

"Progress Brand" Clothing

Makes it a downright economy to LOOK right, all the time. "Progress Brand" costs just as little as good clothes can be made for. And that is as little as any man can afford to pay.

Right fabrics—right tailoring—right styles—right fit—have a dollar-and-cent market value.

"Progress Brand" Clothing sets the price standard, just as it sets the quality standard.

THE SULTAN'S REPLY
Morocco's Ruler Gives Answer re Contraband Arms.

A PARTIAL APPROVAL GIVEN
Regulations of Algiers Conference All Right Except Wherein They Provide For the Destruction of Confiscated Military Weapons—Demand Serviceable Arms For Morocco's Troops.

Algiers, Feb. 10.—The Moroccan delegates have received the reply of the Sultan regarding the proposed regulations for the suppression of trade in contraband arms.

The Sultan approves of the regulations except wherein they provide for the destruction of confiscated military weapons.

He demands that serviceable arms shall be used for the equipment of Moroccan troops, and those useless for military purposes be sold abroad, the proceeds going to the Moroccan treasury.

The reply will be communicated to the conference to-day.

France Will Take Firm Stand.
Paris, Feb. 10.—The semi-official Temps yesterday afternoon referring to the Moroccan situation, said: "There appears to be no doubt that the public opinion in France is unanimous with reference to the Moroccan situation. The interests of the others being safeguarded, the public opinion in France is unanimous. No doubt the Government with the knowledge that the whole country is behind it will take a firm stand during the discussion of this delicate point at the conference."

United States to the Rescue.
London, Feb. 10.—The Statist, one of the leading financial weeklies of Great Britain, deals this week with the Algerian conference in a long leader. The article predicts a failure to reach a conclusion satisfactory to France, and consequently, continued uneasiness in the commercial world, while at the same time the writer believes that war will not result. The point of The Statist's conclusions is that the United States alone can save the situation by the policing of Morocco.

CASTRO MOBILIZING, BUT—
Venezuelan Troops May Desert If Hostilities Break Out.

Willemstad, Island of Curacao, Feb. 10.—A traveler who arrived here from Venezuela said: "President Castro is being carried on an elephant throughout the republic, and in other ways preparing for war. Generals in each state have been commissioned, and orders have been given to call the recruits to the colors. Information from the best sources indicates that the people do not support President Castro. On all sides are heard expressions of a desire to revolt and overthrow the President's Government as soon as the French blockade is declared."

"A well-informed Venezuelan told me that the troops will desert their colors, as they have all been compelled to join the army, voluntary enlistment being unknown in Venezuela. Puerto Gabello and La Guaira are the only ports capable of making a slight defence. The former has two modern six-inch guns, and the latter has four modern six-inch guns, with the usual display of old Spanish pieces, which would be blown to pieces at the first shot."

Have Rifles, But No Practice.
"It is doubted whether President Castro can raise more than 10,000 men who will take the field with any show of spirit. The men are armed with Mauser rifles, but they never practice shooting. They have a few modern shells and a few mountain guns. The Venezuelan navy consists of five small craft concentrated at La Guaira."

"Well-armed persons express fear that the French citizens who are at La Guaira will be in great danger if war breaks out. President Castro is of a revengeful nature, and the inhabitants of the country are at his mercy."

One at a Time.
Paris, Feb. 10.—The solution of the Venezuelan difficulty, according to authoritative information, will go over until the conclusion of the Moroccan conference.

300 HOMELESS THROUGH FIRE.
All But Fifty Houses in Virginia Village Burned.

New Martinsville, Va., Feb. 10.—Fire broke out in the village of Martinsville, near here, and rendered about 300 of the 1,500 inhabitants homeless. The financial loss is over \$200,000.

A small army of men and boys fought the flames, but they were unable to stop the spread of the fire. The fire was caused by a lighting fixture, and also from Cameron, W. Va. Dynamite was resorted to, but the high wind carried the flames across streets and over tracks, locking up the frame dwellings in its path.

One hundred houses were burned, and 150 families are homeless. Not fifty houses are left standing.

Killed by Dynamite.
Keowatin, Feb. 9.—Another fatal accident occurred at Peterson's railway construction camp on the Canadian Pacific yesterday morning when John Lef, a Swede, was instantly killed by an explosion of dynamite while charging a hole.

Plumbers' Scribe Would Be Toronto's Commissioner of Industries.

Toronto, Feb. 10.—W. H. Meredith, until recently Secretary of the Master Plumbers' Association, and more recently still the star witness in the combine investigation, is seeking the office of Commissioner of Industries of the city. The position has not yet been created, but there are a number of applicants already. Mr. Meredith, who is both a lawyer and a writer, has been bold by the story he told and the tale unfolded by his books. His business methods, based on his claims for the position on "my close connection with both the commercial and manufacturing interests of our city." This he believes should well fit him to perform the duties of the "satisfaction of your both and with profit to the city." In view of his reluctance to testify before, it is interesting to note that Mr. Meredith is willing to furnish "such evidence as will make me so glad in selecting me for the position."

LEIBIG'S FITCURE
THE BREEDERS OF HORSES.

Arena Project Outlined and the Association Elects Officers.

Toronto, Feb. 10.—The fourth annual Canadian Clydesdale and Shire Horse Show was concluded last night with the holding of the annual meeting of the Canadian Horse Breeders' Association. A discussion took place on the question of the erection of an arena to show horses and live stock, and in which to hold other great conventions. An estimate was submitted showing that 10 per cent. earnings on the outlay of from \$200,000 to \$250,000 could be realized. A committee was appointed to look into the matter.

Grants were made to various horse societies, to Toronto Open Air Horse Parade \$200, to Spring Show \$1,750, to Stallion Show \$1,000. The directors were empowered, however, to increase the grants if they deemed necessary.

The following gentlemen representing the societies named form the directors of the association: Hackney Horse Society, Thos. Graham, E. O. H. Tidale; Clydesdale Horse Breeders, Wm. NATAL NATIVES TROUBESOME.
Blacks Wound Police Officers and Six Men Are Missing.

Pietermaritzburg, Natal, Feb. 10.—The collection of the poll tax from natives near Richmond has led to trouble which is feared will spread and possibly develop into an ugly native rising. Armed natives have resisted the collection of taxes, and have wounded with spears an inspector of police and a trooper. Fourteen mounted police, who were proceeding to the scene, have been attacked, and six are missing. Cavalry and artillery and outlying detachments of police have been called in, and are being concentrated to deal with the rebellious natives.

Blacks Demand Equality.
Cape Town, Feb. 10.—The demands of the colored inhabitants of the Transvaal and the Orange River colonies for full political rights are becoming more insistent. The African colored political association, representing all South Africa, is preparing a memorial petition to King Edward, asking for all the political rights enjoyed by the whites, which will be presented in London by a deputation of colored men from South Africa.

CAPT. GRAHAM'S GRATITUDE
Suffered from Sores on Face and Back—Doctors Took His Money But Did No Good—Skin Now Looks Clear as a Baby's.

Another Cure by CUTICURA REMEDIES

Captain W. S. Graham, 1212 Eoff St., Wheeling, W. Va., says: "I am so grateful I thank God that a friend recommended Cuticura Soap and Ointment. I suffered for a long time with sores on my face and back. Some doctors said I had blood poison, and others that I had barbers' itch. None of them did me any good, but they all took my money. My friends told me my skin now looks as clear as a baby's, and I tell them all that Cuticura Soap and Ointment did it."

STILL ANOTHER CURE
Neck Covered With Sores, Hair Fell Out, Wild With Itching

Mr. H. J. Spalding of 104 W. 104th St., New York City, says: "For two years my neck was covered with sores, the disease spreading to my hair, which fell out, leaving an unsightly bald spot, and the sores, inflammation, and merciless itching made me wild. After a few applications of Cuticura the sores subsided, the sores disappeared, and my hair grew thick and healthy as ever."

AND STILL ANOTHER
"For over thirty years I suffered from painful ulcers and an eruption from my knees to my feet, and could find neither doctors nor medicines to help me, until I took Cuticura which cured me in six months. (signed) M. C. Moss, Gainesville, Tex."

ENORMOUS PROFITS
Sugar Refiners Receipts Under the Existing Tariff. ARE WITHOUT COMPETITION

Two Million Dollars Over Seven and a Half Per Cent. Their Legitimate Profits—Agreement as to Prices Between the Refiners and the Growers' Guild—Mr. R. Anderson's Statement Before Commission.

Ottawa, Feb. 9.—The Tariff Commission concluded their sittings at 10 o'clock late night. They will, in common with their colleagues, now settle down to the assimilation of the evidence, and the result of their deliberations will be announced when the budget is brought down. It is five months and three days since the commission commenced their sittings, and in the course of their journeying they have traveled about 25,000 miles.

The Refiners' Profits.
Light was yesterday morning thrown on the fabulous profits enjoyed by the Canadian sugar refiners under the existing tariff. In a scathing arraignment, comprising forty-two pages of type-writing, read to the Tariff Commission by Mr. Robert Anderson, manager for Robert Crooks & Co., Importers, Montreal, he asserted that the refiners were receiving annually in the form of protection \$2,000,000 over and above the legitimate and clear profits of 7 1/2 per cent., and that the Government were presenting to them with argument more advanced than they were collecting from the refiners in the form of revenue. That, he said, was not good political economy, neither would it win popularity for the Government. He proposed that the duty on raw sugar should be advanced to 25 cents per 100 lbs. equal to 16 1/2-3c under the preferential tariff, and that the dividing line between raw and refined duties should be raised one degree, and fixed at No. 11 Dutch standard. The increased duty on raw sugar would yield not less than \$465,000 on the normal quantity of sugar now required for the estimated annual consumption in Canada. The money paid by the people to the sugar refiners was not developing a national product of Canadian soil, but an expensive import for a few individuals at the expense of the country.

Have Price Agreement.
He had no doubt but there was an agreement between the refiners and the Wholesale Grocers' Guild in relation to the trade. He asked in addition to the 25 cents on raw sugar an increase of 16 2/3 cents per one hundred pounds on preferential duty, raising a Dutch standard of color limit by one point, and placing on free list syrup from cane sugar, now dutiable at 3 1/2 of a cent per pound.

Philips Johnston, of Montreal, asked the commission to retain the present duty on bridges and structural steel in the form of a specific duty of \$2 a ton.
