Marie Antoinette.

Miss Alice Bailey, of Atlanta, Ga., tells how she was permanently cured of inflammation of the ovaries, and escaped the surgeon's knife, by the Lydia E. Pinkham's Vegetable Compound.

The universal indications of the approach of woman's great enemy, inflammation and disease of the ovaries, are a dull throbbing pain, accompanied by sense of tenderness and heat low down in the side, with occasional shooting pains. On examination it may be found that the region of pain will show some swelling. This is the first stage of inflammation of the ovaries. "DEAR MRS. PINKHAM:-I wish to express my gratitude for the restored health and happiness Lydia E. Pinkham's Vegetable Compound has brought into my life.

"I had suffered for three years with terrible pains at the time of menstruation, and did not know what the trouble was until the doctor pronounced it inflammation of the ovaries, and proposed an operation. "I felt so weak and sick that I felt sure that I could not survive the ordeal, and so I told him that I would not undergo it. The following week I read an advertisement in the paper of your Vegetable Compound in such an emergency, and so I decided to-try it. Great was my joy to and that I actually improved after taking two bottles, so I kept taking it for ten weeks, and at the end of that time I was cured. I had gained

ighteen pounds and was in excellent health, and am now. "You surely deserve great success, and you have my very best wishes."-MISS ALICE BAILEY, 50 North Boulevard, Atlanta, Ga.

Another woman saved from a surgical operation by Lydia E. Pinkham's Vegetable Compound. Read what she says:-

Pinkham's Vegetable Compound and be well.

"DEAR MRS. PINKHAM:- I cannot thank you enough for what your Vegetable Compound has done for me. If it had not been for your medicine, I think I would have died. "I will tell you how I enffored I could hardly walk, was unable to sleep or eat. Men. struction was irregular. At last I had to stay in my bed, and flowed so badly that they sent for a doctor, who said I had inflammation of the ovaries, and must go through an operation, as no medicine could help

me, but I could not do that. "I received a little book of yours, and after reading it, I concluded to try Lydia E. Pinkham's Vegetable Compound, and I am now a well woman. I shall praise your medicine

CASTORIA. The Kind You Have Always Bought

Women's Garments

READY-TO-WEAR.

The newest blooms in this garden of Women's Ready-to Wear garments are here in many approved styles. There are over three thousand separate garments valued at about ten thousand dollars - a lot of money you say. Yes indeed. But then some philosophic writer has said that if the man who could build a house best, built even in a forest, all mankind would wear a path to his door.

It's so with the store that handles any branch of business best. Look at the business centred in our Ready-to-Wear department. The business has not been beaten by that of any other Lindsay store. Best. And "best" means so much. Best styles, best service, best returns for one's money: Leadership.

While every woman does not buy here---many being swayed by one reason and another--few Lindsay women well take any other store's word on styles. The Wakely & Ford endorsement is usually correct We invite you to inspect them on Opening Days.

Dress Goods

Popular Weaves of the Season.

Simply elegant are the dress goods that we have assembled to meet the spring demand--an excellent assortment comprising literally scores of beautiful patterns. The charming weaves run the entire alphabet of beauty. With the soft, semi transparent, gracefully draping materials, in high favor for dressy wear, Fashion has again carried these materials up to the very crest of the wave that more than merit competition figures. of spring modishness.

These fabrics have been worn in the earlier years, but what the American Beauty rose is to the unpretentious wild rose, the new fabrics are to those our grandmothers wore.

A visit to the department will show you that we don't try to be exclusive in this store in regard to prices. Exclusive in designs, but our prices are broadly popular, and helpful to those who value their money.

Thursday Evening, March 24th, at 8 p.m., and following Days.

But now and again through the year, as the seasons come and go and nearly always at the beginning of the Spring and Fall business we take the liberty of saying a few words to the interested public about the state of the business, that has grown so rapidly by the mutual confidence that has existed between the store and its phere of home. a millinery department and our

The business is just a year and a half old, but in that little time trade has come in fine big waves until now it is one of Lindsay's big businesses. But it's as simple as A B C. It must have been good to have grown at all in one of richness, elegance and "

Now for the future. Remember this store has neither patents nor monopoly. -Its success depends on service and value giving. If a business doesn't grow it dwindles-and a dwindling store is about as interesting as a last year's bird's nest. We've put forth special exertions this season to secure complete and well chosen assortments-there is forty thousand dollars, worth (retail prices) here awaiting your criticisms and probable selections.

Comparisons are not odious in comparing our goods and prices with others.
