(From Our Own Correspondent) It is with regret that I record the removal from amongst us by death of one of the old landmarks of this part of Victoria Co. in the person of Mr. Edward Cummerford, who departed this life on the right of the 22nd Feb. at the ripe old age of nearly 83 years. Mr. Cummerford was born in the County of Tiperrary Ireland, in the year 1819, and left his native country for Canada' when about 25 years of age, landing in Montreal, where he remained only a abort time. Proceeding from that place he came out to Oshawa, Ont. in which neighborhood he worked for tive or six years, when he finally moved back to the township of Laxton, settling on lot 18, con. 8, of that township, or just on the Laxton side of the boundary between that township and the township of Digby. where he continued to reside until the end came. He was one of the ploneers of the back country, and was widely known and respected. Being always jolly with a good deal oft he proverbial Irish wit and drollery; he was just the right kind of person to tackle the privations and hardships incidental to the early settlers of those times. There were no buggies then, no fine dwellings, no post office, no daily newspapers,in fact nothing that we have now, but plenty of hardships, plenty of hard work, plenty of pluck, plenty of muscle, plenty of determination to succeed, plenty of friendships and good reighborly feeling. These are a few of the characteristics of the early settlers, amongst whom the could hardly be classed as a party roads are dry, and of course a stock man-the candidate had more to do flour.

Mrs. Sullivar had been confined in childbirth lately but was supposed to be doing well; however, some after complication arose which causes both her people and the physicians grave apprehensions, and the neighbors would be glad to hear of her speedy recovery. P.S .- Have just heard that Mrs. Sullivan died on Sunday morning at four o'clock.

There has been considerable sickness around this section lately. The snow has almost disappeared. and only a few drifts which remain on the roadsides and in fence corners reminds us of the heavy fall.
