THE CANADA LIFE ASSURANCE CO., Toronto, Ont.

Dear Sirs,-

As a policyholder in the Canada Life for \$25,000, mostly on the Minimum system, I have pleasure in certifying to the fact that this insurance has been entirely satisfactory. I have had under the Minimum policies the largest amount of protection for the least possible outlay. I fully understood the conditions of the Minimum policies when insuring, and these have been carried out to the letter by the Company. The certificates which I have now received show the policies to be in a thoroughly satisfactory shape. I realized that good strong Reserves are the finest essential for a life insurance company, and am much pleased "pon reading the last Annual Report of the Canada Life to note the Company's excellent position in this respect. In fact, I am so well pleased that I have decided to increase my insurance in the Canada Life by \$10,000, for which I am now giving you the application. Yours truly,

W. FLAVELLE.

The Post has a strong staff of country correspondents, and most of them are zealous in reporting tha news of their community.

Some few so-called correspondants, however, must feel their conscience prick them when they open their copy of The Post (sent free of a number of horses. charge) and find their district unrepresented by even a line of news, and that apparently it has been wiped off the man or that the people have grown non-progressive.

The correspondent has it in his or her power to become a great factor for good and to bring it into the right kind of prominence. The motto should be "Search out live news
