Going to Get Married?

HELP HIM TO DEVELOP HIS TRUE CHARACTER.

Shiftless Men

In bringing up yourchildren, TRY TO BRING OUT WHAT IS IN THEM. Remember that the day your child was born, ALL OF ITS POSSIBILI-THES WERE IN IT. All of its good qualities were there, and all of its bad qualities—that is to say, its wenknesses. THERE ARE NO BAD QUALITIES.

What we CALL a bad quality is the evil development of a good quality, or some lack of balance which makes the good energies go in the wrong direction. There are some children less fortunate than others, not as well developed as might be wished. BUT NONE ARE BAD. There is good in every one.

The great thing to do is to EN-COURAGE THE GOOD. And while encouraging the good, to develop uspecially the kindness, the moral qualities, the sense of justice.

Above all, mothers and fathers, DON'T TRY TO MAKE YOUR CHIL-DREN LIKE YOURSELVES. them be their ownselves.

A splendid thing in this world is the great divergence between fathers and sons, daughters and mothers. You have a shiftless man with no executive power as the father of a non on the English channel, and who can direct a wandering lieutenant who has lost his regiment to the exact spot of the main army, where he

will find his proper place. You have a similar shiftless man as the father of Abraham Lincoln. Remember that the child MUST DEVELOP HIS CHARACTER. The more you try to make him what YOU want him to be, THE MORE YOU - INTERFERE WITH HIS CHANCES OF SUCCESS.

Make the child honest BY SET-TING AN EXAMPLE, MAKE THE CHILD TRUTHFUL, TEMPERATE, BY SETTING THE EXAMPLE. Make the child JUST, KIND TO OTHERS,

BY SETTING AN EXAMPLE. Don't try to force your will, your ways, your belief, upon a mind that is growing, that is struggling toward the sunlight, toward the knowledge, toward its own possibilities of development. -- Trade With Us --

At the beginning of this new year of 1906 we deem it our duty to say a word or two in our own behalf.

We have been engaged in the Grocery and Provision business in Lindsay for well nigh thirty years. The passing of every twelve months has found us better established and doing a

larger business than ever before, What is the reason, think you? Is it not that our way of doing business pleases the general public? That the care we take to avoid adulterated goods by buying only from the test houses, our experienced oversight of everything sent out, and the uniform courtesy extended to all, have been the means of
