DEALING WITH SHARES OF THE TORONTO LIFE CO.

Writ Granting Interim Injunction to York Loan Liquidators, Is Returnable Monday, 16th April—Southern Light & Power Co. Under the Lighthouse in the Toronto Police Court—Barrett's Philosophy.

Toronto, April 7.—Yesterday the National Trust Co. issued a writ against the following shareholders in the Toronto Life Insurance Co.: Lillie Daw, 75 shares.

By the writ the liquidators asked for a declaration that the shares of stock of the Toronto Life on the names of the defendants are held by the defendants as trustees for the plaintiffs, and that the plaintiffs are the rightful owners.

Another point to be considered was that the prosecution of Phillips which is bringing out the facts is not costing the York Loan shareholders one dollar.

In the investigation in the Police Court yesterday, Joseph Barrett, managing director of the Southern Light & Power Co., said he had made from \$3.00 to \$5.00 cents in each pole that was bought by the company.

"How much did the Southern Light & Power Co. get from the York Loan Co.?" asked Mr. Curran. "About \$217,000 was paid to Mr. Hicks, the treasurer."

"What was the company paid for the company?" asked Mr. Curran. "The company got good value in these poles."

"The company was formed was the subject of investigation. Mr. and Mrs. Barrett were paid \$32,511 in cash for their property in the Erindale and in addition were to be given \$295,000 in paid-up capital stock of the company. The whole stock amounted to \$300,000, divided into 1,000 shares.

"Who paid these damages?" asked Mr. Curran. "The York County Loan paid them," said Write Alike.

ON CATTLE EMBARGO

Futile Debate in the British House of Commons. GOVERNMENT WAS NEUTRAL

Bill Was Talked Out, the Speaker Refusing the Closure to Bring on Division—Mr. Cairns, the Mover, Declared It Was Eminently Desirable to Remove the Embargo on Canadian Cattle—No Disease.

London, April 7.—(C. A. P.)—In the House of Commons yesterday Mr. Thomas Cairns (Liberal), in moving the second reading of the bill, in the name of the House, to remove the embargo on Canadian cattle, which had been in force since the outbreak of the disease of the cow in 1896, sketched the history of the act of 1896 and the continued hostility that had been shown by reason of the fact that under its provisions foreign, and especially Canadian, cattle could not be landed alive at our home ports.

"What proportion of the people that went in withdrew their money?" asked Mr. Curran. "I don't know. A number of them went in again."

Collected Commission Again. "And the agents collected their commission again?" asked Mr. Curran. "Yes."

"About this loan to the Southern Power Co. in July. Did you know that company was owned by Mr. Phillips?" asked Mr. Curran. "No."

"Did you know it was the York Loan's money that started the Toronto Life?" asked Mr. Curran. "No."

"But you knew that the president gave instructions to the employees of the York Loan to take stock in the Toronto Life?" asked Mr. Curran. "No."

"Did you know anything about the setting apart of \$500,000 for the purpose of the list plan?" asked Mr. Curran. "No, that was before my time."

The investigation was adjourned until Monday under a protest from J. E. Jones, who claimed that the investigation should proceed with haste as his client was in custody.

Scenes in the House. An Outburst of Personalities by Opposition Speakers—Forced to Withdraw Their Statements—Supply.

SCENES IN THE HOUSE.

An Outburst of Personalities by Opposition Speakers—Forced to Withdraw Their Statements—Supply.

Ottawa, April 7.—A debate precipitated by the Opposition yesterday afternoon on a motion to go into supply, continued until 11 o'clock before the House was permitted to take up the business before it.

The tone of the debate was given a decided downward tendency by personalities indulged in by Mr. W. H. Bennett and Col. Hughes, both of whom were peremptorily called to order by the Speaker and were compelled to withdraw their statements after denials by Mr. James Conmee.

Incidentally the Glean's Tomb Island question was again brought to the attention of the House by a reference to a letter in which Mr. W. H. Bennett, some years ago applied to Mr. T. M. Daly, Minister of the Interior, for a lease of the island "on easy terms."

Mr. Hymn declined to discuss the merits of the question until Mr. G. S. Curry, Toronto, and Mr. Hutchinson, Montreal, had reported on the cause of the accident.

Several members continued the discussion on both sides, while many others vainly tried to get the Speaker's eye. Finally the bill was talked out without a division, the Speaker refusing the closure.

Mr. Cairns afterwards said the bill would be put down in the usual way on Monday, but had not much chance of being reached. The impression among the members is that the bill dead.

Compromise Ends Controversy. Vienna, April 7.—After fourteen months of controversy between the throne and the coalition party on the Hungarian crisis, finally has been decided. Both sides express satisfaction with the result obtained.

Vienna, April 7.—The minister of the interior, Baron Ullrich, said that the signing of the protocol would occur at an early date, if not today. He added that when the papers were laid on the table in the House he thought the members would agree that the phrase, frequently used, that there had been "neither victors nor vanquished," expressed the true situation.

Railway Fireman Killed. Woodstock, April 7.—Nineteen-year-old Alfred Norwood, a Grand Trunk fireman of Sarnia, was instantly killed Thursday night in the G. T. R. yards. He had completed raking out the ashes from the ashpan, and was crawling from beneath his engine, not noticing the limited, running at thirty miles an hour, on the adjacent track. The steps of the engine struck and instantly killed him. Norwood had been firing for about three months.

Run Over By Train. Tilbury, April 7.—Fred Webster, a young man from Oil Springs, Ont., jumped from a M.C.R. train in front of another train here last night and had his foot cut off at the ankle.
