The fact that some hundreds of our citizens on Sunday took a stroll in the direction of the town gravel pit must not be taken as an indication of the interest felt in the good roads problem or the cement walks specifications.

The banquet tendered by the Orillia Board of Trade to President C. M. Hays and leading G.T.R. officials was a neat bit of enterprise. Supt. District Passenger Agent McDonald promised to do all in his power to boom the town as a tourist resort.

Mr. A. W. Parkin returned Friday from his son's lumber camp beyond Gooderham. He says the snow is almost three feet deep in the woods, and work is proceeding steadily, but they are drawing the logs to water as soon as cut in order that some may be left in the woods in case a few days of continuous rain sets in and spoils the road. The ice on most of the small lakes is already unsafe, and residents look for an early spring.
