TORONTO LIVE STOCK.

Receipts of live stock at the city market since last Friday, as reported by the rail-

good to prime cattle. Two of the best loads seen here in some time were her-Hummisett, who reported having sold 1 los 1, 1070 lbs., at \$4.75 per cwt.; 1 load, 1290 lbs., at \$4.85 per cwt. Outside of these two loads we would quote prime picked lots instead of loads, at \$4,50 to \$4.75; loads of good at \$4,25 to \$4.40; fair to good at \$2.90

to \$4.15; common to medium at \$3,00 to Feeders and Stockers. Harry Murby, who makes a specialty of dealing in feeders and stockers, reports the market as being about steady at following: prices: best, 900 to 1000 lbs., at \$8.50 to \$3,85; best, 800 to 900 lbs., at \$3.85 to \$8,50; best, 650 to 800 lbs., at \$3.15 to \$3.85; best stock helfers, 550 to 650 lbs., at \$3.10 to \$3.20. Mr. Murby reports a few lots of short-keep feeders, 1150 to 1250 lbs. each, as having been bought at \$4.25 to \$4.50 per cwt., but these cattle were brought in an experters and should not be regarded as

any criterion in feeder prices. Milich Cows. There must have been about 40 milch cows and springers on the market to-day, as two commission firms report having sold 28 all told. The quality generally could have been better. The trade was not neary as brisk and prices ranged from \$28 to \$52 each and one as low as \$18. Veal Calves,

Over 100 veal calves sold at steady

prices, that ranged from \$3,50 to \$7 per

cwt. Wesiey Dunn reports having bought

85 of them at these prices and H. Hunni-

sett bought several at \$4.50 to \$7; and last, but not least, George B. Alderson bought several at \$8 to \$7 per cwt. None of thems report over \$7 per cwt, therefore that must be about the top notch for calves. Sheep and Lambs, Receipts were light, less than 500; prices were reported firm by all buyers, as follows: export ewes at \$4.50 to \$5 cwt.;

bucks at \$3,50 to \$4,50 cwt.; best ewe and

wether lambs; \$6.75 to \$7.10 per cwt for
