THE BRITISH PROCLAMATION.

ARRIVAL OF

Durban, Natal, April 7.—Details which are arriving here of General French's successful operations in the Eastern Transvaal show that in one engagement the Canadians charged a Boer position in Buffalo Bill style, firing as they galloped along. The Boers were in a position where they could not have been flanked and where it was almost impossible to dislodge them, but by the forward charge of the Canadians they were forced to yield.

ULTIMATUM FOR BOTHA.

General French's March Has Been Productive of Results. Pretoria, April 7.—The results of Gen. French's march are everywhere evident along the border line between the Transvaal and Natal. Many Boers who had been in French's front are now surrendering voluntarily, and it is said that all of them are in a bad plight, even in their own balliwicks.

A general surrender of the Boers is not expected here, however, until the northern mountainous districts of the Transvaal have been subdued.

The garrison of Vantfontein, composed of the Essexes and the Dublin Fusiliers, are in touch daily with the Boers, who are attempting to cross the line.

The commando of Lucas Meyer, which is made up of men from the Heidelberg district, is in the neighborhood of Vermeulenburg, on the Klip River. This commando is carefully holed, to avoid the camps of the British and to loot unprotected places. A British column, which is marching on Harrismith, will attempt to break up Meyer's force.

NEWS FROM KITCHENER.

Volunteer Companies Relieved—Boers Will Fight to Bitter End.

London, April 8.—Lord Kitchener has informed the War Office that 18 volunteer companies, freed by reliefs, are coming home, and that arrangements are in progress for the speedy relief of further companies. He thus appears to be endeavoring to meet the emergency.

The Pretoria correspondent of The Morning Post, who warns his countrymen against hoping for an early termination of hostilities or believing the stories that the Boers are tired of the war, says:

"It becomes daily more evident that the Boers intend to fight to a finish. Many are surrendering, but they are men of no standing. The real fighting men are still in command, and although the recent successful British operations tend to bring the end nearer, it is evident that the Boers must be completely crushed before a general surrender is probable."

It is reported from Brussels that Acting President Schalkburger has removed the seat of Government to Leydesdorp.

According to a despatch to The Daily Mail from Hilversum, Mr. Kruger, who has just arrived there, has expressed an intention to go to the United States in June and to visit Washington, Chicago and Boston.

"It is definitely ascertained," says a despatch to The Times from Kroonstad, dated Saturday, "that Gen. Dewet and Gen. Botha met at Vrede."

STRONG TOWNSHIP SENSATION.

The Restoration of Health of Wm. Doeg who had not left his Room in Years, Rheumatism of the Worst Kind Completely Cured.

The Echo has taken the trouble to investigate the circumstances and on a visit for the truth of the following interesting story in its very particular.

Almost everyone in this neighborhood knows Mr. Wm. Doeg. In 1878 Mr. Doeg moved from the Township of Opey, in Grey County, to lot 12 in the thirteenth concession of Strong Township, where he has since made many friends, and all who know him speak of him in the highest terms.

Some time after he came to this part he was stricken with rheumatism. It gradually grew worse and worse until for the last four years he has been a confined invalid, and a consequence has not been seen in town at all. He has sat night and day in his chair, unable to move or lift him. It comes in his back, and the torture he had to bear was terrible. From his back it would sometimes move to other parts of his body. His knees were heavily pained, and he was unable to walk for four long years the poor man did not have a single moment's respite from the ravages of this dreadful disease.

Mr. Doeg says that he makes no attempt to look back upon that awful four years, even the thought of it is dreadful. How I ever lived through it I do not know, but I am now in the best of health and strength, with nothing of the rheumatism left but the memory of it.

Russia Will Hold Manchuria. Paris, April 8.—It is understood here that owing to China's refusal to sign the Manchurian agreement, Russia is about to send a circular to the powers, explaining that, owing to the unsettled conditions in Manchuria, her troops will continue to occupy that territory, until order is established.

Russia is Also Preparing. London, April 8.—The Kronstadt correspondent of The Times, writing Thursday, says that preparations are being generally made by the Russian forces for winter operations.

Tien Tsin, April 5.—It is reported here that the Russians have been endeavoring to force a purchase of the disputed railway siding from the original Chinese owners.

BY THE END OF MAY.

Russian Army in Manchuria Will Number 300,000 Men.

London, April 6.—"By the end of May," says the Moscow correspondent of The Daily Graphic, "the Russian army in Manchuria will number 300,000 men. It is understood that the Russian Minister of War, Gen. Kuropatkin, reckons upon the possibility of having to despatch an army corps southward into Corea."

Russia Threatens. "The Italian Minister in Peking telegraphs," says the Rome correspondent of The Daily Mail, "that M. De Giers has threatened that Russia will leave the concert if the powers continue to oppose the Manchurian convention."

The Nipissing Election Trial. North Bay, Ont., April 6.—The Nipissing election trial was held here Thursday in the Court House, and was presided over by Sir John A. Boyd and Mr. Justice MacMahon. Mr. James B. Klock was the petitioner and H. C. Varin the respondent.

Several witnesses were examined, among them being the telegraph operators. The court adjourned at 7.30 p. m., and judgment was reserved till a day to be named in Toronto.

APPAIRS AT PEKIN.

Important Meeting of the Allied Generals on Sunday.

RUSSIA TO WAR WITH CHINA.

A Message Which Foretold of a Possible Resistance Against Russian Aggression by the Japs—Said That Britain and Japan Influenced China to Refuse to Sign the Manchurian Treaty.

Pekin, April 6.—The meeting of the generals of the allied troops and Count von Waldersee this morning was of great interest and importance, though it was known beforehand what had practically been decided upon; still the meeting showed conclusively the attitude of the different powers. The only dissentients from the plan adopted were Gen. Chaffee, the American commander, and Gen. Wogack, commander of the Russian forces, who both thought that the number of points to be occupied was excessive, and also that the number of troops was too great.

The other generals were unanimous in the opinion that nine points on the railroad should be occupied between Peking and Shan Hai Kwan, with 6,000 men, exclusive of those at Peking in Pekin. This will be a permanent possession, while the reduction of the present forces will be made according to the wishes of the respective governments. The railway between Pao Ting Fu and Peking will not be guarded, it not being a line of communication with the sea. General Chaffee suggested that it was only necessary to occupy two points between Yang Tsun and Tien Tsin and three between Tien Tsin and Shan Hai Kwan, with a total of 2,000 men, exclusive of those at Peking. It was not necessary, he said, to have soldiers at Tong Ku, as naval vessels were always there, and also because the reliefs would always be passing backward and forward.

General Wogack thought 1,000 men would be sufficient for occupying Tien Tsin and Shan Hai Kwan. The views of the majority will be presented to the Ministers for immediate action, as the general feeling that the acceptance by the Chinese of these terms, including the total destruction of the forts at Shan Hai Kwan, Peitang, Pavi, Tong Ku, Pei Tsan and Yang Tsun will mean complete submission, when arrangements ought to be made for the withdrawal of a majority of the forces from China.

MEANS WAR.

A Message Received at Washington Which Foretold of a Possible Resistance Against Russian Aggression by the Japs—Said That Britain and Japan Influenced China to Refuse to Sign the Manchurian Treaty.

New York, April 8.—The Journal prints the following, dated Peking, April 6, 11 a. m.: "Secretary of State, Washington: 'Russian Minister refuses to receive official communications from Chinese Commissioners Squiers.'"

The significance of the despatch from the United States Minister at Peking is that it foretells a declaration of war against China. Earlier despatches announced that the Manchurian frontier between Russian and Chinese troops was being driven the Russians out of Manchuria.

The general belief is that war between Japan and Russia is now a matter of but a few days. Another Report of the Fight. Berlin, April 6.—A despatch to The Cologne Gazette from St. Petersburg says that fighting is reported to have occurred between the First, Second and Third East Siberian Rifle Regiments and several thousands of Chinese troops, between Kobantsyn and Sin Min Ting. The Russians lost a captain and several men killed, and a Lieutenant-colonel, several other officers and many men were wounded.

The Chinese lost heavily and retreated, with the Russians pursuing them. The date of the engagement is not mentioned.

WASHINGTON IS PERPLEXED.

Washington, April 8.—The Administration is perplexed over a cable despatch received Saturday from Mr. Squiers, now in charge of the American Legation in Peking.

RUSSIA ISSUES A NOTE.

Her Diplomatic Agents Restrained to State the Case. London, April 8.—A despatch from St. Petersburg says that it is learned from a trustworthy source that Russia's diplomatic agents abroad were instructed on April 8 to communicate to the Governments to which they are accredited an identical note, in the same terms as that presented by Count Cassini (the Russian Minister at Washington) to Secretary Hay.

Three Drowned, One Saved. Portland, Me., April 8.—The two-masted schooner Wendell Burpee, of St. John, N. B., went ashore off Cape Elizabeth shortly before 12 o'clock yesterday noon, the captain, cook and one sailor being drowned, while the mate only was saved.

STRIKE AT AN END.

London, April 8.—The Lanarkshire strikes are apparently ended, the engine workers having agreed to work some work to-day. The miners will in consequence resume work also. The strike brought no gains to the workmen.

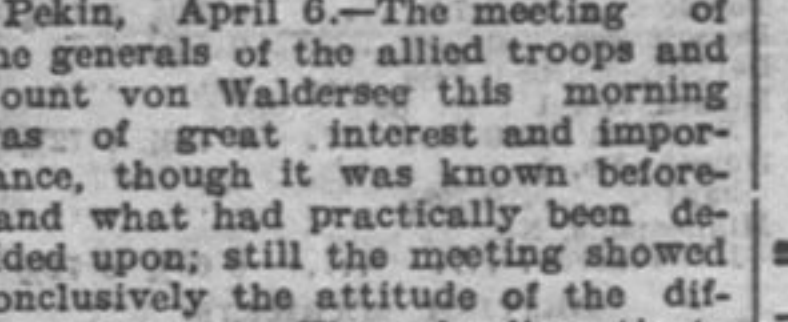

Lord Salisbury at Brighton.

Nice, April 8.—Lord Salisbury has arrived at Brighton. He was but little affected by the journey from London.
