当门门门门门 FORCED TO VACATE OUR STORE

The Lindsay public is pretty familiar with the full meaning of this announcement. It means that we are placed in a very peculiar position. Our Lease expires on September 1st next, and our present Landlord has leased the building to another tenant for six months, September 1st, 1906, to March 1st, 1907. He now demands possession by that date, as you will see by the

"Notice to Vacate" served on us by his solicitors, a copy of which we reproduce here.

Firtunately for us the building changes owiers on March 1st, 1907, and we have secured a new lease from that date for a term of years. So don't misunderstand us,

If they are as successful in the remaining half, and Messrs. Staples and McWatters, who have the east ward, do as well there, we will probably have 150 members this year-a very good showing indeed, but just about would not be a bad idea for the large employers to go around amongst est of discovery? their employees and encourage them to join, say, by putting up half the fee.
