At Liberal Committee. Rooms ANOTHER GRAND RALLY ON SAT-URDAY EVENING.

Addresses by Mr. McKay, Mr. R. J. Mc-Laughlin and Mr. Isaac Smale.

Any person desiring knowledge and on education on political questions should attend the Reform Rooms. It's worth any ambitious young man's steer 950 lbs., cow 1025 lbs. R. Howwhile to be present at the meetings | den, West Ops, helfer 870 lbs. Brian way) the important issues of the campaign, the meetings so far being of the cleanest kind, and nothing mean or nasty having been mentioned about Mr. Fox. We understand that kind of feeling does not exist at the other rooms, and the Grits are called everything that is nasty and bad. Saturday night's meeting was au-

other to be added to the list ofbumper houses. If the attendance increases the Reform Association will be forced to secure another room to accommodate the enthusiastic multitude. The program as usual was good and the speaking excellent. The audience, comprising all classes of citizens and many farmers from Ops and Mariposa, was full of enthusinson, and the cheering was hearty and frequert. Mr. N. F. Black was chairman, and after a few brief remarks called on Mr. Bruce Paton for a vocal selection. Mr. Fred. Routley entertained the audience with a couple of campaign songs. Mr. Robert McKay, a bright young

man in attendance at the Collegiate Institute, whose father is a stiff Conservative, spoke briefly. In his opinion Mr. Ross and his Government were entitled to another term, as they were capable and experienced officials, and Optario could not afford, in this era of prosperity, to be without ther services. He did not believe in the old adage, "Be a Coonservative because your father is one." or vice versa. Young men should vote in the best interests of the country. Mr. McKay handled the educational system from a student's standpoins, and explained the defects in Mr. Whitney's statements on that question and others. He then took his seat aguidst great cheering.

Mr. R. J. McLaughlin followed, and for nearly an hour he handled in an abie and ficent way the Government policy of building up Ontario. His explanations of the pulpwood concessions, the subsidizing of railways, the development of New Ontario, the agreement made with the Clergue syrdicate and the labor question were therough and convincing. He spoke of Mr. Smale's chances in the northport of the riding, saying they were bright for his election on the 29th

speech on behalf of his son, and a tice. He was ambitions, and pugnafew minutes before the meeting closed cicus, and had several perilous ada Labor Union representative from ventures such as do not commonly expects to enter upon his duties early Peterboro advised all persons connected with unions to vote Liberal. Hen J. R. Stratton, the people's candidate, was zoin zto carry West Peterbore by a larger majority than ever, as he was found to be a f riend of the laboring man.

The usual cheering for Mr. Smale and Premier Ross brought the meetgram this evening at the Reform Rooms, other meetings demanding the attention of the committee in charge.

THE MANHOOD SUFFRACE VOTE.

Nearly 500 Names to the List Monday and Tuesday.

The Registrars of Manhood Suf-

frage voters put in a busy time or Monday and Tuesday, there being a very large number of new names added in each ward in town. The registrations were as follows; North Ward, 142; East Ward, 129; South Ward, 207,; total 478. A number of appeals remain to be disposed of at the supplementary sittings of the Court

The great majority of the new names added are those of young men who will cast their first vote at the coming election on May 29 for either Mr. Fox or Mr. Smale. Their decision will decided who shall represent West Victoria fro the next four years, and the party workers on both sides are trying to size up the vote as accurotely as possible. Mr. Smale, being a young man, and popular, should receive the support of all young men who feel that fitness, and not grey hairs, should be the test of their advancement

We take the following extract from last week's issue, feeling sure that the members of our several councils will be properly impressed by the commendable enterprise in road building displayed by the residents of the countles mentioned almost half a century ago; The Council of the United Counties of Huron and Bruce have passed a bylaw to expend \$300,000 on gravel reads in the County of Bruce. Accordingly the rejoicing throughout that county on receipt of the news was on a great scale. Bon-fires were lit and the whole population was enthusiastic. It is believed that the action of our own County Councill n regard to graves roads was in strumental in bringing about this result amongst our neighbors.

Principal Grant's Boyhood.

When Principal Grant was a boy he was fonder of play than of hi lessons says an authority, and always ready for a scrumble, or Mr. Isaac Smale made a short | holiday, or a fight at a moment's nofall to a boy's lot. On one occasion in July. he was thrown into the East River at Picton by a big boy with whom he had been fighting, and to whom he refused to acknowledge himself beaten. His antagonist left him to scramble out of the river or drown. He and some of his playfellows, for the mere love of muschief, were experimenting with a hay cutter in the absence of the owner. Young Grant's hand was caught by the knife and completely taken off. The deprivation never seriously inconvenienced him, and he was often known to say. "I do not know what I would do with a second hand if I had it."

Sylvester Co. Agent in Trouble.

Toronto Evening News, Friday This morning Seath Cooper, a Toronto man, was placed on trial on double-barrelled charge of theft from his former employers, Sylvester Bros., of Lindsay, Ont. Cooper was employed by the manufacturers as an agent, with power to make his own terms with customers. Cooper made a sale of goods to a Mr. Duggon, of Toronto, and, it is alleged, failed to either report the sale or forward the cash payments. The shipment, which consisted of two pump heads, was valued at \$15. Mr. Richard Sylvester, manager of the company, testified that Cooper had been allowed to deduct his soury and expenses from his collections. The defence is a denial of the

A Terrible Penance.

A correspondent of the London Spectator tells how a young man came to confess to an Irish priest in London, whose experience of the humors of his fellow-countrymen would | 1. fill a book, "Well, my man," said the priest, "and how do you carn your living?" 'I'm a nacrowbat, your riverence." The priest was nonplussed. "I'll show ye what I mane in a bracce of shakes," said the penitent, and in a moment was turning himself inside out in the most approved acrobatic fashion in and out of the pews. An old woman who had followed him to confession looked horridled. "When it comes to my turn, Father," she gasped, "for the love of God, don't put a pinance on me like that; it 'ud be the death of me!"

The Temperance Cause In Canada. (Review, of Reviews.)

Whatever may be the result of the vote, it is quite clear, that the cause of temperance in Ontario,-and, indeed, it the Dominion,-will not deviate from its onward march. Shie by side with the long-continued prohibition agitation have been successful efforts in bringing about a greater stringency in the license laws. Strong restrictions have been made in the sale of liquor as it applies to certain persons, hours and legal hoilcays. The reduction of licenses during the past quarter of a century has also been most marked. In Ontario, during this period, tavern censes have beer reduced from 4,796 to 2,261 shop licenses from 1,307 to 308, wholesoie licenses from 52 to 21 and vessel licenses from 33 to none This d-crease represents 1 license (Ot people, as against 1 license 278 people twenty-five years ago. the 756 organized municipalities 141 have no tavern licenses, 435 have not Mr. Louis Heyd, K.C., will conduct | more than two, while 625 are without meetings at Pleasant Point on May a shop license.
