hughes approved of these social evenings, and Principals H. and J. advocated greater interest in school sports. During the evening refreshments were served in Third Form. A vote of thanks was tendered Mr. and Mrs. Horstone for their kindness and help in making this evening an enjoyable one, and the gathering dispersed after singing the national anthem.

MISSIONARY GEORGE BASKIN

Issue a Dictionary in the Ojibway and English Tongues.
Geo. Baskin, of the International Protestant Mission of Algoma and the North-west, is making his annual visit to Lindsay in behalf of his year's work in those parts. He has with him a large number of copies of scriptural books were many more not reckoned. More than 40,000 new publications were printed last year for its work in various forms, and others are now in the printers' hands. Among them are dictionaries in Ojibway and English, which will be costly, but useful to the Indians, and will afford an opportunity to those who say the white man has cursed the Indian. Mr. Baskin has made them some handsome presents by helping to meet the cost of the books. This will make the sixth edition of the Mission dictionary published for the Indians. In conversation with Mr. Baskin as to the fruits of his good work, he said: "The scriptural books, which are sold upon the waters and then sold after many days, as the following will show: Campbellton, N. B., Feb. 5, 1903. I am sending you by this post, which you can keep, a present which will be worth to you more than twenty thousand miles. It has been written on the cover. My poor father carried it with him to many a soldier's bedside. E. B. P. This present is one of a stock of scriptural books placed in a Sunday School in the neighborhood in 1888, my friend paying the cost of carriage. Some say if any good is being done by this work; this, I think, is one good answer."
The Missionary gratefully acknowledges \$19.75 contributed in Lindsay last year for the work, and purposes to present the good cause again in the accustomed manner.

Y. M. C. A. Notes

At the next meeting of the Fortnightly Debating Club, to be held next week, the following subject will be discussed: "Resolved, that a classical education fits a person better than a trades career than does an education." The members are taking up a subscription among themselves to secure a basket ball equipment. About \$100 is required, over half of which has already been provided for. This will probably prove an attractive feature to many of the young men. Bowling schedule has been completed and Ford W. Moynas is the fortunate winner. The handsome trophy donated by Mr. Allan Cameron has already been provided for. This will be a fine addition to the club. The supplementary schedule is also well under way and will be completed next week.

SKIP FLAYELLE VS. DUNBAR.

AN INTERESTING GAME AT THE GREAT WINNIPEG 'SPIEL.

Described by a Former Resident—the Missing Episode.
The following breezy letter from Mr. M. H. McGeough, of Brandon, late of Mr. T. C. Matchett's C.P.R. office, will be read with interest—the more so as it reveals a "great game" between Skip Flayelle and Dunbar, the Eastern and Western cracker;

Brandon, Man., Feb. 9th, 1903.
Dear Mr. Matchett,—I have just a few moments to spare to-night, so I thought perhaps it would be interesting to you to hear a few things about the "Bongspiel in Winnipeg." I went down Friday night, or at least Saturday morning, and reached Winnipeg about the bells struck 12. Ralph McNeill met me, and after about an hour he took me to the Granville rink to find out where Lindsay was to play. The draw was posted up, and Flayelle was to play Dunbar, of St. Paul, at 2 o'clock. Needless to say, I was delighted to see it was Mr. Dunbar, as he was an old opponent, and I knew that it would be a close game. It was at the American Club Rink, near the Exposition grounds, and it is certainly an immense place. There must be 16 or 18 tables of ice there, and hundreds of curling stones covered the ground outside. It was a pretty sight to see so many curlers all playing at once, and the rink was nicely decorated with flags and bunting.

The games were just starting and I had not got half way in till I saw Normie McSweeney perched up on a pile of boxes waiting for Dunbar. I was glad to see the Lindsay people there, as it is quite a while since I had seen any person from old Lindsay. The Lindsay rink were early on the scene, and Mr. Flayelle looked as happy as a clam, sure enough. Quite a few of the noted curlers—Rochar, Whaicon and others—were already playing, but the crowd hung around ice 26, all eager to get their places for the Flayelle-Dunbar game. They did not have to wait very long, for shortly Mr. Dunbar appeared on the ice, and the great game started. I have the score before me and I think I pretty well remember the game, so I will tell you about it in my own way, as doubtless it may interest you a little.

Mr. Flayelle was in fine form, as were all the rest of the team, and all ready to play the game for their lives, and it was hot from the first stone. Mr. Flayelle took his place on the rink and placed his broom for Mr. MacIntosh, and he played a beauty and lay just where Mr. Flayelle wanted him. Dunbar's lead struck it fairly and sent it through, and Mr. P. again had the play referred, which brought from Mr. Flayelle, "Well played, Lebbie," but St. Paul again played the same stone. Now "our Normie" takes his place, and with a look of determination played his stone, but was not quite heavy enough and lay just inside the outer ring, but in good position. Dunbar's second man played a nice draw and lay just behind it, but Normie showed he was "Johnnie-on-the-spot," for he placed his stone inside the ring, but in a good position. Mr. Flayelle smiled and the crowd made Normie blush very much, but St. Paul's man sent it (the stone) through. Next comes Mr. Little, a beautiful shot but just a little too heavy, and went through. Dunbar's third man then placed a guard on Mr. Carthy's stone, but Mr. Flayelle's "Geordie" soon put it out of business. Just before Mr. Flayelle plays his last stone, Mr. Little, and as Dunbar lays 2 as he goes to draw, but is a trifle too heavy, and goes through. Dunbar tries the same and he goes through, too. Now Lindsay has one more stone to play, and that stone has to win the game. Mr. Flayelle again surveys the ice, and all his eyes are on the stone, and he comes over the Lindsay bunch, but they never lose hope, for they know that if it can be done "J. D." will do it. His only shot is to get a wick off McSweeney's stone and lay nearer the center than St. Paul, but it is a most difficult shot. Mr. Flayelle says, "It's the only shot," and with a look of grim determination on his face he starts for the other end to play the stone which means so much. The crowd falls back to let the light in, Mr. Flayelle takes aim, and the stone comes down. He has the ice all right, and with "Let her swing, boys; let her pull," he follows it, and then with a loud shout, "Sweet! sweet! sweep hard, sweep hard!" and Normie and Mr. Little become can't be seen, they move so fast. It was a beauty and it went just where he wanted. A tremendous cheer went up, and the spectators could hardly breathe from crowding the ice. New Dunbar's chance comes, and his only hope is to lift his stone just a few inches; he tries and with an almost perfect shot strikes his stone fairly, but just a trifle too heavy, and the greatest game of the year was over, and the cheer was deafening.

A Fine or Two Needed.

On Friday afternoon at 4.30 the firemen were given a run in answer to a false alarm sent in from the box at the corner of Kent and Albert-sts. by some schoolboys. An alarm was also sent in Thursday from the same box at the same hour, and presumably by the same parties, as the glass was broken and the chain attached to the key taken. A couple of false alarms have been sent in from other parts of the town during the last few weeks, which goes to show that the boys are growing bold and need a lesson. An effort should be made to discover the identity of one or two of these fresh offenders, as they have evidently forgotten their liability to a penalty of \$20.

THE SCORE BY ENDS WAS AS FOLLOWS:

Dunbar..... 1 0 1 0 5 0 1 2 1 0 6 0 - 9
Flayelle..... 0 2 0 1 0 3 0 0 1 2 1 - 10
McGEOUGH.

ST. ANDREW'S YEAR OF PROGRESS.

\$6,117.58 Raised for all Purposes in 1903—the Talent Workers' Record.

The annual meeting of St. Andrew's church, Lindsay, was held on the 28th of Jan. Tea was served in the basement of the Schoolroom, there being a large attendance of members and adherents. After all had done ample justice to the good things provided by the ladies, the congregation assembled in the church, when the pastor, Rev. J. W. Macmillan, B.A., after conducting devotional exercises, took charge of the business meeting.

Reports and financial statements were read from all the different organizations in connection with the church. His treasurer, Mr. Robert Ross, in his statements, showed a balance on hand over all expenditures of \$45.24 for the year 1902. All the other organizations reported progress, but special notice should be given to the work done by the Talent Workers. During the last year they undertook to put a floor in the basement of the Schoolroom; having raised the necessary funds to complete that work, their next move was to fit up a kitchen with all necessary appliances, so that the work in connection with all the social gatherings can be more conveniently carried on.

The following is a general statement of all monies raised during the year for the different objects:

	For Missions	For Orphanages	For Other Purposes
Contributions in envelopes.....	\$3640.81		
Collections, open.....	542.61		
Thanksgiving offering.....	81.71	14.00	
Choir.....		13.00	
Interest.....		2.40	
Church schemes.....	788.72		307.96
Conty. Fund.....	17.00		
W. F. M. S.....	174.76		12.75
Talent Workers.....	1000		153.58
Sabbath School.....	54.82		153.40
Geordie Mission Band.....	24.46		
Ivy Mission Band.....	26.00		
	\$1177.27	\$4840.31	1177.27
		\$6017.58	

The annual Year Book, which will be printed shortly, will give a detailed statement.

LIBRARY SITE: GAS.

Opponents of Market Site Granted a Public Meeting

TEST OF THE STREET LIGHTS TO BE MADE FRIDAY NEXT, FEB. 20th.

Our Aldermen Spent Two Hours Last Night in Free and Easy Discussion of the Above Mentioned Matters.

A meeting of Council committees was held last evening in the Council chamber, at which Mayor Sootheran and all members were present. Regular committee work, however, was not taken up, as the conversation got switched off onto Public Library and Gas Co. matters, and these subjects proved so interesting that almost all other business was shelved for the time being.

At the start of Clerk Knowlton read a communication addressed to Mr. John Makins by a former Lindsay relative, relative to a patient named Tom Makins, who is being maintained at the expense of the town.

Mayor Sootheran explained that the old man had been an inmate of the Home for the Aged, was suffering from hernia, and had informed Miss Scott that the town would be responsible for another month's maintenance. Another town patient named Claude had been taken over by the County on Feb. 1st, in compliance with his request.

Approval of the Mayor's report was expressed by Police and Licensing Committee. Ald. McCrea, chairman, read a letter from President Burgess, of the Lindsay Gas Co., dated Feb. 12th, informing Council that he had been unable to secure Prof. Lung, the gentleman named by Council to conduct the test of the Lindsay street lights, but that Prof. Ellis, who had conducted the test of the Toronto lights, would visit Lindsay on Feb. 20th and act in conjunction with Mr. W. H. Stevens, B.A., the Council's representative.

On motion the Clerk was instructed to notify Mr. Stevens in order to secure his attendance on the day specified. Messrs. J. Crawford, Geo. Foster and Andrew were allowed \$1.50 each for services as special constables at the Curling Rink on the occasion of the visit of the Scotch Curlers.

A report presented by a special watchman during the meeting, and part of January is to note the time at which the street lamps were lighted and extinguished, was read for the information of members. It contained some surprises and proved that the Gas Co., or the men employed to light the lamps, had been getting ahead of the town at a lively rate in the matter of lamp hours. The watchman's charge for services rendered was endorsed and referred to the Finance committee for payment.

Ald. Cinnamon—"I suppose if the Professor says we are getting the full candle power, that settles it?" Mayor Sootheran—"Yes, if we are getting the stated candle power without the aid of reflectors, and Ald. Cinnamon—"I understand the test is to be made at the Company's works?" Mayor Sootheran—"I don't know if a street test can be arranged; Mr. Stevens will tell us."

But what about the pressure? "won't it be stronger there?" Ald. McCrea—"I wouldn't allow the test to be made there; gas is like water and the further it is forced ahead of the town at a lively rate in the matter of lamp hours. The watchman's charge for services rendered was endorsed and referred to the Finance committee for payment."

Ald. Cinnamon—"What power does the contract give us in the matter?" Mayor Sootheran—"Suppose we get into an evening going over its clauses?" The Public Library Site.

Ald. Cinnamon—"Is it the intention to allow our Solicitor to go ahead and apply for an act in connection with the Public Library site when there is every reason to believe that we shall be throwing away \$200 or more?" Mayor Sootheran—"The resolution passed at last meeting of Council, and endorsed at the recent conference with the Public Library board, obliged us to do this. There will be no opposition, and I believe it will be cheaper to get special legislation than to risk an injunction and a costly lawsuit."

Ald. Cinnamon—"Why were not the same objections raised in the case of the hall?" Mayor Sootheran—"The legal objection wasn't known then."

Ald. Cinnamon—"I understand there is a strong feeling in favor of the Wilson site, and that a number of persons have offered to contribute liberally to a fund for its purchase. It is said that \$700 or \$800 is already promised, and the amount might be increased to twice that figure."

Mayor Sootheran—"I wouldn't accept private subscriptions—we have no right to tax our citizens in that way. It would be all right if we had someone wealthy enough to donate a site."

Ald. Cinnamon referred to the archives, discovered that about 53 years ago the County had invested \$50,000 in the Ontario, Simcoe & Huron Railway, under conditions which assured the County a dividend when the road became a paying concern. Some years later the Ontario Railway Co. assumed control, and now the line is a part of the G.T.R. System. The County Council passed a resolution instructing the Clerk to make a demand on the G. T. R. Company for the amount of the unpaid dividends.

Mr. Michigan Central R. R. has planted 34,000 catalpa trees on the banks and at 14 stations along its Canadian section. In 1900 20,000 trees were planted, and in 1901 14,000 more, and the experiment has proved so successful that it is proposed to plant about 60 acres at the stations along the Joliet and Western divisions of the line. The Pennsylvania R. R. and New York Central R. R. Companies are also engaging extensively in tree planting, and the tracks will be lined with groves of magnificent trees.
