LINDSAY, FRIDAY, APRIL 5 1901. Handsome Delivery Wagons.

Mesars, Pedlar & Emmerson have turned out of their workshop this week two very handsome delivery wagons for Mr. W. Mc-Watters, baker, of the east ward. The wagons are up-to-date in every particular; they are painted red, and the lettering is exceptionally neat. Good judges say the wagons are the finest vehicles of the kind that have ever been manufactured in Lind-

We believe in doing a few things and doing them well. This is our reason for retiring from Dry Goods,-that we might give our whole time to MEN'S and BOYS' CLOTHING, FURNISHINGS, HATS, etc. It was formerly the custom to have Boots, Hats and Shirts made to measure only, but modern ingenuity revolutionized this and placed the public in such a position as to enable them to obtain the same articles ready-to-wear in a measure more advantageous to their taste and purse. So with Clothing.

Seeing the necessity of the same improvements in men's wearing apparel, the manufacturers invented the process by which this end could be attained, The result has been that their Clothing equals and even surpasses the work of many Merchant Tailors.

To try and enumerate our stock would be impossible. We ask you to call and examine our goods and compare our prices and ways of selling clothing. Please note the following
