

Don't Wake the Baby.

Did you know you could give medicine to your children while they were soundly sleeping? You certainly can. It is called Vapo-Cresolene. You put some Cresolene in the vaporizer, light the lamp, and place near the bed. The children quietly breathe-in the vapor. There is nothing equal to it for whooping cough, croup, colds, cough, sore throat, and all other troubles of the throat and chest. It is economical, pleasant, safe.

Vapo-Cresolene is sold by druggists everywhere. A Vapo-Cresolene outfit, including the Vaporizer and Lamp, which should last a life-time, and a bottle of Cresolene, complete, \$1.50, extra supplies of Cresolene 25 cents and a complete illustrated booklet containing physician's testimonials free upon request. Vapo-Cresolene Co., 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, New York, N.Y.

FERRY'S SEEDS For The Farmer The Gardener and The Housewife They cost a little more. They are worth a great deal more. They are the best in the world. They are the best in the world. They are the best in the world. D. W. FERRY & CO. Windsor, Ont.

LINDSAY, FRIDAY, MAR. 7th '22

Fire at Mariposa Station.

ONE OF HOGG & LITTLE'S GRAIN ELEVATORS BURNED.

The Building Destroyed was Used as a Storage Warehouse for Seed Grain and was About Full—Loss Between \$12,000 and \$15,000.

Elevator No. 2 at Mariposa Station, owned by Messrs. Hogg & Little, caught fire Monday last soon after nine o'clock, and was totally destroyed.

The fire was noticed at the north-west corner of the building, adjoining the track, soon after the departure of the west-bound express, and the flames spread with such rapidity that only some twenty bags of grain could be rescued. Luckily the wind was blowing away from the main elevator and engine house, and these buildings were saved after a hard fight with the fire element.

The building destroyed was used as a warehouse for cleaned and seed grain and contained a large stock of peas, wheat, oats, buckwheat, etc., in bags ready for delivery to farmers. It is estimated that the loss will foot up to \$10,000 or \$12,000, which will be covered by insurance. The elevator will be rebuilt as speedily as possible.

A MOTHER'S ADVICE.

She Tells How Little Ones Can be Kept Well, Contented and Happy.

When baby is cross and irritable you may rest assured he is not well, even if you are unable to see any symptoms of his illness other than fretfulness. It is not enough for a baby to be cross, and he is cross without reason. He has no other way of telling his troubles than by crossness and crying. When baby is cross give him Baby's Own Tablets, and they will soon make him good-natured and happy because they will cure his little mouth, ease his sour little stomach and help him obtain little teeth through painlessly. These Tablets are just what every mother needs for her little ones—and for her older children too.

Mrs. Clarence McKay, Roseway, N. S., says: "I find Baby's Own Tablets the best medicine I have ever used for my little ones. When my baby was four months old he was very much troubled with indigestion. He would vomit his food as soon as he took it, no matter what I gave him and he became very nervous and kept crying and crying. After giving him the Tablets a few days the vomiting ceased and his bowels became regular, and I must say that since I began the use of the Tablets I have had less trouble with indigestion, colic, diarrhoea, sour stomach, and simple fever. They break up colic, allay the irritation accompanying the cutting of teeth. They are sold under a guarantee to contain no opiate or other harmful drug, and dissolved in water, may be given with absolute safety to the youngest infant. Sold by all druggists at 25 cents a box, or sent post paid on receipt of price by addressing The Williams' Medicine Co., Brockville, Ont.

Children Cry for CASTORIA.

Our North Country Bridges. Mr. M. Lonsberry, of Brantford, government inspector of Colonization Roads and Bridges, passed through on Saturday from north country points, where he had been on a tour of inspection. In an interview with our representative Mr. Lonsberry said the bridges of the north country are greatly in need of repair, and if nothing is done by the settlers to repair them, in fifteen years they will have no bridges at all. The municipalities are supposed to make grants towards bridges for repairs and for building new ones, but the government supplements the grant. Instead of doing that the township authorities have deferred action, and now the bridges are becoming unsafe for traffic. The settlers in the northern townships are selling the timber to buyers and consequently the municipalities are unable to procure good timber for the bridges—in fact they are worse off than Brantford County for timber. Mr. Lonsberry inspected Maxwell's, Minden, Frontenac and Farnham Falls bridges, but found it impossible to go to Wilberforce and Gooderham on account of the bad state of the roads.

LOCAL BREVITIES

—March came in like a shower bath. —Mr. W. P. Chase, who for many years ran a saw mill at Gannon's Narrows, South Harvey, has decided to remove to British Columbia.

—While walking along Cambridge-st. on Monday last week Miss M. Morton fell on the slippery sidewalk and unfortunately sprained her right ankle. —Jas. Payne, a west end athlete, who exercising in his gymnasium the other evening lost his grip and fell, scraping and bruising his face badly. He will stick to the same old bar, however.

—The annual meeting of the Canadian Lacrosse Association will be held in Toronto on Good Friday. Lindsay should be represented at the meeting if the town intends putting a team in the Association.

—Mr. Dan. McGribben has on exhibition in his window, a British and Boer bandolier, also the box of chocolates presented to members of the Canadian contingents. These souvenirs are the property of Mr. Chas. Graham.

—An exchange says courting a girl is like starting a newspaper. It starts out a weekly, then becomes a tri-weekly, then merges into a daily, and if it has any enterprise comes out with an extra once a year.

—Last Friday's heavy shower had a depressing effect on the snow-banks and started a thousand rivulets running merrily. In some parts of the town the sidewalks are flooded, causing great inconvenience to pedestrians.

—The 1st annual meeting of the Ontario Educational Association will be held at the Normal School, Toronto, on Tuesday, Wednesday and Thursday, April 1st, 2nd and 3rd. Programmes can be obtained on application to Inspector Knight.

—Local lumber men say that a big deal is being arranged by the Pennsylvania Lumber Co. for the purchase of valuable timber limits in some of the townships of the Haliburton Lumber Co. Woodrangers are now making a tour of the limits.

—Andrew Carnegie during 1901 donated to the cause of public education, embracing universities and libraries, \$40,200,000, or an average of more than \$1,000 for each of the 385 days. Lindsay's \$100,000 library grant figures in the above total.

—The Minneapolis Journal notes an outbreak of smallpox in the home of Rev. G. G. Valentine, pastor of the Park Avenue M. E. Church in that city, who was raised in Brock township and has many friends and relatives in this locality. The house was quarantined and the inmates are improving.

—The last issue of the Winnipeg Free Press contains the year's report of the Humane Society of that city, of which Mr. A. F. D. MacGibbon, formerly of this town, is President. Action was taken in 350 cases of ill-treatment and cruelty, showing that dumb animals in the city are well looked after by the society.

—Fenelon Falls is to have another woodenware factory, a number of leading citizens having taken stock in a company headed by Mr. W. H. Church, of that village, who formerly represented Mr. Sandford on the road. Messrs. McDougall, Brandon & Austin will furnish 100 h.p. of electric energy at \$15 per h.p. per annum.

A railing should at once be placed in position on the edge of the walk crossing the creek near Sylvester's. The water is rushing through at mill-race speed, and the grating does not properly protect the entrance. Should a child slip off the walk and be swept underground, the Board of Works would be to blame for the death of the little one.

—In the house of commons, Wednesday, Mr. Sutherland, in reply to a question by Mr. Ward, M.P., East Durham, said that no action had been taken since last season regarding the continuation of the Trent Valley Canal from Rice Lake to Lake Ontario, and no decision has been arrived at regarding the adoption of the Trent River of Port Hope route respectively.

—Mr. John Clews, of Minden, Man., a brother of Henry Clews, the well-known New York banker, and a relative of Mrs. R. S. Porter, town, stamped a silver 5-cent piece forty-six years ago with the name and birth date of his son, John Clews, Jr., and at once disposed of the coin. One day last week when his son received change after making a purchase, he found the coin as a part of it.

—The Peterboro Examiner says that at a meeting of the Little Lake Cemetery Board, recently held in Peterboro, a resolution was passed prohibiting Sunday interments unless in extreme cases, when the presence of a physician's certificate would be necessary. Similar action has been taken by a large number of cemetery companies throughout the province. It has long been felt that the Riverside Cemetery Co. of this town should provide a vault, which would be a great convenience in the case of winter burials.

Saturday's Markets.

On account of the disagreeable weather the market on Saturday was not very well attended. There were a few farmers' wives and their families, but the outside trade was entirely deserted. Following were the quotations. Butter 20c per lb., eggs 20c per doz., honey 5c per lb., chickens 45c to 50c per pair, turkeys 12c per lb. and cream 10c to 20c per quart.

Funeral Delayed by Bad Roads.

The remains of the late Mrs. Thorndyke, mother of Mr. Wm. Thorndyke, of Oakwood, arrived on the 11 o'clock train from that village on Saturday, and from the station were taken to the Riverside cemetery for interment. The funeral, which had been held on Friday, but on account of the wet weather and bad roads was postponed, as it was impossible to make the trip to Lindsay by the roads. The following persons from Oakwood attended the funeral: Messrs. Wm. Thorndyke, J. G. Thorndyke, J. A. Thorndyke, W. H. Thorndyke, Rev. Clare, P. S. Mark, H. Boves, W. P. King, E. Gunning, Geo. Martindale, A. Webster, D. Dundas, W. Rich, W. H. Webster, and A. O. Hogg.

Given a Farewell Supper.

Mr. A. T. Bayly, who for the past three years has been teller at the Bank of Montreal, and who has been transferred to the London branch, was tendered an oyster supper by his friends last Friday in the Royal Hotel dining room and a very pleasant evening was spent. About 25 were present, comprising all the bank clerks and a few of Mr. Bayly's intimate friends. Mr. F. K. Begbie was chosen the chairman, proposed the health of the King, which was responded to by all standing and singing the national anthem. Dr. Burrows, in proposing the health of "Our Guest," spoke of the many good qualities of Mr. Bayly, and said he would be missed in town, especially by his dear sex. Mr. Bayly responded in a neat speech, saying he was sorry to leave Lindsay, as he had made many friends here. The balance of the evening was spent in songs and music and was brought to a close by all joining hands and singing "Auld Lang Syne." Mr. Bayly left Monday evening for London, his native city.

Armstrong Bros., Manufacturing Furriers and Hatters, Lindsay.

Students Volunteer Movement. Rev. T. Manning, B.A., pastor of Cambridge-st. Methodist church, gave an interesting report Sunday evening of the business at the Students Volunteer Movement convention at Toronto, and which closed its sessions yesterday. Some 2000 delegates representing the society in different parts of the world, were present, and never in the history of the movement has such a large convention been held here. The Metropolitan Methodist and Cooke's Presbyterian churches were packed at every session, also the commodious Massey Hall, was taxed to its utmost. Mr. John R. Mott, who has just returned from a tour around the world in the interests of the movement, presided. Some 60,000 students are enrolled in the various universities in the United States and Canada in this great movement, some 1900 of which have already commenced operations in the foreign fields. The principal fields for missionary enterprise are China, Japan, Africa and South America. The national rallies were distinctive features of the convention, there being representatives from different parts of all the above-mentioned foreign fields.

To cure a cold in a night—use Vapo-Cresolene. It has been used extensively during more than twenty-four years. All Druggists.
