RESCUE OF RUSSIANS BY JAPS

Official Denial at Tokio of Alexieff's Re port That Japanese Torpedo Beat Was Destroyed - Another Unconfirmed Rumor Respecting the Fall of

> Port Arthur-Eussians Block Port Arthur Harbor.

St. Petersburg, March 15 .- Gon. Zilinski telegraphs as follows under

Sunday's date: "On March 7 our patrol discovered four of the enemy's posts on the Changchengang River, and a troop

of cavalry acting as scouts near Patetchen, northwest of Anju. "A Japanese cavalry patrol fell into an ambuscade prepared by our patrol, and were dispersed, losing one killed. The Japanese left behind them a quantity of gun cotton and some swords and blankets.

"The population of Manchuria is quiet. "On the night of March 11 the enemy's ships explored Helena Bay and the shore opposite Serutchine

with searchlights. "According to information which has been verified, the Japanese have not made any attacks north of

"The population along the Tumen River is favorable to us."

Just a Report.

Wei-Hai-Wei, March 15 .- The Japanese here report that Port Arthur

Alexieff Didn't Tell the Truth. Tokio, March 15 .- Viceroy Alexieff's despatch that a Japanese torpedo boat destroyer was sunk and the cruiser Takasago heavily damaged by the shell fire of the Russians during the fourth attack on Port Arthur, is officially pronounced untrue. The damaged Japanese torpedo boat destroyers can be repaired in one week, and it will not be necessary to dock them.

A supplementary report from Vice-Admiral Togo, concerning the effort made by crews of the Japanese torpedo boat destroyers in the action off Port Arthur on the 10th instant to rescue the crews of the disabled Russian torpedo boat destroyers, reached here to-day. Captain Shojiro Assi, commanding the flotilla of torpede boat destroyers, states that the Japanese would have been able to rescue many more of the enemy, but for the deadly fire of the shore batteries and the close approach of the Russian cruiser Novik. The roport also explains that four men rescued were not part of the crew of the Stereguschtohi, as originally re-

ported. When the Japanese rescuers reached the Stereguschtohi only the dead remained on board, and it is believed the living members of the crew jumped overboard and perished. Three of the Russians rescued are engineers and the fourth is a torpedo operator. Two of the captives were slightly wounded. They were all placed aboard a Japanese battleship and were given food and medicine.

An Approach to Confirmation.

The story must, however, be viewed cautiously, the only approach to confirmation from any other source in a despatch from a correspondent of The Daily Telegraph at Yinkow, which merely

"Vice-Admiral Makaroff has issued orders to the effect that the saving coal is unnecessary, but that the gun ammunition in the forts must not be wasted. Evidently this ammunition is running short." The Daily Telegraph's Tokio cor-

At Kinfrom Thornhill, on the Toronto-Al- | mount Mrs. Barton was met by her brother, to whom, she had telegraphed, and on Saturday they set out by sleigh from that villege in the direction of Lindsay, reaching here Sunday night after a most exhausting trip. They were met by Station Agent Paton, who looked after their comfort and the preparation of the

The following reports of standing committees were read and adopted: Police and Lighting committee, No. 2, by Chairman McCrea.

Town Property committee, No. 3, by Chairman Mc Watters. Board of Works, No. 3, by Chairman O'Rielly. Finance and Assessment, Nos. 3 and

4, by Ald. O'Rielly, in the absence of Chairman Cinnamon. The Crossing By-law

On motion By-law No. 1048, respecting the crossing of Colborne and Caroline-sts., by the Lindsay, Bobcaygeon & Pontypool Railway was read a first time, and the Council went into committee of the whole thereon, Ald. McWatters in the chair. The by-law, including an 'annexed agreement signed by Mr. Thos. Stew-

art, secretary of the Company, on behalf of the directorate, was read. After a brief discussion the by-law, fixing the width of the crsosings at 15 feet, as desired by the company, was given the second reading, and when the committee rose it was read the third time and passed by a two-thirds vote on motion of Aldermen Storer and McWatters,

Prospective Industries Mayor Soiotherian reported to Council the receipt of letters from. promoters of the industries, inquiring what inducements the town was prepared to offer in order to secure the location here of a corset manufacturing company and a boot and shoe factory. He explained that since the receipt of the communication he understood the first-named concern had decided to go elsewhere. If Council deemed it advisable they might instruct the Olerk to write for fuller particulars, but personally he was of the opinion that they were not in a position to offer any great inducements to attract industries, the debenture debt being already large. If they were in a position to do anything of the kind he would prefer to aid the expansion of

some good local industry, Victoria Co. "Old Boys." His Worship-"I have a communication also from the Co. of Victoria Old Boys' Association, of Toronto, which I have neglected to bring with me. They speak of holding an "Old Boys" home-coming rally in Lindsay this summer, and suggest July 18th as a desirable date. They also ask what sum we would contribute towards their expenses. I understand the Oddfellows intend holding their usual celebration, and it would be desirable to have the two occur on the same day."

Ald. McWatters-"When is Civic holiday ?" Ald. O'Rielly-"About the middle of August, but it is understood that the Oddfellows shall take the 1st of July and leave Civic holiday open for other societies." Mayor Sootheran-"They speak of the 18th, but may be willing to ar-

range for July 1st." The matter will be dealt with at a later meeting. Watering Carts and Ploughs.

Ald. McWatters reported that Mr. John Harding had offered to give the town watering cart three coats of paint for \$25. The inside of the cart was frozen up and could not be painted, but in his opinion it should be given a coat of pitch. On motion Ald. Mc Watters was authorized to have the wagon paint-

ed and regained. Mayor Sootheran-"We should ask for tenders for a second watering Ald. O'Rielly-"Why not call for
