

FIRST ANNIVERSARY SALE ANNOUNCEMENT

TO THE PEOPLE OF VICTORIA COUNTY:

Just one year ago we opened the doors of our store to the public of this town and vicinity, and as sentiment plays a large part in human affairs, no less to a certain degree in business also, we decided to commemorate our entry to this place by showing our gratitude to our patrons and buying community who so generously encouraged us, by offering buying inducements which will be readily appreciated by experienced shoppers.

We do not mean to insult your intelligence in offering goods less than cost, which you will not believe, but we mean to convince you that our thorough practical knowledge of the business learned by us from childhood, coupled with our ability to know what and where to buy, enables us to offer you garments of honest materials and skilled labor, at prices that will not fail to appeal to your sense of economy.

We start this anniversary sale on FRIDAY, APRIL 6th, which will last for 14 days only, with a complete line of the newest goods produced by the best makers in Canada, combining the latest styles and up-to-date materials shown in all metropolitan centres.

We quote prices of a few of the many lines recently arrived, which will be a pleasure for us to show even if you do not intend to purchase.

Lots of Business and a Little Farce Comedy

WAS THE PROGRAMME AT LAST MONDAY'S COUNCIL MEETING.

Communications and Reports—The Cigarette By-law Stirred up Aid. O'Reilly and Aid. Eyres—Other Matters.

Our town fathers met last Monday in regular session Mayor Vrooman and all members being present. The proceedings were enlivened by some passages between Aid. O'Reilly and Aid. Eyres, and there is a possibility that Manager Young, whose company opened a week's engagement at the Academy last night, may enter a vigorous protest against the Council's action in running a municipal farce comedy show in the municipal chamber. It is not improbable, even, that the town may find itself in another suit for damages.

Business was taken up at 7.30, when Clerk Knowlson read the minutes of last regular and special meetings, which were duly confirmed.

COMMUNICATIONS.
From T. J. Tiley, manager Bell Telephone Co., asking permission to erect poles on Russell and Lindsay-sts.—*Fyied.*

From the Post Office Department, relative to Council's request that a light be placed in the lane east of the post office, near the drop-letter box. Applications should have been made to the Public Works Department.—*Fyied.*

From Solicitor I. E. Weldon, asking for prompt settlement of Mr. E. Robson's claim for damages caused by the flooding of a cellar.—*Finance committee.*

From Geo. S. Patrick, secretary Public Library Board, enclosing copy of finance report.—*Laid on table.*

From G. H. Hopkins, solicitor for Mrs. Pollard, who recently met with an injury on a railway crossing, east ward. Mr. Hopkins on behalf of his client, offered to accept in settlement of her claim for damages the sum of \$200, pointing out at the same time that the town had saved more than that sum by not having to pay a watchman at the crossing in question. It was proposed to lay the communication, but Mayor Vrooman urged that it would be courteous to Mr. and Mrs. Pollard to do so.—*Aid. O'Reilly*—You'll file it in committee—*Why not do it now and save trouble?*—*A motion that the request be filed was lost—3-3, but another that it be laid on table was carried—5-1.*

From G. H. Hopkins, late Town Solicitor, enclosing account, also documents belonging to the town.—*Finance committee.*

From Retail Merchants' Association of Lindsay, recommending that an alteration be made in the present Butchers' by-law.—*Finance committee.*

From Angus Macmurehy, solicitor C.P.R., with reference to the protection of east ward railway crossings, and suggesting that Council discuss the matter with Mr. Thomas Stewart.—*Finance Committee.*

From secretary Public Works Department, acknowledging receipt of petitions relative to a granolithic walk from Lindsay-st. bridge to King-st., and a new lock and dam.—*Fyied.*

From Town Clerk Knowlson, reporting that the printing for the year 1906-7 had been awarded to the Watchman-Warrior, that a paper's tender had been lowest.—*Endorsed.*

From the City Clerk of Toronto, inviting Council to appoint a representative on a deputation to meet Premier Whitney on April 11th to discuss the question of Niagara Falls power.—*Aid. O'Reilly* objected sending a representative, saying it was another case of "Hoop-tow" trying to benefit at the expense of the Province. If the power could be transmitted to Peterboro, Lindsay and other places, it would be different proposition.—*Alderman Begg* and *Rea* took the same view of the matter, and proposed that the communication be filed, but Mayor Vrooman objected, saying that the Council of the Board of Trade would meet next evening to consider the same matter and it would not look well if the Town Council dealt summarily with it beforehand. "Power may be transmitted as far east as Peterboro, and \$17 is the suggested price per h.p. We will not be bound to take it, but it will be at our command when we want it. Let us get some more information."—*Aid. Mauder*—If there is any chance of getting power at \$15 or \$17 per h.p., let us try for it; that will be about one-third the price we are paying now.—*Finance committee.*

From W. H. Lockhart Gordon, President of the Haliburton, Whitby and Matawa R.R. referring to the progress already made in preliminary work, and soliciting the town's aid in securing the grand originally intended for the extension of the Victoria R.R., bonused by Lindsay to the extent of \$75,000. A counter proposition was to extend the Central Ontario from Bancroft, which would divert all the trade of that country to Trenton.—*Referred to Finance committee.*

From the Fire Underwriters' Association, submitting Inspector Howe's report on Lindsay's appliances for fire fighting.—*Town Property committee.*

From Clerk Knowlson, stating that the expenditure on last annual accounts had been \$157.40.—*Finance committee.*

From L. R. Knight and others, asking that Wellington-st. south of Sussex-st. be graded and gravelled.—*Laid on table.*

From Town Commissioner O'Neill, recommending certain work on the streets.—*Board of Works.*

From Chief Constable Nevison, submitting reports for January and February. Cases tried, 27; fines and fees therefrom, \$111.22.—*Fyied.*

From Market Clerk Callaghan, reporting the collection of \$70.48 in weight, fees and tolls during March.—*Fyied.*

From Lindsay Public Library Board giving statements of receipts and expenditures during 1905.—*Finance committee.*

From Dr. C. Treu, resigning his position as trustee officer and bleak

knot inspector.—*Finance committee.*
At this juncture Mayor Vrooman, noticing a number of butchers and others interested in the Butchers' by-law in the audience, thoughtfully explained that nothing would be done in the matter at this session, as the by-law had not yet been considered in committee. Many thereupon took their departure.
Reports of standing committees were then read by the respective chairmen.

THE E. M. BEAL EXEMPTION.
Aid. McFadden took exception to a clause in the Finance committee's report which recommended that the usual exemption be granted to Mr. R. M. Beal in accordance with the sworn statement of non-employed and non-assessable paid by him. Aid. McFadden explained that Mr. Beal had for some years enjoyed exemption on part of his school taxes, which was entirely illegal and should not be permitted any longer without rendering every member of Council liable for the amount so lost to the school fund.

On motion the report was adopted, the clause referred to being sent back to committee for further consideration.

FIRE HALL FURNACE.
Aid. Mauder, chairman of Town Property, reported verbally to the Fire Hall furnace. Mr. Boxall, after an examination said the furnace was worthless, and recommended that a No. 1. Dalrymple boiler be installed in place. The contract had been given to Mr. Wm. Humberford, whose offer was the lowest—\$260 all complete.—*The report was adopted.*

THE CIGARETTE BY-LAW.
Aid. McFadden, seconded by Aid. Fisher, moved the first reading of a by-law to regulate the sale of cigarettes. The mover, speaking in support of the motion, said all admitted the necessity of a by-law, and the license should be made sufficiently high to effect the object aimed at.

Aid. Eyres reacted very much that absolute prohibition was illegal; he was in full sympathy with Aid. McFadden's motion, but would suggest that the by-law be held over till next meeting so as to permit of its merits and demerits being fully discussed. He had been talking the matter over with some Peterboro aldermen, who were wrestling with the problem, and they agreed with him that the danger in making the price too high lay in forcing boys to go to the hotels for their cigarettes, as Aid. Fisher asked that a deputation be heard on the subject and Messrs. Staples and Boxall spoke briefly, urging the Council to pass the by-law. There was nothing in Aid. Eyres' argument for delay.

Aid. O'Reilly—Every case has two sides. The statute prohibib the sale of tobacco or cigarettes to boys of a certain age, yet any day young lads can be seen on the street smoking cigars and pipes as well as cigarettes. Who is breaking the law, and why are they not punished? Why not license the sale of tobacco also? Let us discuss the matter with our tobaccoists. Along with Aid. Eyres I suggest that the by-law be held over or referred to a committee We should hear both sides.

Aid. Eyres—You would take me to tobacco dealer into my confidence who would sell tobacco to a boy of 12 years. I stand for Aid. McFadden's by-law—let us not wait one minute for the tobaccoists to be heard; it would not be worth the "hot air" we would have to endure.

Aid. Rea would like to combine tobacco with cigarettes, as proposed by Aid. O'Reilly. A license fee of \$50 would be all right. Mr. Carroll told him the profits on the sale of cigarettes was only \$1.50 per 1,000, and if Council imposed a higher license than \$15 he would be out of the game.

Aid. McFadden said he wished to push the cigarette by-law through, and did not believe in any side-stepping.

Aid. O'Reilly—All the side-stepping has been done by the gentleman referred to as a local dealer in tobacco are all reliable men who observe the by-law strictly—it is the corner grocery keepers who sell cigarettes and tobacco to everyone.

The by-law was then read a first time, whereupon Aid. O'Reilly moved that it be referred back to the Finance committee, but no one offered as a seconder.

OTHER BY-LAWS.
Moved by Aid. Mauder, seconded by Aid. Rea, that a by-law be passed authorizing the Mayor to appoint Messrs. McLaughlin & Peel solicitors for the town.

Aid. O'Reilly—"What kind of a motion is that?"

Aid. McFadden—"Why, you're just after repeating the local dealer's story."

Moved by Aid. Fisher, seconded by Aid. Fisher, that by-law No., appointing a member of the Public Library Board in place of F. D. Moore, whose term of office had expired, was read a first time.

Moved by Aid. Rea, seconded by Aid. Mauder that by-law No., prohibiting pedestrians from making a thoroughfare of the public parks, was read a first time.

Council then went into committee on the whole, on the 2nd reading of the Cigarette by-law, Aid. Eyres in the chair.

When the cigarette by-law came up for its second reading Aid. O'Reilly suggested that the word "tobacco" be read in by the Clerk "just to see how it looked."

Aid. McFadden—"It seems to me that Aid. O'Reilly wishes to cause trouble."

Chairman Eyres—"Yes, he appears to be looking for a scrap."

The speaker was at once taken severely to task by Aid. O'Reilly, who read him a severe lecture on his ignorance of his duties as presiding officer, and quoted the rule of Council procedure bearing on the case.

Aid. O'Reilly went to the point out that Aid. Eyres had "wobbled" on the cigarette by-law—first he had desired that it be held over; then he had manifested a sudden desire to have the by-law rushed through for fear the tobaccoists might be heard.

The now aroused Aid. Mauder twisted Chairman Eyres with having apparently forgotten the days when he kept a small corner grocery in Lindsay and sold tobacco and cigarettes.

Aid. Eyres—"That is false."

Aid. O'Reilly—"Didn't you sell tobacco and cigars? I bought them from you occasionally."

Aid. Eyres—"I sold tobacco, but not cigarettes."

Aid. O'Reilly—"I suppose there were no cigarettes then?"

Aid. Eyres—"If we were looking for a Tammany leader, Aid. O'Reilly would fill the bill admirably."

Mayor Vrooman explored the trend of the discussion—it was entirely uncalculated and improper. The by-law had been fully discussed and he believed everyone except Aid. O'Reilly was determined to vote for it.

Aid. Begg (to the belligerents)—You profess to be legislating for the good of the town, but I really think any crowd of boys to be found on a beach ball diamond would be ashamed of the conduct of such advocates."

The several clauses of the Cigarette by-law provide for a license fee of \$50 to sell, and a penalty of from \$1 to \$50 if packages are broken or contain less than ten cigarettes. The by-law will come into effect on Aug. 1st.

The by-laws re-appointing Mr. F. D. Moore on the Public Library Board and relating to trespassing on town parks, were given a second reading without amendment.

Mayor Vrooman—"There's another by-law; Aid. O'Reilly, what about second reading of the Police Commission by-law?"—*Carried.*

Committee then rose.

SUNDARY MOTIONS.
Moved by Aid. Begg, seconded by Aid. Rea, that all deputations to this Council be received and heard only at regular meetings, and with the Mayor in the chair.—*Carried.*

Moved by Aid. Mauder, seconded by Aid. Rea, that the Mayor be authorized to engage Messrs. McLaughlin and Peel as town solicitors pro tem.

Aid. McFadden objected to the firm being given the handling of four or five cases—it was not the understanding of Mr. Hopkins that the job should be given to him. He had been dismissed concerning two or three of the cases likely to go to trial Mr. Hopkins was possessed of special information which the town had paid for, and that knowledge ought to be taken advantage of.

Aid. Mauder endorsed the views of his colleague. He had not voted for that sort of thing.

Aid. Begg—"You voted to dismiss Mr. Hopkins from the position of town solicitor. Aid. McFadden was no one but the first to protest that Mr. Hopkins was not the right man for the position of solicitor."

Aid. McFadden—"What I said in the minute book—I said that he led us into expense in some instances."

Aid. O'Reilly—"The Council's intention at first had been to pass the job among the town lawyers. In that event the cases should be bunched as proposed."

On motion the 10 o'clock rule was suspended.

Aid. McFadden—"Are you aware that Mr. Peel is not a resident of Lindsay? It seems to me that we should give the firm all the business for the next six months."

Mayor Vrooman—"There is only one case so far—the others may not come to anything."

Aid. O'Reilly—"Then define that case in the result; if the others are gone on with we can send them to McLaughlin & Peel or another one. He then offered an amendment in line with his suggestion, but failed to secure a seconder, and the original motion on being put was carried 5-2."

At the request of the Police Commissioners the by-law relating to public morals, with numerous amendments, will be revised and made to conform with the statutes under the heading of a new by-law to be introduced at next meeting.

COMMISSIONER O'NEILL'S REPORT
Pressing Repairs Recommended to Board of Works.

Below we print for the information of our readers the report presented to Council by Street Commissioner O'Neill:

To the Mayor and Council, Town of Lindsay:
Gentlemen,—I beg to recommend the following works to be proceeded with this spring, viz.:

1. That the sanitary sewer and cellar drain on Sussex-st., from Bond to Francis-st., be constructed by day labor.

2. That the granolithic walk on the west side of Lindsay-st., opposite Mr. Dove's property, be banked with earth when cleaning streets, and that the ditching on the west side of Lindsay-st., from Wellington-st. north to the terminus of the granolithic walk, be deepened to allow water lodged near Mr. Dove's property to get away.

3. That Wellington-st., between Albert and Sussex-sts., be graded to allow the water to enter the gully holes on said street.

4. That Mill-st., from Gienelz-st. to Durham-st. be graded.

5. That some means should be provided for carrying off the surface water on King-st. opposite Mr. John O'Neill's residence to prevent the flooding of cellars in that vicinity.

6. That a gully hole be constructed at the corner of Russell and William-st. to connect with the Russell-st. sewer to carry off the surface water in that vicinity.

7. That a connection be made with the box drain from the convent property to the river to carry away the surface water in the hollow south of Ridout-st. near St. Lawrence-st.

8. That a granolithic crossing be built on the south side of Russell-st. across William-st.

9. That a plank crossing be built on the north side of Gienelz-st. across William-st.

10. That a five-foot plank walk be built on the south side of Peel-st. from York-st., to the town wharf, and that the same be built in the form of a starway and landings, plank to be of cedar.

11. That gully holes be placed on William-st. at the north side of Wellington-st. without traps, to connect with the box drain on Wellington-st.

12. That a thirty-inch cedar walk be built on Keat-st. east from St. David-st. to a point about 250 feet west.

BREEZY LOCAL BREVITIES

GATHERED BY POST REPORTERS ON THEIR DAILY ROUNDS

What is Happening in Town and the Country About Us.
—April is here—now for a few local showers.

—Yesterday was April Fool's day. Did you know it?

—Regular monthly meeting of the Council to-night at 7.30.

—This year the C. M. B. A. will run their annual popular excursion to Orillia.

—The Sylvester band will appear in new and brightly military uniforms this season.

—Peterboro carpenters start Monday morning on a new wage scale of \$56. per hour.

—Nordheimer Pianos always on view at W. A. Goodwin's Art Store, Kent-st. See them before purchasing—*widit.*

—Sunlight Soap is better than other soaps, but is best when used in the Sunlight way. Buy Sunlight Soap and follow directions.

—Blue will be extensively worn this coming spring, and poppa will complete the ensemble when the bills start coming in.

—Your money will earn 3-1-2 per cent. on deposit and 4 per cent. on debenture with the Victoria Loan & Savings Co. *widit.*

—It will soon be time for the ladies to make their appearance in Easter hats, or perhaps with no hat at all. That's the cheapest.

—Coughs, colds, hoarseness, and other throat ailments are quickly relieved by Oreoline tablets, ten cents per box. All druggists.

—The furniture factory at Fenelon Falls will likely be rebuilt, as some \$30,000 of outside capital has been subscribed.

—Mr. J. Mitchell, of the G. N. W., has purchased Fynn's well known bus team, at a good figure. He intends to care them, and then put them in good pasture.

—The Victoria Electric Laundry have added to their equipment a new collar shaper, a machine for the turning of collars. It is the only one of the kind in town.

—In our report of the grand opening of the D. & F. store last night we omitted the name of Mr. "Halley" McMillan, assistant in the gents' furnishing department.

—Somebody paid \$6985 for an orchard at an auction sale held in London, England a few days ago. Another case of unwise people and their money being easily separated.

—Messrs. F. Bushnell and J. Dickson paddled down to Green Point last Friday with a lot of traps and provisions as a preliminary to the customary spring muskrat hunt.

—Wm. Scott, of the east ward, was cured from a crippled condition in less than one week, by less than one bottle of Dr. Roscoe's Rheumatic Remedy. Ask him about it.—*widit.*

—The enterprising citizens of Woodville have made arrangements with Adam Dobson of Canbyton to light that village with electricity which is generated in Canbyton.

—British Army pensioners in Lindsay and vicinity will hereafter receive their pension cheques from Ottawa on the 1st of each month, instead of from Halifax, as heretofore.

—The surveyors who are engaged in locating a line from Haliburton to Whitney Jet., on the Canada Atlantic R.R., are making good progress owing to the favorable weather.

—Mrs. F. Mullett, formerly of Dundas & Elgin-sts., has now completed the parlors over Boxall & Matthes for the purpose of dress making, fur remodeling and repairing.—*widit.*

—It has been decided that men may eat dinner at the big restaurants in York with their shirts and evening dress. This is another important triumph for the advocates of personal liberty.
