An April Shower carries away the winter's snowthis April Shower will cause the laying away of the winter garments you've been wearing so long.

Particularly fortunate were we in securing these offerings in Ladies' Wearables at this time of the year. Of course, some one had to loose on them, and in this case it was the manufacturer, for in some cases he made too many -we got the surplus-then again one lot was made in good faith for a firm whose credit became doubtful. Therefore the maker had them on his hands. These we also secured, and they're all here for your inspection.

I may strike you as strange that we can sell you brand new Spring Costumes at "HALF PRICE". The reason is this—a large manufac-turer made these this spring for a large retail firm out west, but between the time of booking the order and the time for shipping, the firm's credit became doubtful. We happened along and made them a low cash offer for the lot; this they finally accepted, and we in turn give you the advantage of our eash buying power.

There's a big variety and the styles are all new, being made for this spring's trade. They are made of Worsted, Finished Tweeds and Homespun Knop mixtures of stylish effects in colorings of Brown, Navy, Grey, Green and light and dark coloringsalso plain Navy and Black Cloths. All perfectly tailored and perfect fitting. med, 5, 7 and 9 gored skirts with the new pleated gored flounce, round and train skirts. Not a full range of sizes in any one line, but all sizes from 32 to 40 in the lot.

I have seen nothing of the vessels of either of the belligerents, and there has been no sign, night or day, since Sunday, or even the scout boats. I regard this as a most unusual state of things, quite different to former experiences of cruising in these waters.
