

**Wilson's Fly Pads**

will kill all the flies in a room in a few hours.

Avoid Imitations.

This shows how to use them.

**The Weekly Post.**  
LINDSAY, FRIDAY, MAY 23, 1902.

**COMMUNICATIONS**

**CLEAN KENT-ST. WEST.**  
(To the Editor of the Post.)

Dear Sir,—Kent-st. west from Murray's tailor shop to Mr. Kyles' shoe store is a disgrace to a north country village. The road at a distance on the south side consists of old barrels, stones and dirt. Every visitor who comes to town nearly always takes a walk west of our main street, and I am told they open their eyes about a foot when they see the condition in which our sidewalk and roads are kept. Let our Council see to this little affair at once; they know we are going to have large crowds in town on July 1st and 12th, and for money sake don't let these strangers see such a dirty street.—Yours, etc., AN OLD-TIMER.  
Lindsay, May 17th.

**THE RATHBUN CO. DIFFICULTY.**  
(To the Editor of the Post.)

Dear Sir,—I notice in your issue of 19th inst. an article dealing with the Rathbun Co. strike. In the article referred to you say, "you understand the Co. intend shutting down their mill," and "that it may mean their moving to Fenelon Falls, etc." My part, I cannot see how such a move would be to the company's advantage as I presume the employees are required to run a mill at Fenelon Falls would expect treatment similar to that which the Lindsay men look for. I cannot for a moment think that workmen in Lindsay would work with any less judgment than men in other places, or that there were would demand privilege that could be considered unreasonable. Let the claims of the men be considered without any talk about the company moving its mills.

I am in agreement with you that "this is a matter in which the whole town is interested," but I cannot agree with your contention when you say, "a matter for the Council and Board of Trade to deal with." I am confident that the Rathbun Co. are not going to have their mill run down at the same time, from my experience with laboring men, I am sure that they are not going to sacrifice the interests of those dependent upon them by going out on a strike unless they believe they have some real grievance. Would it be in the interest of all concerned that advantage be taken of the labor movement by the Ontario and Dominion Governments, and the difference settled in an equitable manner that would be fair to employer and employee alike.—Yours, GEO. McHUGH.

**THE RATHBUN CO. STRIKE.**  
In reply to an item appearing in your issue of 19th inst. The Evening Post gives the Rathbun Co. a brief reply.

From the item it is stated that the strike under instructions from the Union. This statement is incorrect, inasmuch as it conveys the impression that the men struck for their wages, whereas they actually struck after a fair warning by the Baker. Action was taken as a protest against his conduct in keeping out all part of each man's wages, while at the same time promising to guarantee that the full amount was then being paid, the men placing the men entirely in the mercy of the company in this regard.

The increase and business men here need have no fear that the Rathbun Co. will remove from Lindsay. The trade of this town and county is well worth cultivating by any company. We feel sure the mill and Board of Trade realize the prosperity of the town depends upon the labor movement as proven by their willingness to give substantial bonuses to those who return to their former work. In cases all should be in agreement with the men in demanding the full amount earned by them two weeks and condemn the company of retaining a large part of the wages being withheld from the men's promise of paying the full amount.—Yours, etc., THE COMMITTEE.  
Lindsay, May 16th.

**THE COMMITTEE.**  
We assume all responsibility for the communication in the article referred to by any person having any objection with this paper. The article was included in yesterday's issue in accordance with the Town Solicitor's appearance as a committee with the writer's name attached. That it did not so appear was an unintentional error.

**RATHBUN CO. TERMS OF EMPLOYMENT.**  
(To the Editor of the Post.)

For the information of the Lindsay, and in defence of the action taken by the Rathbun Company, we submit a copy of the terms which every man is bound to accept. A copy of Conditions.

Although the town of Deseronto is one of the busiest lumbering towns in Ontario, it has now decided not to lay any more re-plank sidewalks, and is going in for cement walks.

**Old-Fashioned Methods.**  
Collingwood Bulletin: An example of the economy of concrete is to be seen in the town of Northern Ontario, in the very heart of the lumbering sections, where concrete is now being used instead of timber for culverts. Timber is too expensive for culverts. No township can afford it. Nothing can illustrate more clearly the carelessness of a Council than to find their still using expensive lumber instead of concrete. Municipal township Councilors are beginning to realize the above fact. They have purchased a set of moulds, and it is to be hoped their example will be followed by other Councils.

**Burned to Death.**  
Belleville, May 20.—Wesley Van Wart, an Indian, was burned to death in a barn near Deseronto Saturday night.

**Tammany's New Grand Schemes.**  
New York, May 20.—Justice O'Grady was elected Grand Sachem of Tammany Hall last night.

consent of the company's foreman, and so much in addition by way of bonus as agreed with each man. The wages will be paid every two weeks, and the bonus at the end of the season, when the mill shuts down. The Company will not be bound to pay this bonus, the same being payable at the discretion of the Company who will only be paid to men who remain the whole season and give satisfaction.

**THE COMMITTEE.**  
Lindsay, May 17th.—411.

**THE RATHBUN COMPANY STRIKE.**  
(To the Editor of the Post.)

Sir,—I accept full responsibility for the item in this matter. It was given to you as a matter of news, and every word of it is true. It does not in any way convey the impression that the men struck for higher wages as stated by the Committee, but gives the exact reason of the strike and expresses no opinion thereon, either way.

The men have been sent to Fenelon Falls as stated, and I think you will find steam up there already. There is more danger of losing the Rathbun mill than people have any idea of. They can carry on business here without their mill; they can cut all their logs which will not float at Fenelon Falls, and can take the rest to their mills lower down; and this is what they intend doing. Some time ago, when the question of removal of the mill was discussed, I threw all the cards possible on it—so much so that the company thought I was too much in favor of the town and employed another solicitor to conduct the negotiations. Knowing this, I thought it my duty to call attention to the matter at once, hence the information given you, and can only express my regret that you are so anxious to disavow it.

The public can act on the information or not as they choose. I have done my duty. I did not and have no intention of discussing the merits or demerits of the strike, but when the Committee say the strike struck after a fair warning to Mr. Baker I cannot agree with them. The first intimations were after ten o'clock, and they struck at noon, after stating that night would give him until Saturday night. No one person knows Mr. Baker could not change a regulation which has been in force for years without consulting the Head Office, which he told them would require eight days.—Yours, etc., G. H. HOPKINS.  
Lindsay, May 17th.

**A Correction.**  
(To the Editor of the Post.)

Sir,—In Saturday's issue of the Evening Post I notice a communication signed by The Committee, in which they state that employees of the Rathbun Co. were compelled to sign a copy of the conditions posted up in the mill and the mill office.

In reference to that statement I beg to say that no man was ever asked to sign, or has signed, his name to a copy of said rules or conditions.—Yours, etc., G. H. M. BAKER.  
Lindsay, May 19th.

**The Rathbun Co. Strike.**  
(Evening Post, May 15.)

We understand the men at the Rathbun Co. mill, acting under instructions of the Union, struck at noon to-day. There has never been any previous trouble with the men, who have always been satisfied, but the Union now object to the company keeping back part of the pay to the end of the season. The company, we believe, intend shutting down their mill and starting the Ellis mill at Fenelon Falls, which they have lately purchased. For some years the Co. have been contemplating removing to Fenelon Falls, and it looks as if this strike is going to be the means of Lindsay losing one of its best industries by which the men, our merchants and every person will suffer. Already several of the men who have not struck have been ordered to Fenelon Falls. As this is a matter in which the whole town is interested, we think the Council and Board of Trade should see if something cannot be done. The men who are striking and have homes here will certainly suffer the most.

**Marriage Licenses**

**Three Men in a Boat—A Bear Also.**  
Minden Echo: One day last week as three men, J. Sargeson, J. Conahan and W. Ellis, in the employ of T. Kelly, were going up Varcoe lake after a block of cedar, when they saw a huge bear crossing the lake. They immediately gave chase, and soon came up with him, who, after receiving a few rods of a pike pole, decided he would get in the boat. The men did not want a live bear so close, so they had quite a battle, one man being thrown into the lake, but those in the boat kept the bear engaged till he got into the boat again, when he seized a peevy and death the bear a blow on the head which stunned him, and the rest was easy.

**AMERICAN'S BARBARITY.**  
"Dum Dum" Bullets Used—Unwritten Orders to Take No Prisoners.

Washington, May 20.—During the Philippine investigation before the Senate Committee yesterday Corporal Richard O'Brien, formerly of the 26th Volunteer Infantry, testified to seeing the water cure administered. He also said that officers violated a Spanish woman at one town. "Dum dum" or explosive bullets, he said, were issued to troops in the regular way and did horrible execution.

There were unwritten orders to take no prisoners, which were carried out in one campaign. He did not know who issued the orders. He admitted that he had seen many prisoners, and they were treated kindly by officers and men.

**One Man Killed.**  
New York, May 20.—The ferryboat, Mauch Chunk, collided with a railroad boat yesterday. A man named Castleman was killed.

**Burned to Death.**  
Belleville, May 20.—Wesley Van Wart, an Indian, was burned to death in a barn near Deseronto Saturday night.

**Tammany's New Grand Schemes.**  
New York, May 20.—Justice O'Grady was elected Grand Sachem of Tammany Hall last night.

**Burned to Death.**  
Belleville, May 20.—Wesley Van Wart, an Indian, was burned to death in a barn near Deseronto Saturday night.

**"What We Have We'll Hold."**

Let the farmers compare these figures taken from the market reports:—

May, 1892 (Under Tory Rule)	May, 1902 (Under Liberal Rule)
4 to 4 1/2c.....Fat cattle, live weight.....	5 1/2 to 6c.....
4 1/2 to 4c.....Hogs, live weight.....	6 1/2 to 6 3/4c.....
28c.....Cheese (opened at).....	10 1/2c.....
28c.....Oats, per bus.....	40c.....
58c.....Peas, per bus.....	80c.....

Is it "Time for a change" from these latter figures? The building up of New Ontario has undoubtedly, along with the good government at Ottawa, contributed not a little to these good prices. It is a valuable new market for Old Ontario farmers which will increase in value year by year if Mr. Ross' policy of development is continued. Do farmers want to cast off the substance for the shadow? Should not their motto be "What we Have We'll Hold!"

**VOTE FOR SMALE AND GOOD GOVERNMENT.**

**NATURE'S BLESSING**

**IS FOUND IN HEALTH, STRENGTH AND FREEDOM FROM PAIN.**

This Gift is Meant For All—On it the Happiness and Usefulness of Life Depend—Without it Life is an Existence Hard to Endure.

Health is nature's choicest gift to man; and should be carefully guarded. Ill health is a sure sign that the blood is either insufficient, watery or impure, for most of the diseases that afflict mankind are traceable to this cause. Every organ of the body requires rich, red blood to enable it to properly perform its life-sustaining functions, and at the first intimation that nature gives that it is not well the blood should be cared for. Pur- gative medicines will not do this. It is a tonic that is needed, and Dr. Williams' Pink Pills have been proved to be the world over the best medicine for one end of the kind to the other. From one end of the world to the other will be found grateful people who seriously acknowledge that they owe their good health to this great medicine. Among the names of Dr. Williams' Pink Pills, a prominent young man from St. Jerome, Quebec, writes: "For some years I was a great sufferer for over four years. I became irregular and everything I ate felt like a weight in my stomach. I tried several remedies, but to no avail and I grew worse as time went on. I became very thin, suffered much from pains in the stomach, and was frequently seized with dizziness. One day a friend told me of the case of a young girl who had suffered greatly from this trouble, but who, through the use of Dr. Williams' Pink Pills had fully regained her health and strength, and strongly advised me to try these pills. I was so eager to find a cure that I acted on his advice and procured a supply. From the very first my condition improved and after using the pills for a couple of months I was fully recovered to health, after having been a constant sufferer for some years. It is now over a year since I used the pills and in that time I have enjoyed the best of health. This I owe to that greatest of all medicines, Dr. Williams' Pink Pills, and I shall always have a good word to say in their behalf."

Through their action on the blood and nerves these pills cure such diseases as rheumatism, sciatica, St. Vitus' dance, indigestion, kidney trouble, partial paralysis, etc. Be sure that you get the genuine with the full name, Dr. Williams' Pink Pills for Pale People, on every box. If your dealer does not keep them they will be sent post paid at 50 cents a box or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

**FROM HOPE TO PRISON.**  
But It Did Not Avail Montreal and Quebec Has Triumphed.

Montreal, May 20.—Col. Gaynor and Capt. Greene were removed from the Windsor Hotel to the common jail of the Montreal district. Judge LaFontaine afternoon at 5 o'clock shall remain in prison until the extradition proceedings are resumed on Friday next. It is believed that the change was considered necessary in view of the fact that threats were made by Quebec people to have Gaynor and Greene back to the Ancient Capital, quite a coup.

**Taken to Quebec.**  
Quebec has for the moment triumphed. A special train left Quebec yesterday afternoon at 5 o'clock, and the officials reached here armed with an order from Judge Andrews. Gaynor and Greene were hustled off to the Ancient Capital, Mr. Macmaster, K.C., and Chief Carpenter went by the regular train.

**ELECTION CAMPAIGN.**

Monday's Event Was Visit of Premier Ross at Chatham.

**MR. WHITNEY'S INCONSISTENCIES**

The Liberals of the Two Kents Gathered to De Honor to their Leader—Eloquent Gospel of "Build Up Ontario" Preached by its Most Consistent and Aggressive Champion.

Toronto, May 20.—What is practically the last week of the Provincial campaign started yesterday. The event of the day was the visit of Premier Ross to Chatham, where a magnificent demonstration occurred in his honor. His speech was an eloquent exposition of the progressive policy of his administration. Mr. Whitney has gone to his constituency, where he will spend most of the week. The registrations in Toronto last week were within a shade of 14,000, a number which goes to show how thorough an interest is being taken in provincial politics by the young men, for whom registration is especially intended.

Premier Ross speaks this afternoon at Simcoe. Arrangements are well forward for the great Liberal demonstration fixed for Tuesday evening of next week in Massey Hall.

Premier Ross at Chatham.

Chatham, May 20.—That Western Ontario is interested no less than the Georgian Bay counties and the cities of the east in the development policy of Premier Ross was emphatically shown at a large political gathering here last night. The Liberals of the two Kents came to do honor to their leader and to hear the gospel of build up Ontario preached by the eloquent, consistent and aggressive apostle that he is, besides displaying their enthusiasm for their honored chieftain in an imposing street procession. The Liberal and Independent electors filled the large opera house at last night's meeting to its utmost limit, hundreds having to stand throughout, and this they willingly and patiently endured, and the interest and enthusiasm never flagged. Mr. Ross, who in a trenchant manner expounded some of Mr. Whitney's inconsistencies, was ably supported by Senator Landerkin of Grey, who delivered his first speech in the Ontario legislature. The Senator was in his usual happy vein, and as he dealt some home thrusts in a sarcastic manner he was cheered repeatedly. Chatham is located in West Kent, in which Mr. T. L. Pardo, ex-M.P.P., is the Liberal candidate. Mr. Ross spoke also in the interests of Mr. John Lee, ex-M.P.P., the candidate in East Kent. Both are excellent candidates and the prospects for their re-election are very bright.

**POLITICAL POINTERS.**

The prohibitionists of North Norfolk decline to bring out a candidate. Hon. Mr. Davis and W. S. Calvert, M.P., spoke Monday night at Stratroy in the interests of the Hon. Mr. Ross.

**FISHERIES CONFERENCE.**

Delegates from the Provinces Have Arrived at Ottawa.

Ottawa, May 20.—Representatives of the Federal Government and the several Provincial Governments, excluding British Columbia and Manitoba, will meet here to-day to discuss questions relating to the fisheries, more especially the foreshore fisheries. The conference will begin at 11 o'clock and may last a couple of days. Hon. James Suberland, Hon. A. G. Blair and Hon. Charles Fitzpatrick will represent the Federal Government, and the following will act for the provinces: Ontario, Mr. S. T. K. Quebec, Premier Parent, Hon. H. T. Duff and Mr. L. J. Cannon, Assistant Attorney-General; New Brunswick, Premier Tweedie and Attorney-General Pugsley; Nova Scotia, Premier Murray and Hon. J. W. L. L. Attorney-General; Prince Edward Island, Premier Peters, Hon. John T. Whear and Hon. Peter McNutt. All the delegates have arrived, with the exception of Premier Tweedie and Attorney-General Pugsley of New Brunswick. It is not known how long the conference will last, but it may occupy a couple of days. Hon. George Murray intends to go from here to Toronto. British Columbia is unable to take part in the conference, and her interests will be considered at a later date. Manitoba is not particularly concerned.

**SLAYS A RELIGIOUS FANATIC.**

Dawson, Yukon, May 20.—Joseph McDonald, superintendent of the Tredegold Mines on Douglas Island, Alaska, shot and killed Nick Jones, a religious fanatic. Jones claimed that God had appointed him to have McDonald close the mines on Sunday and McDonald was warned. When the men met, Jones told McDonald that his time had come, and attempted to pull his gun. Before he could do so, however, McDonald shot him. He died within an hour. The coroner's jury exonerated the slayer.

**CHARGED WITH BIGAMY.**

Curtis Disher and Mrs. Klock to be Tried by a Judge.

St. Catharines, May 20.—Curtis Disher of Jordan and Mrs. William Klock appeared before Magistrate Comfort, charged with bigamy. Only two witnesses were examined. The woman's husband (William Klock) and Rev. R. Ker. Klock testified to having been married to the woman on Oct. 18, 1900, and Rev. Mr. Ker to having performed the second ceremony on Wednesday night last. Some time ago Klock and his wife, who the seemingly had not lived happily together, drew up a bill of separation, and thinking this equal to a divorce the woman married again.

**A FIERCE HURRICANE IN INDIA.**

Great Damage in the Province of Scinde, India.

Bombay, May 20.—A destructive hurricane has swept over the Province of Scinde, British India. Forty miles of the Scinde Railroad were washed away, and bridges, houses and embankments disappeared. Fifty miles of telegraph wires were also destroyed. Many lives were lost.

**Five Persons Killed.**

Lacrosse, Wis., May 20.—News reached here yesterday morning from Preston, Minn., near here, on the Dubuque division of the Milwaukee road, that a water spout struck a few miles from there last night, demolishing the country for miles around. Four unknown persons were drowned, and Alderman Conkey was killed by lightning.

**The Premier Leaves Ottawa.**

**WE ARE READY for the BIGGEST MUSLIN SEASON in Years**

We saw it coming. We are prepared for it. We are showing so many Fine, New, Exclusive Designs that we hardly know which deserves first mention.
