

We Shall Buy a Million Bottles of Ligozone and Give Them to the Sick.

We have purchased for \$100,000 the American rights to Ligozone. We thus control the only way to kill germs in the body and end a germ disease. We want you to know this product, and we want you to buy a million bottles and give them to the sick. Will you—if you need it—let us buy one for you?

Costs \$500,000

We publish this offer in every great newspaper in America. The cost of the offer, we expect, will reach \$500,000. We pay that price because it seems the only way to quickly let the sick know what Ligozone does.

The greatest value of Ligozone lies in the fact that it kills germs in the body without killing the tissues, too. And no man knows another way to do it. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that fact, and it is almost helpless in any germ disease.

Ligozone does in germ troubles what all the drugs, all the skill in the world, cannot do without it. It cures diseases which medicine never cures.

Acts Like Oxygen

Ligozone is the result of a process which men have spent over 20 years in perfecting. Its virtues are derived solely from gas, made in large part from the best oxygen producers. By a process requiring immense apparatus and 14 days' time, these gases are made part of the liquid product.

The result is a product that does what oxygen does. Oxygen gas, as you know, is the very source of vitality. Ligozone is a vitalizing tonic with which no other known product can compare. But germs are vegetables; and Ligozone—like an excess of oxygen—is deadly to vegetable matter. Yet this wonderful product which no germ can resist, is to the human body the most essential element of life.

Germ Diseases

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, wherever they are, and the results are indirect and uncertain. Ligozone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

A Cure for Insomnia

A Well Known St. John Merchant Tells How He was Freed of this Terrible Trouble.

One of the best known men in St. John, N. B., is Mr. G. Kierstead, grocer and general dealer, 641 Main street. Mr. Kierstead has an interesting story to tell of failing health, insomnia, and finally renewed strength, which cannot fail to interest others. He says: "A few years ago I was all run down and failing in health, no doubt due to overwork and shattered nerves. I was unable to sleep at night and found no rest in bed. My life seemed a burden to me and I found no pleasure in anything. I sought medical aid and the physicians who attended me were unable to give me any relief. Almost no sleep, and my wife urged me to try Dr. Williams' Pink Pills. I had little faith in all medicines, but to please my wife I decided to give the pills a trial. I have had reason to be thankful that I did so. Almost from the outset the pills helped me, and I was able to find sleep. I continued to take them, and I feel perfectly rested again. I could sleep as in my childhood; I grew healthy and strong and have never known one more trouble from that source. I have no hesitation in saying that I believe Dr. Williams' Pink Pills saved my life, and will always say a good word for them to any who are troubled with sleeplessness."

The Weather in April

Rev. Ira Hicks predicts weather as follows: From April 15th to the 17th it will become very warm and decided storms of rain, hail and thunder will occur. Following these disturbances look for bright, warm weather until the 22nd, succeeded by rain. Following this frosts will be general over the central and northern sections. Late snow squalls need surprise no one. One of the most decided storms of the season extends from the 26th to the 29th. Very general and severe storms are more probable. The month will go out with cold winds and frosty nights.

Newspaper Men in Council

(Toronto Star.)

"An aggravated piece of class legislation as I ever saw," said Mr. Whitney upon the clause permitting newspaper men to publish municipal advertisements and at the same time hold positions in the Council. The municipal council has passed a resolution which would be disqualifying from sitting in the Council," he concluded.

The Lakofski Poisoning Case

The mysterious fatal poisoning of James Craig, a Lakofski hotelkeeper, some time ago, apparently adds another to the long list of undiscovered crimes rolled up in Ontario during the last few years. Two Toronto analysts testified to the finding of strychnine in the stomach and other organs, and expressed their conviction that death had been caused by that agent. On April 13th inst. the coroner's jury, after enquiring into the facts, and examining the members of the household a number of times, returned the following significant verdict: "We find that the death of James Craig was caused by strychnine poison, but were not, from the evidence, able to find out how, or by whom administered. We are of the opinion that it was not a case of suicide."

The Attorney-General's department may take the matter up.

What the Society Offers in the Way of Fraternal Insurance.

One of the pleasantest and most successful social events of the season was the "At Home" given in the Council chamber on Friday night last, under the auspices of Westminster Lodge, S.O.E. The stage and background were prettily decorated with the "emblems of England's greatness"—the glorious old Union Jack. A good audience was present and the program numbers were varied and well received. Bro. N. Hookin occupied the chair, and Mr. Jas. Boxall was seated with him on the platform.

What the Society is Doing.

An address by Bro. James Boxall, outlining the origin, aims, achievements and advantages of the Society, was delivered in Mr. Boxall's usual earnest and convincing manner. He declared that the Sons of England offered the cheapest and most reliable insurance of any organization in the world, and he urged young men to join the order. The Society has at present 250 lodges and 18,000 members. Its program is to provide a fund of \$100,000,000. Our obligation fee is \$3.00 per month; 30 to 45, \$5.00; 45 to 70, \$7.00; 70 to 80, \$10.00. Insurance is given for the following amounts and rates: At the age of 20 a \$250 policy costs \$1.00 per month; \$500, \$1.50; \$1,000, \$2.00; \$2,000, \$3.00. Mr. Pilkie was to have been present with his gramophone. In his absence Mr. W. Roenigh kindly came to the rescue at a short notice with a fine gramophone, which was operated by Mr. Fred Martin, giving several selections, much to the delight of the audience. An instrumental duet by Misses Vickery and Mitchell, a duet by Mrs. Price and Mr. Podger, and the singing of God Save the King, were the closing features of the evening. The program was brought to a close by the playing of the national anthem.

OBITUARY.

Thomas O'Neill

Expressions of regret were heard on every side as the news was made public that Mr. Thomas O'Neill, the well-known railway contractor and ex-Strewn Overseer, had passed away April 14, at his home in Chatham street, at the age of 74 years, had been in poor health all winter owing to an attack of kidney trouble, but was making a satisfactory recovery until a few days ago, when he was taken to the stable to inspect a favorite colt. The unaccustomed exposure resulted in an attack of pneumonia, which his naturally robust but weakened constitution was unable to withstand. Mr. O'Neill, eldest son of deceased, was away in Montana, where they have extensive railway contracts, and were unable to come home for the funeral. Edward and Will, younger sons, came home from Alliston to attend the funeral.

Mrs. Edward Murphy, Lindsay.

After an illness extending over several weeks, Mrs. Edward Murphy, wife of Mr. Edward Murphy, of this town, was called to her rest on Saturday evening, the 10th inst., at the ripe old age of eighty-four years. The earlier years of her life were spent on the farm near her husband, three miles south of the town, and she assisted materially to improve the property, which is still in the possession of the family. To her were born eight sons and one daughter all of whom survive her but one son.

Mrs. Henry D. Hutton.

Hundred in this community were startled and grieved yesterday morning, the 15th inst., by the news of the sudden demise of the late Mrs. Henry D. Hutton, which sad event occurred at the family residence on West Ave. with but a few moments warning. Mrs. Hutton, a native of Westport, was born in 1829 and was in her usual health, but immediately retired to her room and showed symptoms of another ailment. She just time to say to her son, Harry and Willie, who were both present, that she was dying, and immediately expired.

David Lindsay of Cannington.

Glaser: Mr. David Lindsay, who died last Friday morning, April 8th, 1904, was about the oldest resident of Cannington. He was born 76 years ago at Enniskillen, County of Fermanagh, Ireland, coming to Toronto at four years of age. His father died of cholera three days after arriving there. At an early age he was apprenticed to the harness trade in Weston, and having thoroughly learned it he worked at his trade in all the most important cities in Canada and United States. About 1859 he married Miss Jane Bell, of Scarborough, and they had three children, coming to Cannington some five years after, where he has been constantly at his trade in partnership with one time, was in ever since. He took an active part for many years in the municipal affairs of Cannington, and served for some years on the school board. He was a member of All Saints' (Anglican) church, and in politics a staunch conservative. He is survived by a devoted wife, four sons and four daughters. The funeral took place Sunday, and was one of the largest ever known and witnessed by a number of Lindsay citizens, who heard of his demise with deep regret. They join with other friends in extending sympathy to the family.

Eruptions

Dry, moist, scaly tetter, all forms of eczema or salt rheum, pimples and other cutaneous eruptions proceed from humors, either inherited, or acquired through defective digestion and assimilation. To treat these eruptions with drying medicines is dangerous. The thing to do is to help the system discharge the humors, and strengthen it against their return.

Hood's Sarsaparilla

Hood's Sarsaparilla permanently cured J. G. Hines, Franks, Ill., of eczema, from which he had suffered for some time; and Miss Alvina Wolter, Box 22, Algona, Wis., of pimples on her face and back and chafed skin on her body, by which she had been greatly troubled. There are more testimonials in favor of this great medicine than can be published.

Hood's Sarsaparilla

Promises to cure and keeps the promise. Don't put off treatment. Buy a bottle of Hood's today.

He declared that the Sons of England offered the cheapest and most reliable insurance of any organization in the world, and he urged young men to join the order. The Society has at present 250 lodges and 18,000 members. Its program is to provide a fund of \$100,000,000. Our obligation fee is \$3.00 per month; 30 to 45, \$5.00; 45 to 70, \$7.00; 70 to 80, \$10.00. Insurance is given for the following amounts and rates: At the age of 20 a \$250 policy costs \$1.00 per month; \$500, \$1.50; \$1,000, \$2.00; \$2,000, \$3.00. Mr. Pilkie was to have been present with his gramophone. In his absence Mr. W. Roenigh kindly came to the rescue at a short notice with a fine gramophone, which was operated by Mr. Fred Martin, giving several selections, much to the delight of the audience. An instrumental duet by Misses Vickery and Mitchell, a duet by Mrs. Price and Mr. Podger, and the singing of God Save the King, were the closing features of the evening. The program was brought to a close by the playing of the national anthem.

What the Society is Doing.

An address by Bro. James Boxall, outlining the origin, aims, achievements and advantages of the Society, was delivered in Mr. Boxall's usual earnest and convincing manner. He declared that the Sons of England offered the cheapest and most reliable insurance of any organization in the world, and he urged young men to join the order.
